Tales Told Sometimes in Earnest 2nd Edition David J. Pilling, 2011-08 What is the human mind What is its template The mind reveals itself in what it does Do not to ask what the mind is but ask what it does and be not preoccupied how it does it A piece of wood with metal attach to one end does not tell us the nature of the hammer But driving a nail with such a metal wood object reveals the nature of the hammer So it is with the mind Its nature is revealed in what it does But who is the human mind Is it your being or your features Three hundred and fifty stories bring us closer to the answer The mind is put to work because we are drawn inexorably into the future and always with a degree of uncertainty sometimes watchful other times unaware of what will happen next and many times not wanting to know The purpose of the mind is to know what will happen next
