Hartley Amos Tutuola Sylvia Townsend Warner Samuel Beckett Patricia Highsmith Chinua Achebe Isak Dineson Alan Sillitoe Ivy Compton Burnett Grace Paley Harper Lee Olivia Manning and Mordecai Richler *Singled Out* Virginia Nicholson, 2008-10-29 Almost three quarters of a million British soldiers lost their lives during the First World War and many more were incapacitated by their wounds leaving behind a generation of women who raised to see marriage as the crown and joy of woman's life suddenly discovered that they were left without an escort to life's great feast Drawing upon a wealth of moving memoirs *Singled Out* tells the inspiring stories of these women the student weeping for a lost world as the Armistice bells pealed the socialite who dedicated her life to resurrecting the ancient past after her soldier love was killed the Bradford mill girl whose campaign to better the lot of the War spinsters was to make her a public figure and many others who deprived of their traditional roles reinvented themselves into something better Tracing their fates Nicholson shows that these women did indeed harbor secret sadness and many of them yearned for the comforts forever denied them physical intimacy the closeness of a loving relationship and children Some just endured but others challenged the conventions fought the system and found fulfillment outside of marriage From the mill girl turned activist to the debutante turned archeologist from the first woman stockbroker to the business girls and the Miss Jean Brodies this book memorializes a generation of young women who were forced by four of the bloodiest years in human history to stop depending on men for their income their identity and their future happiness Indeed *Singled Out* pays homage to this remarkable generation of women who changed by war in turn would change society *Britannia's Glory* Emily Hamer, 2016-10-06 This title traces the lives of individual lesbians against the background of the politics and history of the 20th century and shows the infinite variety of ways in which lesbians made their lives in Britain This history has relevance to contemporary life and politics within the lesbian community British lesbians have a long tradition of diversity of action of success and of pride which is documented here **British Fiction After Modernism** M. MacKay, L. Stonebridge, 2007-01-08 This collection of essays offers a wide ranging and provocative reassessment of the British novel's achievements after modernism The book identifies continuities of preoccupation with national identity historiography and the challenge to literary form presented by public and private violence that span the entire century *This Working-Day World* Sybil Oldfield, 2022-08-24 Originally published in 1994 *This Working Day World* is lively collection of essays presenting a social political and cultural view of British women's lives in the period 1914-45 The volume describes women's activities in many different areas ranging from the weekly wash to the rescue of child refugees Each essay from an international list of contributors is based on new research which will complement existing studies in a range of disciplines by adding information on among other topics women's teacher training colleges and women in the BBC in medical laboratories and in Art schools The book does not however idealise women the militarism and racism of the period infected women too and this is revealed in the account of women in the British Union of Fascists and the analysis of the Pankhursts merging of patriotism and gender

issues Through studies and personal accounts This Working Day World reveals past issues that are still pertinent to debates in today's society As we read the chapter on the recently discovered Diary of Doreen Bates which outlines possibly the first female civil servant campaign for rights as a single mother we hear echoes of issues being discussed today Indeed as we approach the end of the century it is a good moment to look back and re-evaluate areas and degrees of progress or the reverse in society and in British women's lives in particular With its unusual photographs this accessible and informative collection provides a rich resource for students in twentieth century social and cultural history and women's studies courses and an enlightening volume for general readers

Studies in the New Testament J. Duncan M. Derrett, 2023-10-16. This, the sixth and final volume of Derrett's *Studies in the New Testament*, includes a Concordance to the 103 studies of the set. It gives further examples of the use of Hebrew scripture, halakha, and haggada by Paul, the evangelists, and putatively by Jesus himself. Examples are given of a responsible use of Jewish materials to convey as well as to advertise the gospel. The lifestyle which is promoted is widely claimed to be a form of Judaism. The studies in this set of volumes permit the suspicion that it cannot be comprised within any established definition of Judaism.
