The Unsinkable Herr Goering Ian Cassidy, 2012-09-19 Contrary to what the so called history books tell you Hermann Goering Hitler s Deputy Head of the Luftwaffe and second most powerful man in Nazi Germany did not leave this world courtesy of a cyanide tablet secreted in the heel of his jackboot minutes before his appointment with the hangman The truth is far more bizarre THE UNSINKABLE HERR GOERING is a monumental debut novel by Ian Cassidy It follows Goering a man blindsided by hubris on his attempted escape from both Germany as well as from the Allies and the inept men of mettle who put a stop to it It is a hilariously depraved story of villainous villains slightly less villainous heroes bad behavior and even worse beer and uncomfortable underwear Not since A Confederacy of Dunces has a book brought to life such audaciously flawed characters It gets so much wrong yet so much right

and most feared men in the Third Reich An obsessive bureaucrat it was Bormann who helped steer Hitler's apparatus of terror so effectively that he became the clandestine ruler of Nazi Germany After joining the Nazi Party in 1927 Bormann rose through its ranks Indeed by July 1933 Bormann had maneuvered himself into the position where he became the Chief of Cabinet in the Office of the Deputy Führer Rudolf Hess In this role Bormann gradually consolidated his power base so that when Hess carried out his infamous flight to the United Kingdom in 1941 Bormann stepped into his shoes As the head of the Party Chancellery Bormann took control of the Nazi Party By the end of 1942 he was Hitler's deputy and his closest collaborator With the Führer increasingly preoccupied with military matters Hitler came to rely more and more on Bormann to handle Germany's domestic affairs On 12 April 1943 Bormann was appointed Personal Secretary to the Führer Feared by ministers Gauleiters civil servants judges and generals alike Bormann identified strongly with Hitler's ideas on racial politics destruction of the Jews and forced labor and made himself indispensable as the Führer's executioner Cold as ice he decided the fate of millions of people In January 1945 with the Third Reich collapsing Bormann returned to the Führerbunker with Hitler Following Hitler's suicide on 30 April Bormann was named as Party Minister thus officially confirming his rise to the top of the Party Late the following day he fled from the bunker to escape the encircling Red Army his fate remaining a mystery for many years In October 1946 he was found guilty in absentia by the International Military Tribunal at Nuremberg and sentenced to death Drawing heavily on recently declassified documents and files the historian and journalist Volker Koop reveals the full story of the most faithful member of Hitler's inner circle an individual who whilst little known to the German people became the second most powerful man in the Third Reich Praise for Martin Bormann Hitler's Executioner An unbelievable monster but people still need to know about him and what he did here fulfilled by Volker Koop who simply doesn't hold back Books Monthly UK

Legislating The Holocaust Karl Schleunes, 2018-02-23 From April 1933 to early 1943 Bernard Loesener served as the official Jewish Expert in the German Third Reich's Ministry of the Interior the government body responsible for the Nazi's legislative assault on German Jewry In that role he personally drafted much of the legislation the Nuremberg Laws of 1935 preeminently that gradually dispossessed disenfranchised and dehumanized the Jews of Nazi Germany During the first six years of Nazi rule the seminal period of government sponsored anti-Semitism Loesener kept the minutes of many crucial high level inter ministerial conferences concerned with the Jewish Question As observer and participant his experiences were virtually unparalleled In 1950 Loesener penned a memoir that sought to explain and justify his actions during the ten year escalation of Nazi oppression that resulted to Loesener's professed horror in the Final Solution It was published in 1961 in German by the journal Vierteljahrshefte fuer Zeitgeschichte It has never before appeared in English until now in *Legislating the Holocaust* *Physics and National Socialism* Klaus Hentschel, 2011-10-03 1 Aim and General Description of the Anthology The purpose of this anthology is to introduce the English speaking public to the wide spectrum of texts authored predominantly by physicists portraying the actual and

perceived role of physics in the Nazi state Up to now no broad and well balanced documentation of German physics during this time has been available in English despite the significant role physics has played both politically e g in weaponry planning and ideologically e g in the controversy over the value of theoretical Jewish vs experimental Aryan physics and even though prominent figures like the scientist philosopher and emigre Albert Einstein and the controversial nuclear physicist Werner Heisenberg have become household names This anthology will attempt to bridge this gap by presenting contemporary documents and eye witness accounts by the physicists themselves Authors were chosen to represent the various political opinions and specialties within the physics community omitting some of the more readily accessible texts by leading physicists e g Einstein Heisenberg Lenard in favor of those by less well known but nonetheless important figures e g Finkelburg Max Wien Ramsauer In this way we hope not only to circumvent the constricted Great Men approach to history but also to offer a broader picture of the activities and conflicts within the field and the effects of the political forces exerted upon them
