Transient Questions , 2021-09-20 Mavis Gallant has been a leading literary figure in Canada since her first short story published in 1951 and has grown to be considered internationally as a modern master of the genre Her writing is nuanced sensitive gifted deep and concise She leaves everything open for the hidden potential that can always be

discovered Times change society history politics may develop out of recognition Cultures metamorphose Literary landscapes and theories are renewed But the classics of our time stay where they are pillars of that which is solidly about us Mavis Gallant's work is of that calibre her writing will remain interesting and relevant no matter what else happens This book is an exploration of what Gallant's readers are thinking now where they place her in the panorama of literature and what meaning she has for them now Scholars continue to probe into the stories their characters the capsules of history they present and continue to find them challenging As with Shakespeare no amount of scrutiny will yield the final answer That is how complex Gallant's writing is Especially now when the positioning of her characters is a more prominent condition in general we need to review Gallant's artistic insights As Francine Prose says in Harper's Magazine Gallant's cast of characters are a motley assortment of refugees fugitives and travelers and displaced persons scrambling on the margins of a society they will never belong to This is the modern condition As with other great writers Gallant shows herself to be prophetic in cutting down to the roots of the sensibility of our era We are reading her work and we are thinking about it and talking about it This book is part of that large conversation Contributors are Neil Besner Di Brandt Nicole C t John Lent Gerald Lynch Maria No lle Ng Peter Stevens Simone Vauthier Per Winther **An Earthy Entanglement with Spirituality** Elizabeth Moore

Willingham,2024-07-15 **An Earthy Entanglement with Spirituality** offers compelling perspectives on the human spirit as represented in literature and art Authors approach the inquiry using distinct critical approaches to varied primary sources poetry of various genres and periods Shakespearean drama contemporary theater Renaissance sculpture and the novel short story sketch and dialogue *A Dictionary of Writers and their Works* Christopher Riches,Michael Cox,2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication **Modernist Short Fiction by Women** Claire Drewery,2016-04-15 Taking on the neglected issue of the short story's relationship to literary Modernism Claire Drewery examines works by Katherine Mansfield Dorothy Richardson May Sinclair and Virginia Woolf Drewery argues that the short story as a genre is preoccupied with transgressing boundaries and thus offers an ideal platform from which to examine the Modernist fascination with the liminal Embodying both liberation and restriction liminal spaces on the one hand enable challenges to traditional cultural and personal identities while on the other hand they entail the inevitable negative consequences of occupying the position of the outsider marginality psychosis and death Mansfield Richardson Sinclair and Woolf all exploit this paradox in their short fiction which typically explores literal and psychological borderline states that are

resistant to rational analysis Thus their short stories offered these authors an opportunity to represent the borders of unconsciousness and to articulate meaning while also conveying a sense of that which is unsayable Through their concern with liminality Drewery shows these writers contribute significantly to the Modernist aesthetic that interrogates identity the construction of the self and the relationship between the individual and society **The Cosmopolitan** ,1922
