A Hope-Filled Journey Under His Sky Bruce George Allder, 2016-10-27 This book is a very personal reflection on the life of Belinda BJ Allder a young missionary whose life was cut short through cancer Her father Bruce a Christian pastor and educator explores the influences that shaped BJ into an effective missionary who impacted many people around the world BJ s own reflections of her journey of life and faith through the battle with cancer are shared through excerpts from her own daily journal While the emotions expressed are raw there is a celebration of life and grace in the midst of tragedy In this authentic and intellectually honest reflection the focus is on serving in the midst of suffering How does one make sense of unanticipated and devastating circumstances that came the way of BJ and her family How does one lean into suffering and allow that response to make a significant impact How does a pastoral family deal with the faith questions that inevitably come as a result of this journey of suffering These are some of the questions explored through the retelling of specific events in the life of BJ Allder and her family

Corruption in South Africa's liberal democratic context F. P. Kruger, Ben J. de Klerk, Gert Breed, H.J.C. Pieterse, J.M. Vorster, Rudy A. Denton, Friedrich Wilhelm De Wet, 2016-12-31 This collected work written primarily by practical theologians reflects on the phenomenon of corruption in the liberal democracy of post apartheid South Africa Liberal democracy has considerable salience in the contemporary world Not only is it the form that many of the world s most powerful and influential nations approve of but it is a political system that has been tried and used by many developing countries South Africa is described as predominantly Christian and in such a context corruption should not be expected However it is strongly prevalent and undermines the values of both democracy and Christianity Not only does corruption promote a general lack of trust in institutions and leadership but it stimulates a perpetual culture of corruption that invades all spheres of life The book suggests strategies for redressing the current culture of corruption Although the chapters

represent different perspectives the shared objective is to emphasise that corruption is unethical as well as to describe and explain why it is taking place and how the situation should appear The explanation focuses on the negative consequence of corruption it does not respect human dignity or the otherness of others it exacerbates poverty it weakens religious values and norms and it is not conducive to social cohesion in the country The authors also share the theological premise that God is present in this world In the kingdom of God believers are encouraged to participate in the clean up process which includes combating the phenomenon of corruption

Ecclesial Leadership as Friendship Chloe Lynch, 2019-03-01 When it comes to talking about the activity of directing the church the language of leadership and leaders is increasingly popular Yet what is

leadership and how might theological narratives better resource the discourse and practice of leadership in ecclesial contexts In identifying and critiquing managerialism as a dominant narrative of leadership in the Western church this book calls for an alternative approach founded on the concept of friendship Engaging with the wider field of leadership studies the book establishes an understanding of leadership activity and brings it into conversation with an incarnational ecclesiology The result is a prophetic reimagining of ecclesial leadership in terms of a relational kenotic praxis This praxis of mutuality and love is framed here in the rich language of Christian friendship The book also wrestles deeply with the embodiment of such a praxis making explicit the power behaviours typical of friendship leadership and offering constructive guidance for practitioners in the task of implementation within a complex and fractured world This book offers a new vision of the centrality of friendship to leadership of a healthy church community As such it will be of great use to scholars of practical theology ecclesiology and leadership as well as practitioners in church ministry
