

LORD BYRON'S FAMILY

Annabella, Ada and Augusta
1816-1824

MALCOLM ELWIN

Lord Byrons Family Annabella Ada And Augusta 1816 1824

Nancy Henry

Lord Byrons Family Annabella Ada And Augusta 1816 1824:

Lord Byron's Family Malcolm Elwin,1975 **Shelley and His Circle, 1773-1822** Kenneth Neill Cameron,Donald H. Reiman,1986 *The Remarkable Lushington Family* David Taylor,2020-07-15 Drawing on previously unpublished archival materials this study spans three generations of the Lushington family It investigates their personal histories through the themes of social artistic and cultural history The author analyzes the Lushington family s relationships with well known figures like Lady Byron Queen Caroline and members of the Bloomsbury Group Most importantly this study examines Lushington family members roles within larger trends including abolitionism the Pre Raphaelite movement and Positivism

What the Victorians Made of Romanticism Tom Mole,2020-06-09 This insightful and elegantly written book examines how the popular media of the Victorian era sustained and transformed the reputations of Romantic writers Tom Mole provides a new reception history of Lord Byron Felicia Hemans Sir Walter Scott Percy Bysshe Shelley and William Wordsworth one that moves beyond the punctual historicism of much recent criticism and the narrow horizons of previous reception histories He attends instead to the material artifacts and cultural practices that remediated Romantic writers and their works amid shifting understandings of history memory and media Mole scrutinizes Victorian efforts to canonize and commodify Romantic writers in a changed media ecology He shows how illustrated books renovated Romantic writing how preachers incorporated irreligious Romantics into their sermons how new statues and memorials integrated Romantic writers into an emerging national pantheon and how anthologies mediated their works to new generations This ambitious study investigates a wide range of material objects Victorians made in response to Romantic writing such as photographs postcards books and collectibles that in turn remade the public s understanding of Romantic writers Shedding new light on how Romantic authors were posthumously recruited to address later cultural concerns *What the Victorians Made of Romanticism* reveals new histories of appropriation remediation and renewal that resonate in our own moment of media change when once again the cultural products of the past seem in danger of being forgotten if they are not reimagined for new audiences **The Works of Lady Caroline Lamb** Leigh Wetherall Dickson,2021-02-25 Offers the works of Lady Caroline Lamb 1785 1828 the late Romantic era novelist most famous for her affair with Lord Byron Presenting Lamb s works in a scholarly format this book situates her literary achievements within the context of her Whig allegiances her sense of noblesse oblige and her promotion of aristocratic reform

The Limits of Familiarity Lindsey Eckert,2022-06-17 What did Wordsworth wear and where did he walk Who was Byron s new mistress and how did his marriage fare Answers sometimes accurate sometimes not were tantalizingly at the ready in the Romantic era when confessional poetry romances clef personal essays and gossip columns offered readers exceptional access to well known authors But at what point did familiarity become overfamiliarity Widely recognized as a social virtue familiarity a feeling of emotional closeness or comforting predictability could also be dangerous vulgar or boring In *The Limits of Familiarity* Eckert persuasively argues that such concerns shaped

literary production in the Romantic period Bringing together reception studies celebrity studies and literary history to reveal how anxieties about familiarity shaped both Romanticism and conceptions of authorship this book encourages us to reflect in our own fraught historical moment on the distinction between telling all and telling all too much **Byron's Romantic**

Celebrity T. Mole, 2007-07-31 This book offers a new history and theory of modern celebrity It argues that celebrity is a cultural apparatus that emerged in response to the Romantic industrialization of print and culture It investigates the often strained interactions of artistic endeavour and commercial enterprise and the place of celebrity culture in history of the self

