Christianity and Imperialism in Modern Japan

Emily Anderson, 2014-10-23 *Christianity and Imperialism in Modern Japan* explores how Japanese Protestants engaged with the unsettling changes that resulted from Japan's emergence as a world power in the early 20th century Through this analysis the book offers a new perspective on the intersection of religion and imperialism in modern Japan Emily Anderson reassesses religion as a critical site of negotiation between the state and its subjects as part of Japan's emergence as a modern nation state and colonial empire The book shows how religion including its adherents and the state's attempts to determine
