American Practical Navigator Nathaniel Bowditch, 1923 **Handbook of Computable General Equilibrium Modeling** Peter B. Dixon, Dale Jorgenson, 2013-01-08 Top scholars synthesize and analyze scholarship on this widely used tool of policy analysis in 27 articles setting forth its accomplishments difficulties and means of implementation Though CGE modeling does not play a prominent role in top U S graduate schools it is employed universally in the development of economic policy This collection is particularly important because it presents a history of modeling applications and examines competing points of view Presents coherent summaries of CGE theories that inform major model types Covers the construction of CGE databases model solving and computer assisted interpretation of results Shows how CGE modeling has made a contribution to economic policy *Hearings* United States. Congress. Joint Committee ..., 1970 **In the Long Run** Jim Axelrod, 2025-09-23 It s 2008 Jim Axelrod once among the most watched correspondents on network news and the first television reporter to broadcast from Saddam International Airport in 2003 is covering the final stages of the race for the Democratic presidential nomination He s forty five years old and thirty pounds overweight He s drinking too much sleeping too little and scarcely seeing his family He s just figured out that the industry that pulled him up the corporate ladder is imploding as he s reaching for its final rungs Then out of the blue Jim discovers his late father s decades old New York Marathon finish times At forty six Bob Axelrod ran a 3 29 58 With everything else going on in his life Jim sets himself a defining challenge Can I beat him So begins a deeply felt often hilarious quixotic effort to run the 2009 New York Marathon Along the way Jim confronts his listing marriage a career upset by the seismic changes going on throughout the television news industry excruciatingly painful shin splints and the worst timed kidney stone possible Looming over it all is the shadow of a loving father who repeatedly lost his way in life but still has a lesson to impart This is a book about a dead father s challenge to a son at a crossroads but more than that it is about the personal costs paid when ambition and talent are not enough to ensure success Most fundamentally though it is a book about learning what it takes to be happy in your own skin
