Divine Fury Darrin M. McMahon, 2013-10-22 Genius With hints of madness and mystery moral license and visionary force the word suggests an almost otherworldly power the power to create to divine the secrets of the universe even to destroy Yet the notion of genius has been diluted in recent times Today rock stars football coaches and entrepreneurs are labeled geniuses and the word is applied so widely that it has obscured the sense of special election and superhuman authority that long accompanied it As acclaimed historian Darrin M McMahon explains the concept of genius has roots in antiquity when men of prodigious insight were thought to possess or to be possessed by demons and gods Adapted in the centuries that followed and applied to a variety of religious figures including prophets apostles sorcerers and saints abiding notions of transcendent human power were invoked at the time of the Renaissance to explain the miraculous creativity of men like Leonardo and Michelangelo Yet it was only in the eighteenth century that the genius was truly born idolized as a new model of the highest human type Assuming prominence in figures as varied as Newton and Napoleon the modern genius emerged in tension with a growing belief in human equality Contesting the notion that all are created equal geniuses served to dramatize the exception of extraordinary individuals not governed by ordinary laws The phenomenon of genius drew scientific scrutiny and extensive public commentary into the 20th century but it also drew religious and political longings that could be abused In the genius cult of the Nazis and the outpouring of reverence for the redemptive figure of Einstein genius achieved both its apotheosis and its Armageddon The first comprehensive history of this

elusive concept Divine Fury follows the fortunes of genius and geniuses through the ages down to the present day showing how despite its many permutations and recent democratization genius remains a potent force in our lives reflecting modern needs hopes and fears *Inspiration* Pamela CJ Mesher-Penney,2014-07-15 Inspired and motivated by love this author s poetry certainly shows the romantic nature of love shared between husband and wife the loneliness and support for a husband who works on the sea as a fisherman a job that keeps him away quite often Although it is trying at times the empty feelings of being alone is shown in the authors words as a love letter to her husband letting him know that no matter how far apart they are or for however long he is away for that she will be waiting for him always with more love to show and give because in their hearts they truly believe that the absence makes their love stronger and in their case it seems to work This book consists of various poems the author shows a part of herself in each poem From writing about her husband children family and friendships to writing about the loss of loved ones the author seems to paint a vivid picture within her poetry about her surroundings of the place she lives in a place named Labrador You can almost picture it in your mind as you read them From details of feeling the moisture of an ocean mist on your face to feeling the breezes of a summer s wind gently breathing on your skin it makes you wish to be at the very place the author speaks of Speaking from her heart this author certainly shows the beauty and love within her poetry *Precious Moments Last Forever* Laura C. Martin,1994 Documenting the phenomenon that spans continents and generations a volume featuring hundreds of illustrations of the collection its creators and collectors highlights the history of Precious Moments and reveals how collectors unite in a spirit of loving caring and sharing **Rosie's Secondary Market Price Guide for Enesco's Precious Moments Collection** Rosalie J Wells,1996-02 Rosie s secondary market price guide for Enesco s Precious moments collection **Angels in My Hair** Lorna Byrne,2009-04-28 INTERNATIONAL BESTSELLER In this uplifting autobiography a modern day Irish mystic shares her vivid encounters and conversations with the angels and spirits she has known her entire life With an afterword on angels and America and a bonus chapter on how to connect with your angel Lorna Byrne physically sees and talks with angels every day and has done so ever since she was a baby As a young child she assumed everyone could see the angels who always accompanied her Adults however were often skeptical concerned that Lorna did not seem to be focusing on the world around her Today sick and troubled people from all around the world are drawn to her for comfort and healing and theologians of different faiths seek her guidance Angels in My Hair is a moving and deeply inspirational chronicle of Lorna s remarkable life story Invoking a wonderful sense of place she describes growing up poor in Ireland and marrying the man of her dreams only to have the marriage cut short by tragedy Angels in My Hair has garnered overwhelming responses from readers from many walks of life giving them hope and helping them to realize that no matter how alone they might feel they always have a guardian angel by their side *This Special Life and Me* Teresa Ann,2017-06-20 This special life is given to all of us Our perception sometimes clouds the way we view it We all have a story to tell and this is mine One night while praying I asked to

see my dad Thankfully Jesus brought me up to heaven twice Each journey was different Totally amazing
