Mother Box and Other Tales Sarah Blackman, 2013-10-04 The eleven stories and one novella of Mother Box and Other Tales bring together everyday reality and something that is dramatically not in compelling narratives of new possibilities In language that is both barb and bauble bitter and unbearably sweet Sarah Blackman spins the threads of stories where everything is probable and nothing is constant The stories in Mother Box and Other Tales occur in an in between world of outlandish possibility that has become irrefutable reality a woman gives birth to seven babies and realizes at one of their weddings that they were foxes all along a girl with irritating social quirks has been raised literally by cardboard boxes a young woman throws a dinner party only to have her elaborate dessert upstaged by one of the guests who as it turns out is the moon Love between mothers and children is a puzzling thrum that sounds at the very edge of hearing a muted pulse that nevertheless beats and beats and beats In these tales the prosaic details of everyday life a half eaten sandwich an unopened pack of letters on a table take on fevered significance as the characters blunder into revelations that occlude even as they unfold Materia Medica Pura Samuel Hahnemann, 1846 **Mystical Myra** Robert Dean Vaughn, 2007-05-08 Myra is not your average woman she never has been not in millions of years From a pampered princess to a wilderness in the sun to a prison in the desert to a place in the heart of every person she happens to meet This is the story of her sojourn on the Earth This is her struggle for freedom and survival The Apache Indians call her Child of the Sun Ruben Hawken called her wife and lover and the mother of my children She's a loving nurturing spirit with the power to influence for good She heals that's what she does Myra is more than victorious but not without setbacks and hardship and the patience of Job You've got to love Myra can't help yourself Don't you find that just a little suspicious I'm a cynic so I certainly do But what do I know I can't seem to get past that ridiculous Nutsoid sign **The Remembered Soldier** Anjet Daanje, 2025-05-13 FINALIST for the 2025 NATIONAL BOOK AWARD for TRANSLATED LITERATURE Superb In its dangerous admixture of truth and reassembled reality The Remembered Soldier develops an unforgettable picture of marital love Sam Sacks in The Wall Street Journal An extraordinary love story and a captivating novel about the power of memory and imagination Flanders 1922 After serving as

a soldier in the Great War Noon Merckem has lost his memory and lives in a psychiatric asylum Countless women responding to a newspaper ad visit him there in the hope of finding their spouse who vanished in battle One day a woman Julianne appears and recognizes Noon as her husband the photographer Amand Coppens and takes him home against medical advice But their miraculous reunion doesn't turn out the way that Julianne wants her envious friends to believe Only gradually do the two grow close and Amand's biography is pieced together on the basis of Julianne's stories about him But how can he be certain that she's telling the truth In *The Remembered Soldier* Anjet Daanje immerses us in the psyche of a war traumatized man who has lost his identity When Amand comes to doubt Julianne's word the reader is caught up in a riveting spiral of confusion that only the greatest of literature can achieve Reading group guide to *The Remembered Soldier* is available for download free of charge at newvesselpress.com **Torn 3: Surviving the Human Snake Pit** Ella Johnson, 2017-07-17

Torn 3 Surviving the Human Snake Pit is a continuation of the passion and pain that exists in the life of Melissa MeMe Thomas Williams Torn 2 ended with a nail biter after Melissa received a message on her phone that will change everything and in this book you'll finally see what was actually on that text message that tests Melissa's faith in God all the more Now that she's divorced and living the single life again she finds nothing wrong with igniting old flames but is there enough heat between her and an ex lover to keep the flame burning or will she get too close and end up getting burned It's no secret that in times of trouble we tend to run to the church for spiritual restoration But is it enough to keep a troubled Melissa on the straight and narrow path or will she meet someone whose troubled past sends them both to a point of no return New to the Miami scene and fresh out of Louisiana Bradford James arrives into town but what is he running from Torn 3 *Surviving the Human Snake Pit* is based on true events that will leave you speechless in tears and cheering for Melissa's survival from the human snakes that are lurking at every corner of her life Will there be a rainbow at the end of this storm Or better yet who will be at the end of the storm After reading this book you will be so inspired that you'll begin to jump off the cliffs in your own life without worrying if the parachute opens or not **On Believing** David Hunter, 2022-03-31 Developing original accounts of the many aspects of belief *On Believing* puts the believer at the heart of the story Hunter argues that to believe something is to be in position to do think and feel things in light of a possibility whose obtaining would make one right The logical aspect is that being right depends only on whether that possibility obtains The psychological one concerns how that possibility can rationalise what one does thinks and feels But Hunter argues beliefs are not causes capacities or dispositions Rather believing rationalises because possibilities are potential reasons Hunter also denies that believing is a form of representing The objects of belief are possibilities not representations and belief states are not themselves true or false Hunter defends this modal view against familiar objections and explores how objective and subjective limits to belief generate credal illusions and ground credal necessities Developing a novel account of the normativity of belief he argues that voluntary acts of inference make us responsible for our beliefs While denying that believing is intrinsically normative Hunter

grounds the ethics of belief in attributive goodness Believing something is to our credit when it shows us to be good in some way and what we ought to believe depends on what we ought to know and not on the evidence we have The ethics of belief Hunter argues concern how a believer ought to be positioned in a world of possibilities Uncanny Magazine Issue 35 Jenn Reese,Tina Connolly,Chinelo Onwualu,Aliette de Bodard,M Evan MacGriogair,Mari Ness,Jordan Taylor, P.
