

LOUIS XIV
AND
TWENTY MILLION
FRENCHMEN

by Pierre Goubert

Louis XIV Twenty Million Frenchmen

Albert N. Hamscher

Louis Xiv Twenty Million Frenchmen:

Louis XIV and Twenty Million Frenchmen Pierre Goubert, 1972-04-12 Louis XIV is one of history's most notorious rulers. Ruling for three quarters of a century the King of France had the longest reign in European history and the effects of his rule would create the conditions that would lead to the French Revolution. Written by an authority on 17th century Europe Pierre Goubert not only outlines the life of the famous Sun King but the millions of subjects under his rule and the effects his choices had on them. Praise for Louis XIV and Twenty Million Frenchman. It is safe to recommend the work as the best book available on the subject for the educated layman. Kirkus Reviews. This masterful work should serve a generation of student and general readers as the essential introduction to the France of Louis XIV. The American Historical Review. In this field M Goubert is a past master and his subtle portrayal of the great social trends of the age deserves to be widely read. Times Literary Supplement.

Louis XIV and Twenty Million Frenchmen Pierre Goubert, 1968 *The Making of Modern Europe, 1648-1780* Geoffrey Treasure, 2003-12-16 In 1640 the term Europe was without real political significance. In the following years the idea of Europe came to mean much more. A period documented in this fascinating book.

The Rise of the Great Powers 1648 - 1815 Derek McKay, H.M. Scott, 2014-09-19 The heyday of the European states system was in the century before the First World War. How the system of five great powers in conscious equilibrium came into being is the central theme of this book.

St. Oswald of Worcester Nicholas Brooks, Catherine Cubitt, 1996-01-01 St Oswald was the youngest of the three great monastic reformers of tenth century England whose work transformed English religious intellectual and political life. Certainly a more attractive and perhaps a more effective figure than either St Dunstan or St Aethelwold. Oswald's impact upon his cathedrals at Worcester and York and upon his West Midland and East Anglian monasteries was radical and lasting. In this volume the researches of a team of leading scholars throw new light on St Oswald's background, career, influence and cult and on the society that he helped to shape. His cathedral at Worcester and his monastery at Ramsey were among the richest and best documented Anglo Saxon churches. The volume therefore provides a window on to the realities of tenth century English politics, religion and economics in the light of contemporary developments on the continent.

Society and Economy in Early Modern Europe, 1450-1789 Barry Taylor, 1989

The Parlement of Paris After the Fronde, 1653-1673 Albert N. Hamscher, 2010-11-23 This book assesses how and to what extent the governments of Cardinal Mazarin and Louis XIV controlled the Parlement of Paris in the two decades after the civil wars known as the Fronde. The history of this prestigious court of law bears directly on the broader issue of the growth of royal absolutism. Few historians have examined the resurgence of royal authority after the Fronde from the vantage point of traditional institutions and no other scholarly work deals extensively with the activities of Parlement during this controversial period. This study reveals the methods, achievements and limitations of absolutism associated with the Sun King. The book investigates the impact of royal policies on the way the judges acquired and transmitted their posts, the sources of their

wealth the social composition of their court and their judicial and administrative authority Parlement's political activities and its conflicts with the crown over issues of judicial financial and religious importance also receive thorough treatment The author's extensive archival research indicates that many widely held assumptions about declining importance of Parlement after the civil war are unwarranted Although Parlement's political activities gradually declined this transformation was neither as complete nor as irreversible as historians have asserted Parlement retained some voice in affairs of state and most of the administrative machinery it could employ to oppose royal policy remained intact Moreover the crown failed to attack the sources of parlementaire wealth and the judges freely enhanced their court's status as a social corporation

Economic Development in Early Modern France Jeff Horn, 2015-02-26 This book explores how the institution of privilege and liberty shaped early modern economic development in France between 1650 and 1820 We the People Ted Byfield, 2011-06 **Military Forces of France** John C. Cornelius, 1977

Right here, we have countless ebook **Louis Xiv Twenty Million Frenchmen** and collections to check out. We additionally present variant types and moreover type of the books to browse. The up to standard book, fiction, history, novel, scientific research, as without difficulty as various new sorts of books are readily comprehensible here.
