from over 75 years of Woman's Hour *The Wonder of Aging* Michael Gurian, 2016-06-07 The topic of aging after fifty is frequently only discussed in terms of health what are the physical symptoms that come with advanced age and what can we do about them This book aims to look at aging in a new spirit as something that is positive and life giving showing how miraculous our second half of life can be In providing research and anecdotes that help readers discover a new paradigm for aging bestselling author Michael Gurian focuses on four aspects of life after fifty showing how aging affects people physically mentally relationally and spiritually In this kind of holistic focus he shows how we become elders Gurian divides life after 50 into four stages Stage 1 The Age of Transformation This is the stage of life from the late forties to approximately sixty Stage 2 The Age of Distinction This stage of life lasts from approximately sixty to seventy five Stage 3 The Age of Completion This stage involves completing our life journey both together if we are still coupled and alone if our spouse has passed on or if we are divorced He developed these stages in response to both scientific and anthropological information and in response to the needs of his clients who sought help understanding where they were and what to expect in the second half of life Our culture has focused very well on staging childhood adolescence youth adulthood and middle age but resources regarding the stages of age after fifty are scarce Gurian also discusses sex how men and women age differently the effects of aging on the brain and what to expect in the last chapter of life *Miraculous Age* provides a full holistic and comforting roadmap to what to expect in the second half of life and indeed how to celebrate it *Reading Melanie Klein* Lyndsey Stonebridge, John Phillips, 1998 Kleinian psychoanalysis has recently experienced a renaissance in academic and clinical circles *Reading Melanie Klein* responds to the upsurge of interest in her work by bringing together the most innovative and challenging essays on Kleinian thought from the last two decades The book features material which appears here for the first time in English and several newly written chapters *Reading Melaine Klein* recontextualizes Klein to the more well known works of Freud and Lacan and disproves the long held claim that her psychoanalysis is both too normative and too conservative for critical consideration The essays address Klein's distinctive readings of the unconscious and phantasy her tenacious commitment to the death drive her fecund notions of anxiety projection and projective identification and most famously her challenge to Freud's Oedipus complex and theories of sexual difference The authors demonstrate that not only is it possible to rethink the epistemological basis of Kleinian theory rendering it as vital as those of Freud and Lacan but also that her psychoanalysis can engage in powerful and productive dialogue with diverse disciplines such as politics ethics and literary theory This timely collection is an invaluable addition to the scholarship on Melaine Kein and catalyst for further debate not only within the psychoanalytic community but also across social critical and cultural studies **Hyper-Parenting** Alvin Rosenfeld, Nicole Wise, 2011-04-01 As parents we have somehow come to believe that perfection is within our grasp But our overeager pursuit of perfection is harming our children and our family lives Dr Alvin Rosenfeld and Nicole Wise explore the causes of and solutions to this damaging phenomenon in their timely and intelligent book *Hyper Parenting* The
