Spirits of Just Men Charles D. Thompson Jr., 2011-04-20 *Spirits of Just Men* tells the story of moonshine in 1930s America as seen through the remarkable location of Franklin County Virginia a place that many still refer to as the moonshine capital of the world Charles D Thompson Jr chronicles the Great Moonshine Conspiracy Trial of 1935 which made national news and exposed the far reaching and pervasive tendrils of Appalachia's local moonshine economy Thompson whose ancestors were involved in the area's moonshine trade and trial as well as local law enforcement uses the event as a stepping off point to explore Blue Ridge Mountain culture economy and political engagement in the 1930s Drawing from extensive oral histories and local archival material he illustrates how the moonshine trade was a rational and savvy choice for struggling farmers and community members during the Great Depression Local characters come alive through this richly colorful narrative including the stories of Miss Ora Harrison a key witness for the defense and an Episcopalian missionary to the region and Elder Goode Hash an itinerant Primitive Baptist preacher and juror in a related murder trial Considering the complex interactions of religion economics local history Appalachian culture and immigration Thompson's sensitive analysis examines the people and processes involved in turning a basic agricultural commodity into such a sought after and essentially American spirit

Consolidating Conquest Padraig Lenihan, 2014-05-22 This groundbreaking and controversial new study tells the story of two nations in Ireland an Irish Catholic nation and a Protestant nation emerging from a blood stained century This survey confronts the violence and enmity inherent in the consolidation of conquest Lenihan contends that the overriding grand narrative of this period was one of conflict and dispossession as the native elite was progressively displaced by a new colonial ruling class This struggle was not

confined to war but also had cultural religious economic and social reverberations At times the darkness was relieved throughout the period by episodes of peaceful cooperation Consolidating Conquest places events in Ireland in the context of three Stuart kingdoms religious rivalry within and between those kingdoms and the shifting balance of power as monarchy and commonwealth Whitehall and Westminster fought for ultimate power **Eighteenth-Century English** Raymond Hickey,2010-06-24 The eighteenth century was a key period in the development of the English language in which the modern standard emerged and many dictionaries and grammars first appeared This book is divided into thematic sections which deal with issues central to English in the eighteenth century These include linguistic ideology and the grammatical tradition the contribution of women to the writing of grammars the interactions of writers at this time and how politeness was encoded in language including that on a regional level The contributions also discuss how language was seen and discussed in public and how grammarians lexicographers journalists pamphleteers and publishers judged on going change The novel insights offered in this book extend our knowledge of the English language at the onset of the modern period Faraway Home Marilyn Taylor,2012-07-01 Karl and Rosa s family watch in horror as Hitler s troops parade down the streets of their home city Vienna It has become very dangerous to be a Jew in Austria and after their uncle is sent to Dachau Karl and Rosa s parents decide to send the children out of the country on a Kindertransport one of the many ships carrying refugee children away from Nazi danger Isolated and homesick Karl ends up in Millisle a run down farm in Ards in Northern Ireland which has become a Jewish refugee centre while Rosa is fostered by a local family Hard work on the farm keeps Karl occupied although he still waits desperately for any news from home Then he makes friends with locals Peewee and Wee Billy and also with the girls from neutral Dublin who come to help on the farm especially Judy But Northern Ireland is in the war too with rationing and air raid warnings and in April 1941 the bombs of the Belfast Blitz bring the reality of war right to their doorstep And for Karl and Rosa and the other refugees there is the constant fear that they may never see their parents again Based on a true story there was a refugee farm at Millisle and among its occupants was a young boy called Karl The Third Side William L. Ury,2000-09-01 According to William Ury it takes two sides to fight but a third to stop Distilling the lessons of two decades of experience in family struggles labor strikes and wars he presents a bold new strategy for stopping fights He also describes ten practical roles as managers teachers parents and citizens that each of us can play every day to prevent destructive conflict Fighting isn t an inevitable part of human nature Ury explains drawing on his training as an anthropologist and his work among primitive tribes and modern corporations We have a powerful alternative The Third Side which can transform our daily battles into creative conflict and cooperation at home at work and in the world
