Mystery Streams In Europe And The New Mysteries:

Mystery Streams in Europe and the New Mysteries B. C. Lievegoed, 1982 This book is intended for those who wish to deepen their relationship to the Anthroposophical Society and the School of Spiritual Science founded by Rudolf Steiner It shows how the four great mystery streams have worked in the past and how Steiner attempted to join these four together and create the new mysteries at the Christmas Foundation Meeting

Mystery Knowledge and Mystery Centres Rudolf Steiner, 2013-05-14 Modern scholarship knows little of the mystery schools of antiquity offering only hypothetical explanations and external details In these expansive lectures based on his personal spiritual insights Rudolf Steiner offers a vivid description of the esoteric experiences gained by people in the ancient mystery schools from the mysteries of Artemis in Ephesus of Hibernia Eleusis and Samothrace to the Middle Ages He also discusses the conditions under which initiation can be achieved today Following preliminary lectures on the nature and function of the soul Steiner presents a panoramic view of human and earthly evolution including the roles of plants and animals He also discusses the various metals their curative properties and their connections with the planets

Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923-24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication

The Spiritual Origins of Eastern Europe Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity

flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner s research

Anthroposophy A-Z Henk van Oort, 2013-04-02 Rudolf Steiner s spiritual philosophy is the inspiration for many successful initiatives in the world today from the international Steiner Waldorf school movement to biodynamic agriculture and its increasingly popular produce Steiner developed his philosophy in dozens of books and many thousands of lectures His teaching contains dozens of new concepts and ideas and as a result he had often to create his own vocabulary In this practical volume a companion to his *Anthroposophy A Concise Introduction* Henk van Oort gives concise definitions of many terms and concepts in Steiner s worldview from the most commonplace to the more obscure *Anthroposophy A Z* can be used as a reference guide but also as a gateway into Rudolf Steiner s manifold world of spiritual ideas and concepts Anthroposophy can be seen to be a new language a language that can lead to the world of the spirit It was with this awareness that Henk van Oort took the initiative to write this glossary Ultimately he has written the sort of inspiring handbook that he wished had existed when he first became acquainted with anthroposophy over 40 years ago HENK VAN OORT born in 1943 trained as a primary teacher before taking a Masters degree in English at the Amsterdam University He has taught for 40 years in primary and secondary education including class teaching in a Steiner school teaching English and running educational courses and seminars for teachers and parents His interest in literature and poetry has led to his appearance at storytelling and poetry seminars and his introductory courses to anthroposophy have proved to be highly successful Based in Bergen N H in the Netherlands Henk van Oort is married and the father of three grown up children He is the author of *Anthroposophy A Concise Introduction* *The Tree of Life and the Holy Grail* Sylvia Francke, 2007 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline that resulted from a union of Jesus Christ and Mary Magdalene It is claimed by some that this is the secret kept tirelessly by certain esoteric movements for the past two millennia Based on her groundbreaking research Sylvia Francke exposes this notion as a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context She suggests a solution to the mystery of sudden wealth and the strange behavior of Brengel Saunière the mysterious priest of Rennes le Château in southern France True Grail

knowledge Francke concludes has nothing to do with bloodlines or worldly status rather it is an ancient lifeline to the spiritual origins of creation Its energetic forces radiate out from the Earth and in from the constellations and planets while interacting with human individuals It represents the key to fulfilling humanity s quest and the next step in human evolution The recent explosion of interest in revisionist Christianity history the shadow Grail prompted Sylvia Francke to revise *The Tree of Life and the Holy Grail* first published in 1996 The result is a completely reworked and expanded book that offers a powerful and convincing refutation of distorted esoteric truths **Michael and the Two-horned Beast** Bernard

Nesfield-Cookson,1998 In our materialistic and skeptical age it can be difficult to take seriously the existence of real spiritual beings Nevertheless countless individuals from the historic founders of religions to those who have been through near death experiences have spoken of beings of Light such as Angels and Archangels and evil beings spirits of darkness The author basing his work on Rudolf Steiner s teachings presents an epic picture of the forces of good and evil a battle of cosmic dimensions in which we are all intimately involved He clarifies the pivotal role of the Archangel Michael the Guardian of Cosmic Intelligence who fights to hold the balance between the key powers of evil in our time Lucifer and Ahriman and describes other members of the evil hierarchies He also discusses the biblical Apocalypse of St John the Mexican Mysteries and much else This book is an essential guide to meeting the challenge of evil at the new millennium Arthurian Magic

out of his own ego directed inner experiences about several motifs inherent to inner striving the problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more *Humanity's Last Stand* Nicanor Perlas, 2018-07-25

Although still in its earliest stages artificial intelligence AI is radically transforming all aspects of society With the immanent emergence of Artificial Super Intelligence ASI and the illusory temptations of transhumanism mankind stands at a crossroads In *Humanity s Last Stand* Nicanor Perlas makes an urgent plea It is imperative he says that we take immediate steps to ensure that digitized technology is aligned to human values and priorities Otherwise ASI will kill the essence of our humanity

Further if we do not master it now ASI will transform mankind into its own image Ultimately it will destroy the human race AI experts have not offered a single cogent solution to this existential threat Rudolf Steiner however not only foresaw these developments but gave clear alternatives Steiner the founder of a contemporary scientific approach to spirituality provided philosophical ontological and social innovations to save humanity from the abyss It is the task of the global anthroposophical movement to pioneer this civilization saving work to establish spiritual scientific ideas in mainstream culture that would allow AI to emerge in a healthier societal context Perlas gives an overview of the phenomenon of AI together with its related transhuman concepts of perfecting humanity and outlines the critical internal and external responses required to meet them with consciousness In particular he addresses the movement connected to the work of Rudolf Steiner indicating its all important tasks to cooperate with progressive individuals and movements including scientists and civil society activists to mobilize its daughter movements for action and ultimately to cooperate with the spiritual powers that have guided and served humanity since the dawn of time This says the author is humanity s last stand and failure is not an option
