Beghin,2022-07-21 In this book Tom Beghin examines the French piano Beethoven famously acquired from the Erard firm in Paris in 1803 The Erard piano is one of only three extant instruments belonging to Beethoven and is housed in a museum in Austria Beghin argues that the piano sonatas Beethoven composed between 1803 and 1810 including the Waldstein and the Appassionata show the influence of the new French style of pianism and of the Erard in particular specifically in the uses of tremolo legato and the una corda pedal which softens dramatically the volume Beghin shows that Beethoven was guided by a search for new sonorities and that the specific touch provided by the Erard s technology helped to point him toward new compositional horizons especially at a time when he was forced to withdraw from performance due to his increasing deafness The book combines informed historical analysis of the musical milieus in Vienna and Paris with the author s own experiments at the keyboard in order to reconstruct the specific techniques that Beethoven was exploiting and the ways they translated into his innovative piano writing
