What About Same Sex Marriage and Another Look at Religion Willie J. Duncan Sr. D.D. D.Re. Ph.D,2015-09-02 In light of the new wave of Pseudo religion Ideology it is necessary to give a concrete response to it Same Sex marriages have been put forth as a new civil rights issue Which it must be determined whether it is Civil or Right Should credence be given to Homosexuality to be recognize by religion or government as a new moral or immoral privilege Only Species have the rights to exist When this lifestyle cannot produce off springs it does not exist The concept is pseudo philosophy or pseudo religious It must be governed by the same law and principles of other species Homosexuals should be restricted to the species of the human family Homo Sapiens Male and Female This then will destroy the idea of it Islam: A Brief Look at Faith and History (Revised Edition) Hafiz Ikhlas Ansari,2017-02-26 Paperback Islam has influenced and continues to influence many cultures around the globe It is shaping history cultures and civilizations Sadly most of us only receive a two dimensional look at Islam a view that is often distorted by the brevity of the media sound bites or by opinionated agendas Our intention with this book is to present Islam its teachings and the history of those who follow it It is not a comprehensive study nor should it be seen as definitive Rather it should be used as a stimulus for further detailed study We hope and pray that this effort becomes a source of promoting much needed harmony peace tolerance and coexistence in the human family This can be done through school education systems interfaith sessions mosque open houses educational seminars and individual readership This new Revised Edition has larger text clearer graphics and many new additions to the previous text *A Fresh Look at Islam in a Multi-Faith World* Matthew Wilkinson,2014-10-30 WINNER Cheryl Frank Memorial Prize International Association of Critical Realism A Fresh Look at Islam in a Multi Faith World provides a comprehensively theorised and practical approach to thinking systematically and deeply about Islam and Muslims in a multi faith world It makes the case for a contemporary educational philosophy to help young Muslims surmount the challenges of post modernity and to transcend the hiatuses and obstacles that they face in their interaction and relationships with non Muslims and visa versa It argues that the philosophy of critical realism in its original dialectical and metaReal moments so fittingly underlabours Bhaskar 1975 for the contemporary interpretation clarification and conceptual deepening of Islamic doctrine practice and education as to suggest a distinctive branch of critical realist philosophy specifically suited for this purpose This approach is called Islamic Critical Realism The book proceeds to explain how this Islamic Critical Realist approach can serve the interpretation of the consensual elements of Islamic doctrine such as the six elements of Islamic belief and the five pillars of Islamic practice so that these essential features of the Muslim way of life can help Muslim young people to contribute positively to life in multi faith liberal democracies in a globalising world Finally the book shows how this Islamic Critical Realist approach can be brought to bear in humanities classrooms by history religious education and citizenship teachers to help Muslim young people engage informatively and transformatively with themselves and others in multi faith contexts **Unveiling Islam**

Women and Religion in the West Sonya Sharma, 2016-02-11 What is the relationship between women and secularization In the West women are abandoning traditional religion Yet they continue to make up the majority of religious adherents Accounting for this seeming paradox is the focus of this volume If women undergird the foundations of religion but are leaving in large numbers why are they leaving Where are they going What are they doing And what s happening to those who remain Women and Religion in the West addresses a neglected yet crucial issue within the debate on religious belonging and departure the role of women in and out of religion and spirituality Beginning with an analysis of the relationship between gender and secularization the book moves its focus to in depth examination of women s experiences based on data from key recent qualitative work on women and religion This volume addresses not only women s place in and out of Christianity the normal focus of secularization theories but also alternative spiritualities and Islam asking how questions of secularization differ between faith systems This

How Do We Look Mary Beard, 2018-09-04

From prehistoric Mexico to modern Istanbul, Mary Beard looks beyond the familiar canon of Western imagery to explore the history of art, religion and humanity. Conceived as a gorgeously illustrated accompaniment to *How Do We Look* and *The Eye of Faith*, the famed *Civilisations* shows on PBS, renowned classicist Mary Beard has created this elegant volume on how we have looked at art. Focusing in Part I on the Olmec heads of early Mesoamerica, the colossal statues of the pharaoh Amenhotep III and the nudes of classical Greece, Beard explores the power, hierarchy and gender politics of the art of the ancient world and explains how it came to define the so-called civilized world. In Part II, Beard chronicles some of the most breathtaking religious imagery ever made, whether at Angkor Wat, Ravenna, Venice or in the art of Jewish and Islamic calligraphers, to show how all religions, ancient and modern, have faced irreconcilable problems in trying to picture the divine. With this classic volume, Beard redefines the Western and male-centric legacies of Ernst Gombrich and Kenneth Clark.
