framework has emerged as one of today's most effective ways to structure schools. Multi-age Learning Community (MAC) Program is a professional development program in action. It presents a framework that can transform schools from a graded system to a multi-age learning environment. This multi-age school targets students' individual and personal needs and allows students to excel and succeed. The school reform climate today focuses on schools of choice and building effective school environments. This multi-age program creates a unique school niche that is marketable to families. Parents have the option of sending their children to schools that concentrate on achievement that best meets the needs of the learner without disrupting the mandates of the curricula. This book is intended to assist educators at all levels of all school organizations as well as give policymakers, educators, and parents the information on an effective school program. This book gives information on how to transform schools into multi-age classrooms. This book is divided into four parts that explain both the theory and the practice of effective strategies for the multi-age school program: Organizational Practice, Building Culture, Learning Processes, and Assessment and Systemic Improvement. There are specific basic principles and practices that are integrated into a quality and effective framework discussed in the chapters of this book. Each chapter begins with a vignette based on my experiences in multi-age schools and concludes with an educator's reflection to recap the concepts in the chapter. Each chapter also integrates snapshots that are short real-to-life passages that bring to life concepts discussed in the chapter. Although this book discusses multi-age schools, these ideas may be applied to all school environments. To accommodate all school programs, at the end of each chapter, a section titled "Application for All Schools" is a framework that discusses just how to apply chapter concepts in any school or classroom program. It is recommended that the reader review the book one time in sequence and then reread each chapter as needed to give meaning to the reader's purpose.

A small town judge finds drama, danger, and murder at an oceanside work conference in this fifteenth entry in the award-winning mystery series. Maron's homespun evocation of people and place is typically pitch-perfect; her use of the judicial milieu skillful, and her engaging heroine as welcome a companion as you could wish for under a beach umbrella. Publishers Weekly. When Judge Deborah Knott travels to Wrightsville Beach for a summer conference for North Carolina District Court Judges, she stumbles upon the body of one of her colleagues. Meanwhile, Deborah's husband, Sheriff's Deputy Dwight Bryant, is in Virginia with his son, tying up loose ends left by the death of his first wife. When another judge is found murdered at the conference, it soon becomes evident that Deborah may be the killer's next target. Her relaxing trip to the seaside soon transforms into a harrowing experience, and she must summon all her strength and investigative expertise to track down the culprit before she becomes the next victim. Maron is a pro, and *Sand Sharks* is up to her usual standard. As Deborah breezily narrates the details, the author spins out a scenario with plenty of intriguing characters and possible suspects and enough false leads to keep readers
