**Steven R. Eastaugh**

## **Medical Lifeboat Will There Be Room For You In The Health Care System:**

*Health Care Finance* Steven R. Eastaugh, 1992-06-30 This book is a thorough balanced and insightful study of what is happening and what should be happening in health care financing Americans want unlimited access to the best care at affordable prices Fiscal pressures in American health care point in all different directions like a pile of jackstraws This important book analyzes how new payment incentives stimulate planned competition or reregulation and the far reaching impact these changes have on hospitals physicians long term care facilities HMOs public health clinics and multihospital systems Tools for survival include better financial planning productivity improvement better scheduling systems and total quality management Steven R Eastaugh begins his book with a general overview of cost management accounting product line selection and new payment incentives Part II provides an in depth survey of fiscal trends in long term care managed care HMOs and PPOs Part III analyzes five basic strategies that a provider may consider with special focus on market analysis diversification and pricing The next part reviews physician payment options the new Medicare 1992 payment systems for hospitals and physicians and cost analysis of hospital patient care research and education Part V considers productivity enhancement methods incentives to assist productivity programs and the Deming method of total quality management Part VI focuses on investment financing and capital structure decisions in health care institutions and also in large multifacility systems The last part summarizes major strategies for success in the 1990s future policy alternatives and suggests a number of alternative roads to universal entitlement and national health care reform As Eastaugh suggests in this book Our health system faces immense opportunity and danger in a reformation on four fronts access efficiency effectiveness and quality of life The challenge for providers and managers during this period of unparalleled opportunity is to win a clear victory on all four fronts and not erode either access or quality in the name of efficiency The range of coverage in *Health Care Finance* is extremely wide and detailed making it essential and useful reading for health care professionals and students alike **To**

**Repair the World** Paul Farmer, 2019-11-19 Doctor and social activist Paul Farmer shares a collection of charismatic short speeches that aims to inspire the next generation One of the most passionate and influential voices for global health equity and social justice Farmer encourages young people to tackle the greatest challenges of our times Engaging often humorous and always inspiring these speeches bring to light the brilliance and force of Farmer's vision in a single accessible volume A must read for graduates students and everyone seeking to help bend the arc of history toward justice *To Repair the World* challenges readers to counter failures of imagination that keep billions of people without access to health care safe drinking water decent schools and other basic human rights champions the power of partnership against global poverty climate change and other pressing problems today overturns common assumptions about health disparities around the globe by considering the large scale social forces that determine who gets sick and who has access to health care discusses how hope solidarity faith and hardbitten analysis have animated Farmer's service to the poor in Haiti Peru Rwanda Russia and

elsewhere leaves the reader with an uplifting vision that with creativity passion teamwork and determination the next generations can make the world a safer and more humane place      *Medical Lifeboat* Howard H. Hiatt,1989-01-01

Howard Hiatt Mark Rosenberg,2022-11-01 The seven decade career of Howard Hiatt a pioneer in public health advocate for global health and health equity a mentor to generations of healthcare leaders Howard Hiatt physician scientist advocate for global health and mentor to generations of healthcare leaders has spent much of his seven decade career being ahead of his time His innovative ideas as head of Harvard s School of Public Health from 1972 to 1984 about preventive medicine the incorporation of cutting edge science into the curriculum and cross disciplinary collaboration met fierce resistance at the time but are now widely recognized building blocks of public health Hiatt s interest in global health and health equity equipped him to advocate for a series of younger physicians and researchers including Paul Farmer and Jim Kim two founders of Partners in Health and the prominent health policy expert Don Berwick This book tells the story of Hiatt s life and work with important lessons for today drawn from Hiatt s 92 years of experience Hiatt born in 1925 attended Harvard College and received an M D degree from Harvard Medical School Before he headed the School of Public Health he was a modernizing force as chief of medicine at Boston s Beth Israel Hospital After his stormy tenure at SPH he went to Brigham and Women s as a professor of medicine and a senior physician with a portfolio of his own devising It was at the Brigham that Hiatt took on the role of mentor influencing generations of physicians and staking out new territory in the fields of global health and clinical effectiveness He is still active at 92 as teacher and mentor      National Library of Medicine Current Catalog National Library of Medicine (U.S.),1990      *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70      **Working with Self-help** Thomas J. Powell,1990 This multi author volume outlines numerous ways to use self help effectively without compromising professional integrity The authors explore ethnicity gender and sexual orientation issues for possible injustices and solutions      **A Handbook for Teaching Medical Sociology** ,1991

Medical Practice and Malpractice Harvey Teff,2001 Our familiarity of the term medical malpractice which is commonplace in North American jurisdictions and increasingly used elsewhere cannot disguise an element of imprecision Frequently equated with negligence malpractice has also been held to cover trespassory conduct as well as to embrace professional misconduct more generally Although the essential focus of this volume is on medical negligence it incorporates some material for example on confidentiality and fiduciary relationships which reflects a broader conception of the field In selecting the articles which make up the work the author concentrated on providing an overview of medical practice and malpractice which highlights the ways in which the issues and developments have been addressed in a variety of jurisdictions

Health Economics Steven R. Eastaugh,1992-08-24 This book is a thorough balanced and insightful study of the present status and future direction of health care economics and its far reaching ramifications Health Economics provides exhaustive analyses of such major issues as cost benefit cost effectiveness quality enhancement and technology assessment Part One

presents a basic overview of cost analysis production functions and provider cost behavior Part Two considers economic models of physicians and hospital behavior and recent changes in methods for paying physicians Part Three focuses on employee cost sharing HMOs gatekeepers to contain utilization and the use of case managers in long term care Part four looks at equity social welfare and the unique problems of urban medical centers Part Five focuses on consumer information quality measurement and health manpower policies for nonphysician providers Cost effectiveness and cost benefit analysis is reviewed in Part Six The last part summarizes major future policy options and suggests a number of mixed strategies including capitation In short Health Economics provides policy makers health care providers and students with the analytical tools needed to effectively balance efficiency and quality
