Voices and Silences Anjali Singh,2022-10-06 Indian indentured emigration is among the most notable social phenomena of modern history which sent over one million men and women to tropical sugar colonies in the Atlantic Pacific and Indian oceans Indenture began in the 1830s and lasted till 1920 a period which finds little or no mention either in history textbooks or in literature This book takes a closer look at some of the important narratives on indenture and evaluates them in order to highlight the experience of the indentured people across the plantation colonies in Fiji and in the Caribbean The story of indenture is the story of betrayal of trauma and of resistance It is also a narrative of resilience assimilation and acculturation This book offers an in depth literary study to reveal that there exists a language of indenture one that permeates all the texts written on the subject The texts speak to and for each other thereby revealing the indenture experience to the reader

Anglophone Literature of Caribbean Indenture Alison Klein,2018-09-27 This book is the first comprehensive study of Anglophone literature depicting the British Imperial system of indentured labor in the Caribbean Through an examination of intimate relationships within indenture narratives this text traces the seductive hierarchies of empire the oppressive ideologies of gender ethnicity and class that developed under imperialism and indenture and that continue to impact the Caribbean today It demonstrates that British colonizers Indian and Chinese laborers and formerly enslaved Africans negotiated struggles for political and

economic power through the performance of masculinity and the control of migrant women and that even those authors who critique empire often reinforce patriarchy as they do so Further it identifies a common thread within the work of those authors who resist the hierarchies of empire a poetics of kinship or a focus on the importance of building familial ties across generations and across classifications of people

Vaughan, 2007-11-28 Psychiatry and Empire brings together scholars in the History of Medicine and Colonialism to explore questions of race gender and power relations in former colonial states across Africa Asia the Caribbean and the Pacific The volume advances our understanding of the rise of modern psychiatry as it collided with the psychology of colonial rule

India Beyond India: Dilemmas of Belonging Elfriede Hermann, Antonie Fuhse, 2018 People's transnational mobilities their activities to build homes in their countries of residence and their connectivities have resulted in multiplicities of belonging to encountered imagined and represented communities operating within various political contexts Migrants and their descendants labor to form and transform relations with their country of origin and of residence People who see their origins in India but are now living elsewhere are a case in point They have been establishing worldwide home places whose growing number and vibrancy invite reconsideration of Indian diasporic communities and contexts in terms of India's beyond India Issues of belonging in Indian diasporas include questions of membership not only in the nation of previous and present residence and or the nation of origin but also in other communities and networks in political economic religious and social realms at local regional or global levels Yet belonging and especially simultaneous belonging to various formations is rarely unambiguous Rather belonging in all its modes may entail dilemmas that arise from inclusions and exclusions Bearing in mind such processes the contributions to this volume endeavor to provide answers to the question of what kinds of difficulties members of Indian communities abroad encounter in connection with their identifications with and participation in specific collectivities The underlying argument of all the essays collected is that members of Indian diasporas develop strategies to cope with the dilemmas they face in connection with their sense of belonging to particular communities while they are subjected to specific power relationships Thus the volume sheds light on the ways in which dilemmas of belonging are being negotiated in intercultural fields

The Rise of Pacific Literature Matthew Hayward, Maebh Long, 2024-09-03 In the 1960s and 1970s the staff and students of two newly founded universities in the Pacific Islands helped foster a golden age of Oceanian literature At the University of Papua New Guinea and the University of the South Pacific bold experiments in curriculum design recentered literary studies around a Pacific modernity Rejecting the established British colonial model writer scholars placed Pacific oratory and a growing

body of Oceanian writing at the heart of the syllabus From this local core students ventured outward to contemporary postcolonial literatures where they saw modernist techniques repurposed for a decolonizing world Only then did they turn to foundational modernist texts encountered at last as a set of creative tools rather than a canon to be copied or learned by rote The Rise of Pacific Literature reveals the transformative role and radical adaptations of global modernisms in this golden age Maebh Long and Matthew Hayward examine the reading and teaching of Pacific oral narratives European and American modernisms and African Caribbean and Indian literature tracing how Oceanian writers appropriated and reworked key texts and techniques They identify the local innovations and international networks that spurred Pacific literature s golden age by reading crucial works against the poetry prose and plays on the syllabi of the new universities Placing internationally recognized writers such as Albert Wendt Subramani Konai Helu Thaman Marjorie Crocombe and John Kasaipwalova alongside lesser known authors of works published in Oceanian little magazines this book offers a wide ranging new account of Pacific literary history that tells a fresh story about modernism s global itineraries and transformations Literature of Giritiya Neha Singh, Sajaudeen Chapparban, 2023-01-31 This book covers various forms of the production of giritiya culture and literature One of the main objectives is to conceptualize the idea of giritiya giritology and giritiya literature culture history and identity in both colonial and postcolonial contexts This book aims to document the history experiences culture assimilation and identity of giritiya community It also critically analyses the articulation projection and production of their experiences of migration and being immigrant their narratives tradition culture religion and memory It also explores how this labour community formulated into a diaspora community and reconnected created the home land and continues to do so in the wake of globalization and Information and Communication Technology ICT This book is an attempt to bring the intriguing neglected diverse historical heritage of colonial labour migration and their narratives into the mainstream scholarly debates and discussions in the humanities and the social sciences through the trans and interdisciplinary perspectives This book assesses the routes of migration of old diaspora and it explains the nuances of cultural change among the generations Although they have migrated centuries back absorbed and assimilated and got citizenships of respective countries of destinations but still their longing for roots culture identities home and the constant struggle is to retain connections with their homeland depicted in their cultural practices arts music songs folklore and literary manifestations