Dreaming in Code: Ada Byron Lovelace, Computer Pioneer Emily Arnold McCully, 2019-03-12 This illuminating biography reveals how the daughter of Lord Byron Britain's most infamous Romantic poet became the world's first computer programmer Even by 1800s standards Ada Byron Lovelace had an unusual upbringing Her strict mother worked hard at cultivating her own role as the long suffering ex wife of bad boy poet Lord Byron while raising Ada in isolation Tutored by the brightest minds Ada developed a hunger for mental puzzles mathematical conundrums and scientific discovery that kept pace with the breathtaking advances of the industrial and social revolutions taking place in Europe At seventeen Ada met eccentric inventor Charles Babbage a kindred spirit Their ensuing collaborations resulted in ideas and concepts that presaged computer programming by almost two hundred years and Ada Lovelace is now recognized as a pioneer and prophet of the information age Award winning author Emily Arnold McCully opens the window on a peculiar and singular intellect shaped and hampered by history social norms and family dysfunction The result is a portrait that is at once remarkable and fascinating tragic and triumphant **Lord Byron's Family** Malcolm Elwin, 1975 Romantic Disillusionism and the

Sceptical Tradition Rolf P. Lessenich, 2017-01-16 Platonic Romanticism had a dark underside from its inception Romantic Disillusionism encompassing the Gothic and the new demonic doppelganger The Classical Tradition's conflict between Plato and Pyrrho foundationalism and scepticism optimism and pessimism was thus continued Lord Byron's was the most listened to and echoed voice of Romantic Disillusionism in Europe though by far not the only one This comparative study of a multiplicity of sceptical English French German Italian Spanish Russian Polish and Czech voices shows how traditional Pyrrhonic arguments were updated to suit the decades of the Romantic Movement surviving as a subversive countercurrent to later Victorianism and resurging in the literature of the Decadence and Fin de Siècle **George and Emily Eden** Brigid

Allen, 2024-01-01 George and Emily Eden were a devoted sibling pair Both unmarried they were accepted as a mildly unconventional couple by friends in the dynastically conscious governing class George 1784-1849 entered politics as a Whig to replace his elder brother who had been groomed for success but drowned in the Thames off Westminster one January night in 1810 Four years later George inherited his father's peerage as 2nd Baron Auckland In 1835 he was appointed Governor General of India and Emily 1797-1869 although reluctant to leave her close friend the Prime Minister Lord Melbourne went with him A witty and perceptive writer who later published a distinctively voiced pair of novels Emily

chronicled the Indian period as she did her entire adult life in letters Allen traces the development of her closeness to George their interlocking private and public lives and the events that impacted on them including the Afghan disaster of January 1842 and the mixture of blame and forbearance that George attracted at home A poignant coda describes Emily's final twenty years as Victorian invalid author and observer of the political scene Lady Caroline Lamb P. Douglass,2015-12-17 Lady Caroline Lamb among Lord Byron's many lovers stands out vilified portrayed as a self destructive nymphomaniac her true story has never been told Now Paul Douglass provides the first unbiased treatment of a woman whose passions and independence were incompatible with the age in which she lived Taking into account a traumatic childhood Douglass explores Lamb's so called erotomania and tendency towards drug abuse and madness problems she and Byron had in common In this portrait she emerges as a person who sacrificed much for the welfare of a sick child and became an artist in her own right Douglass illuminates her novels and poetry her literary friendships and the lifelong support of her husband and her publisher John Murray **Historical Dictionary of Romanticism in Literature** Paul Varner,2014-11-18 The Historical Dictionary of Romanticism in Literature provides a large overview of the Romantic Movement that seemed at the time to have swept across Europe from Russia to Germany and France to Britain and across the Atlantic to the United States The Romantics saw themselves as inaugurating a new era They frequently referred to themselves or their contemporaries as Romantics and their art as Romantic From the early stirrings in Germany to the last decade of the eighteenth century in England with the political radicals and the Lake Poets to the Transcendental Club in Massachusetts the leaders of the age acknowledged their new Romantic attitudes This volume takes a close and comprehensive look at romanticism in literature through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 800 cross referenced entries on the writers and the poems novels short stories and essays plays and other works they produced the leading trends techniques journals and literary circles and the spirit of the times are also covered This book is an excellent access point for students researchers and anyone wanting to know more romanticism in literature **The Life of George Eliot** Nancy Henry,2014-09-15 The life story of the Victorian novelist George Eliot is as dramatic and complex as her best plots This new assessment of her life and work combines recent biographical research with penetrating literary criticism resulting in revealing new interpretations of her literary work A fresh look at George Eliot's captivating life story Includes original new analysis of her writing Deploys the latest biographical research Combines literary criticism with biographical narrative to offer a rounded perspective *A Delicate Choreography* David Sabeen,2023-10-24 The origins of the incest taboo have puzzled many of the most influential minds of the West from Plutarch to St Augustine St Thomas Aquinas Martin Luther David Hume Lewis Henry Morgan Sigmund Freud Emile Durkheim Edward Westermarck and Claude Lévi Strauss This book puts the discussion of incest on a new foundation It is the first attempt to thoroughly examine the rich literature from philosophical theological and legal treatises to psychological and biological genetic studies to a wide variety of popular

