American Holidays Alfred Colo, 2012-05-31 Herein are distinctly American holidays excluding Christmas and Easter which are global and more universal in nature and much too expansive requiring broader strokes than this shorter treatise can contain in its restricted space Holidays remind our nation of Gods miracles in His plan to fortify us all for lifes daily struggles At Christmas do our thoughts revolve around presents mostly Is Easter only a warm anticipation of Spring and is Thanksgiving the quest for family reunion and a delicious meal Remembering the spiritual origins of such special occasions affords us worship opportunities for Gods goodness to us and to our families friends and to our nation through them we may reflect upon our blessings while celebrating His greatness and bounty Bearing in mind what holidays and vacations mean to our general well being let us exercise our down time wisely as we each year of U S A holidays either head out or from the comfort of home trade places without GPS s high gas or air travel pat downs Do come along then for a free ride down some of my winding roads of personal experiences

American Holiday Postcards, 1905-1915 Daniel Gifford, 2013-08-29 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era

It is a compendium that not only celebrates the festive spirit but also explores the profound questions of faith, hope, and redemption that often accompany the season. American Illustrated Magazine, 1924 *We are what We Celebrate* Amitai Etzioni, Jared Bloom, 2004-12 How did Martin Luther King Jr.'s birthday become a national holiday? Why do we exchange presents on Christmas and Chanukah? What do bunnies have to do with Easter? How did Earth Day become a global holiday? These questions and more are answered in this fascinating exploration into the history and meaning of holidays and rituals. Edited by Amitai Etzioni, one of the most influential social and political thinkers of our time, this collection provides a compelling overview of the impact that holidays and rituals have on our family and communal life. From community solidarity to ethnic relations to religious traditions, *We Are What We Celebrate* argues that holidays such as Halloween, Fourth of July, Thanksgiving, New Year's Eve, and Valentine's Day play an important role in reinforcing and sometimes redefining our values as a society. The collection brings together classic and original essays that for the first time offer a comprehensive overview

and analysis of the important role such celebrations play in maintaining a moral order as well as in cementing family bonds building community relations and creating national identity The essays cover such topics as the creation of Thanksgiving as a national holiday the importance of holidays for children the mainstreaming of Kwanzaa and the controversy over Columbus Day celebrations Compelling and often surprising this look at holidays and rituals brings new meaning to not just the ways we celebrate but to what those celebrations tell us about ourselves and our communities Contributors Theodore Caplow Gary Cross Matthew Dennis Amitai Etzioni John R Gillis Ellen M Litwicky Diana Muir Francesca Polletta Elizabeth H Pleck David E Proctor Mary F Whiteside and Anna Day Wilde
