Proceedings of ... National Convention of the American Legion American Legion. Annual National Convention,2008 **Army and Navy Journal** ,1924 *The Agony of an American Wilderness* Samuel A. MacDonald,2005-02-10 The Allegheny National Forest exists on what might have been the most heavily exploited landscape in the history of civilization Careful stewardship over the last eight decades has transformed it into a beautiful forest that contains countless wildlife species and some of the world s most valuable timber Local communities are steeped in pride for having written that unprecedented environmental success story Unfortunately the Allegheny is now the focus of a caustic new timber war that will ultimately test the limits of American environmentalism No longer satisfied with protecting the pristine old growth that captured the national imagination in the early 1990s activists have embarked on campaign to put an end to the Allegheny timber program Litigation and protests have shaken the region for a decade More recently it has become a hotbed of eco terrorism But restoring the Allegheny to something activists accept will be far more difficult expensive and explosive than setting aside a few million acres for the northern spotted owl This book examines the communities caught in the middle of that political crossfire and forces Americans to decide if they are ready to accept the new activist agenda In their own words If we can stop logging on the Allegheny we can stop it everywhere **The American Mercury** Henry Louis Mencken,1926