cultural media over a long period of time The book offers a detailed examination of discursive and figurative representations of incest during five selected periods from 1600 to the present The incest discussion for each period is complemented with a presentation of dominant kinship structures and changes without arguing for causal relations Part I deals with the legacy of ecclesiastical marriage prohibitions of the Middle Ages Historians dealing with the Reformation have wondered about the political and social implications of theological debates about the incest rules the Enlightenment opted for sociological considerations of the household and a new anthropology based on the passions Baroque discourse focused upon sexual relations among kin by marriage while Enlightenment and Romantic discussions worried the intimacy of siblings The first section of Part II deals with the six decades around 1900 during which European and American cultures obsessed about the sexuality of women Almost everyone concurred in the idea that mother made the family what it was that she configured the household kept the lines of kinship vibrant and stood at the threshold as stern gatekeeper and many thought that she managed these tasks through her sexuality and an eroticized relationship with sons Another story line taken up in the section Intermezzo this one about the physical and mental consequences of inbreeding appeared after 1850 To what extent do close kin marriages pose risks for progeny At its center lay the incest problematic now restated Is avoidance of kin genetically programmed Do all cultures know about risks of consanguinity As for the twenty first century evolutionary and genetic assumptions are challenged by a living world population containing roughly one billion offspring of cousin marriages Part III deals with one of the perhaps most remarkable reconfigurations of Western kinship in the aftermath of World War I The shift from an endogamous to an exogamous alliance system centered on the nuclear family An historical anomaly this family form began to dissolve almost as soon as it came together and in the process shifted the focus of incest concerns to a new pairing father and daughter By the 1970s when the father daughter problematic swept all other considerations of incest aside that relationship had come to be modeled for the most part around power and its abusive potential As for incest its representations in the last three decades of the twentieth century no longer focused on biologically damaged progeny but rather on power abuses in the nuclear family sexual abuse By the mid 1990s Western culture at least partly redirected its gaze away from father and daughter towards siblings especially towards brothers and sisters and the sexual boundaries and erotics of their relationships Correspondingly siblings became a model organism for psychotherapy evolutionary biology and the science of genetics

Biographies of Scientists for Sci-Tech Libraries Tony Stankus, 2019-12-05 This book first published in 1991 is an invaluable guide to biographies of scientists from a wide variety of scientific fields The books selected for this highly descriptive bibliography help librarians shatter readers stereotypes of scientists as monomaniacal and uninteresting people by providing interesting and provocative titles to capture the interest of students and other readers The biographies included in this very special bibliography were carefully selected for their humour and human insights to give future scientists encouragement inspiration and an understanding of the origins of particular scientific fields These biographies are

unique in that they explore the whole personality of the scientist giving students a glimpse at the variety and drama of the lives beyond well known contributions or Nobel prize accomplishments **The Works of Lady Caroline Lamb Vol 1** Leigh Wetherall Dickson, Paul Douglass, 2020-03-19 Offers the works of Lady Caroline Lamb 1785 1828 the late Romantic era novelist most famous for her affair with Lord Byron Presenting Lamb s works in a scholarly format this book situates her literary achievements within the context of her Whig allegiances her sense of noblesse oblige and her promotion of aristocratic reform *Hypatia's Heritage* Margaret Alic, 1986-11-15 A history of women in science from antiquity through the nineteenth century *Human Sexuality* Harold Bloom, Sterling Professor of Humanities Harold Bloom, Blake Hobby, 2009 Provides an examination of the use of human sexuality in classic literary works **Law, Politics and the Church of England** S. M. Waddams, 1992-05-14 Through his portrait of Stephen Lushington s wide ranging career Professor Waddams offers a very revealing perspective on the relationship between law politics and religion during the nineteenth century
