Abuse of Discretion Clarke D. Forsythe, 2013-10-14 Based on 20 years of research including an examination of the papers of eight of the nine Justices who voted in Roe v Wade and Doe v Bolton Abuse of Discretion is a critical review of the behind the scenes deliberations that went into the Supreme Court's abortion decisions and how the mistakes made by the Justices in 1971 1973 have led to the turmoil we see today in legislation politics and public health The first half of the book looks at the mistakes made by the Justices based on the case files the oral arguments and the Justices papers The second half of the book critically examines the unintended consequences of the abortion decisions in law politics and women's health Why do the abortion decisions remain so controversial after almost 40 years despite more than 50 000 000 abortions numerous presidential elections and a complete turnover in the Justices Why did such a sweeping decision with such important consequences for public health producing such prolonged political turmoil come from the Supreme Court in 1973 Answering those questions is the aim of this book The controversy over the abortion decisions has hardly subsided and the reasons why are to be found in the Justices deliberations in 1971 1972 that resulted in the unprecedented decision they issued Discuss Abuse of Discretion on Twitter using hashtag AbuseOfDiscretion

Spirits of the Dead Maureen Carroll, 2006-10-12 Spirits of the Dead examines the importance attached to preserving the memory of the dead in the Roman world and explores the ways in which funerary inscriptions can be used to reconstruct Roman lives however fragmentarily and imperfectly It is the only study to examine epigraphic historical and archaeological evidence in order to gain insight into the way Romans used funerary texts to establish a dialogue with their own society Maureen Carroll brings together a large body of material from many geographical areas shedding light on provincial and regional variation in funerary commemoration and even on the differences between funerary traditions of neighbouring towns
