Deep California Craig Chalquist, 2008-06 California has been invaded by three imperial powers Spain Mexico and the United States Deep California examines in depth the lingering psychological traumas and motifs emanating from that long history of conquest These unhealed events have not been left in the past they recur symbolically again and again growing in intensity as the overbuilt land and its distracted occupiers unconsciously but definitively demonstrate that environmental justice and social justice can no longer be thought of as separate Pacing crusaders and colonizers from county to county along El Camino Real Deep California studies the lingering impact of continuous oppression of people and places as images and themes of displacement and exile filter down into architecture agriculture politics art culture psychology and even folklore and dream

Yet within the shadows cast over California also dwell resistance humor irony tragedy and hope for more heartfelt and soulful connections to this story rich land of the sundown sea History is an inadequate term for such a sweeping and deep discovery of how the past informs the present This work deserves to be read widely by all Californians and Americans and taken to heart and the hard lessons applied to all places we inhabit on this stolen land Lesley Thomas author of *Flight of the Goose* Far Eastern Press 2005 A monumental and much needed study in depth of the conquest occupation traumatization and animation of the mission cities and counties of coastal California places which have worked their way into our unsuspecting psyches Linda Buzzell MA MFT co editor of *Ecotherapy Healing with Nature in Mind* Sierra Club Books 2009 *Natural State* Steven Gilbar,1998-04-28 This is the first anthology of nature writing that celebrates California the most geographically diverse state in the union Readers be they naturalists or armchair explorers will find themselves transported to California s many wild places in the company of forty noted writers whose works span more than a century Divided into sections on California s mountains hills and valleys deserts coast and elements earth wind and fire the book contains essays diary entries and excerpts from larger works including fiction As a prelude to the collection editor Steven Gilbar presents two California Indian creation myths one a Cahto narrative and the other an A juma wi story as told by Darryl Babe Wilson Familiar names appear in these pages John Muir Robert Louis Stevenson John McPhee M F K Fisher Gretel Ehrlich but less familiar writers such as Daniel Duane Margaret Millar and John McKinney are also included Among the gems in this treasure trove are Jack Kerouac on climbing Mt Matterhorn Barry Lopez on snow geese migration at Tule Lake Edward Abbey on Death Valley Henry Miller on Big Sur and Joan Didion on the Santa Ana winds Gary Snyder s inspiring Afterword reflects the spirit of environmentalism that runs throughout the book *Natural State* also reveals the many changes to California s landscape that have occurred in geological time and in human terms More than a book of nature writing this book is superb writing about nature

Sandplay: the Image Speaks for Itself Lenore Steinhardt,2025-09-18 Every sandtray is filled with symbolic meaning the key is learning what there is to read and how to read it This book emphasizes the importance of visual imagery and meticulous observation to interpret sandplays allowing practitioners to find the authentic meanings in clients sandplay expression before applying theory or referring to a patient s history It also explores the impact of the environment on creative work both in the therapist s studio and externally Detailed case studies exemplify the themes of each chapter from practical considerations such as restricted budgets the sand trays and the physical objects in the sand tray to the conceptual interactions between developmental play myth human experience art and nature and the symbolic representations that form sandplay journeys Whether you re an experienced sandplay therapist or just starting your training this book will guide you in reading the symbolic elements of your clients work that support their therapeutic journey Citizen Scientist Mary Ellen Hannibal,2016-09-06 A San Francisco Chronicle Best Book of the Year Intelligent and impassioned *Citizen Scientist* is essential reading for anyone interested in the natural world A Nautilus Award Winner in Ecology and Environment Award

winning writer Mary Ellen Hannibal has long reported on scientists efforts to protect vanishing species But it was only through citizen science that she found she could take action herself As she wades into tide pools spots hawks and scours mountains she discovers the power of the heroic volunteers who are helping scientists measure and even slow today s unprecedented mass extinction Citizen science may be the future of large scale field research and might be our last best hope for solving myriad environmental predicaments Library Journal our planet s last best hope Inspired by the likes of marine biologist Ed Ricketts Hannibal records starfish die offs meets the geeks who track deforestation and plans a web based supercommunity of citizen scientists to counter what many are calling the sixth great extinction A cogent call to action Nature Hannibal s use of details verges on the sublime East Hampton Star A celebration of nonexperts contributions to science Scientific American
