Bush, Jr.,2011-10-21 More than any other American before or since Abraham Lincoln had a way with words that has shaped our national idea of ourselves

Actively disliked and even vilified by many Americans for the vast majority of his career this most studied most storied and most documented leader still stirs up controversy Showing not only the development of a powerful mind but the ways in which our sixteenth president was perceived by equally brilliant American minds of a decidedly literary and political bent Harold K Bush's *Lincoln in His Own Time* provides some of the most significant contemporary meditations on the Great Emancipator's legacy and cultural significance The forty two entries in this spirited collection present the best reflections of Lincoln as thinker reader writer and orator by those whose lives intertwined with his or those who had direct contact with eyewitnesses Bush focuses on Lincoln's literary interests reading and work as a writer as well as the evolving debate about his religious views that became central to his memory Along with a star struck Walt Whitman writing of Lincoln's inexpressibly sweet face and manner Elizabeth Keckly's description of a bereaved Lincoln genius and greatness weeping over love's idol lost and William Stoddard's report of the cheery hopeful morning light on Lincoln's face after a long night debating the fate of the nation the volume includes selections from works by famous contemporary figures such as Hawthorne Douglass Stowe Lowell Twain and Lincoln himself in addition to lesser known selections that have been nearly lost to history Each entry is introduced by a headnote that places the selection in historical and cultural context explanatory endnotes provide information about people and places A comprehensive introduction and a detailed chronology of Lincoln's eventful life round out the volume Bush's thoughtful collection reveals Lincoln as a man of letters who crafted some of the most memorable lines in our national vocabulary explores the striking mythologization of the martyred president that began immediately upon his death and then combines these two themes to illuminate Lincoln's place in public memory as the absolute embodiment of America's mythic civil religion Beyond providing the standard fare of reminiscences about the rhetorically brilliant backwoodsman from the Old Northwest *Lincoln in His Own Time* also maps a complex genealogy of the cultural work and iconic status of Lincoln as quintessential scribe and prophet of the American people

John Mackay
Michael J. Makley, 2015-10-01 From the early 1870s until his death in 1902 John Mackay was among the richest men in the world and was without a doubt the wealthiest man to emerge from Nevada's fabulous Comstock Lode Author Michael J Makley explores how from his beginnings as a poor Irish immigrant John Mackay developed a strong work ethic that distinguished him for the rest of his life He came west to seek his fortune in the California Gold Rush and then moved on to Virginia City Nevada where he dealt in mining stocks and operated silver mines After making a fortune in mining he transferred his energies to banking and communications John Mackay offers new insight into the life and achievements of this remarkable man It also places Mackay in the broader context of his time an era of robber barons and rampant corruption rapidly advancing technology national and international capitalism and flagrant displays of newfound wealth Even in this context he stood out not only for his contributions to Nevada and mining history but also for his reputation as an important business leader fighting the consolidation and venality of corporate power in the Gilded Age His actions freed the Comstock

from a financial monopoly resulting in moderated rates for the milling timber shipping transportation and water that made mining possible and precipitated the discovery and development of the ore field known as the Big Bonanza Makley's book recounts the life and career of one of the most successful men of his age a capitalist of immense wealth who generously helped those around him and worked diligently in the public interest This engaging biography will appeal to readers interested in the Comstock Lode and mining in the West during the latter part of the nineteenth century as well as general western history enthusiasts *Maine Library Bulletin* ,1918 **Subject Index of the Modern Works Added to the British Museum Library** British Museum. Department of Printed Books,1927 Closing the Gate Andrew Gyory,2000-11-09 The Chinese Exclusion Act of 1882 which barred practically all Chinese from American shores for ten years was the first federal law that banned a group of immigrants solely on the basis of race or nationality By changing America's traditional policy of open immigration this landmark legislation set a precedent for future restrictions against Asian immigrants in the early 1900s and against Europeans in the 1920s Tracing the origins of the Chinese Exclusion Act Andrew Gyory presents a bold new interpretation of American politics during Reconstruction and the Gilded Age Rather than directly confront such divisive problems as class conflict economic depression and rising unemployment he contends politicians sought a safe nonideological solution to the nation's industrial crisis and latched onto Chinese exclusion Ignoring workers demands for an end simply to imported contract labor they claimed instead that working people would be better off if there were no Chinese immigrants By playing the race card Gyory argues national politicians not California not organized labor and not a general racist atmosphere provided the motive force behind the era's most racist legislation **A.L.A. Dunkelman,2015-05-18 Patrick Henry Jones's obituary vowed that his memory shall not fade among men Yet in little more than a century history has largely forgotten Jones's considerable accomplishments in the Civil War and the Gilded Age that followed In this masterful biography Mark H Dunkelman resurrects Jones's story and restores him to his rightful standing as an exceptional military officer and influential politician of nineteenth century America Patrick Henry Jones 1830 1900 a poor Irish immigrant began his career in journalism before gaining admittance to the New York bar When the Civil War erupted in 1861 Jones volunteered for service in the Union Army He rose steadily through the ranks of the 37th New York became general of the 154th New York and eventually attained the rank of brigadier general Jones was one of only twelve native Irishmen ever to attain that rank in the federal forces When the war ended Jones's reputation as a military hero gave him an entry into politics under the mentorship of editor Horace Greeley and politician Reuben E Fenton He served in both elective

and appointed offices in the state of New York navigating the corruptions scandals and political upheavals of the Golden Age Ultimately his entanglement with one of the most sensational crimes of his era a high profile grave robbing from the cemetery of St Mark s Church tainted his name and ruined his once respectable career In the first full length biographical account of this important figure Patrick Henry Jones tells the quintessentially American story of an immigrant who overcame both his humble origins and the rampant xenophobia of mid nineteenth century America to achieve a level of prominence equaled by few of his peers **Booklist** ,1922
