

The background of the book cover is a dramatic painting. It depicts a dark, multi-masted sailing ship on a turbulent sea. A massive, bright yellow-orange moon hangs in the sky, casting a strong light over the scene. The water is dark with white-capped waves. Several seagulls are visible in flight over the water. The overall mood is somber and atmospheric.

Narrative Innovation And Incoherence:

Narrative Innovation and Incoherence Michael M. Boardman, 1992 When the impulse toward innovation arises late in a writer's career it is often accompanied by a sense of urgency and the result as *Narrative Innovation and Incoherence* demonstrates raises important questions for literary theory Michael M Boardman considers this pressing struggle to find a new form as it appears in the later works of Defoe Goldsmith Austen Eliot and Hemingway He analyzes how these authors react to new and compelling beliefs for which a previous way of writing is no longer adequate Urgent innovations in this account can only be understood as unique individual responses to crises in belief Taking as a point of departure French theorist Althusser's conviction that ideology is intelligible only through structure Boardman searches for an explanation of both form and ideology not in Marxist concepts of base and superstructure but in the particular structure of an individual artist's writing career Narrative ideology here becomes more complex than is generally assumed Theoretically informed yet avoiding essentializing explanations of narrative invention *Narrative Innovation and Incoherence* offers unexpected insights into the multifaceted relations between form and belief It will encourage serious students of the novel to reexamine the importance of poetics as a mediating factor in the means of production **The Cambridge Introduction to Narrative** H.

Porter Abbott, 2002-02-11 Publisher Description *Narrative Innovation and Cultural Rewriting in the Cold War Era and After* M. Cornis-Pope, 2016-04-30 *Narrative Innovation and Cultural Rewriting* undertakes a systematic study of postmodernism's responses to the polarized ideologies of the postwar period that have held cultures hostage to a confrontation between rival ideologies abroad and a clash between champions of uniformity and disruptive others at home Considering a broad range of narrative projects and approaches from polysystemic fiction to surfiction postmodern feminism and multicultural postcolonial fiction this book highlights their solutions to ontological division real vs imaginary worldly and other worldly sociocultural oppositions of race class gender and narratological dualities imitation vs invention realism vs formalism A thorough rereading of the best experimental work published in the US since the mid 1960s reveals the fact that innovative fiction has been from the beginning concerned with redefining the relationship between history and fiction narrative and cultural articulation Stepping back from traditional polarizations innovative novelists have tried to envision an alternative history of irreducible particularities excluded middles and creative intercrossings *Revising Women* Paula R. Backscheider, 2002-11-05 *Revising Women* is a collection of essays by a distinguished group of feminist critics Each essay is a contribution to the history of the English novel to our understanding of literature's place in cultural debate and to women's studies The essays give steady attention to the ways novels participate in social processes and the ways women perceived the public sphere and stubbornly attempted to participate in it Rich contextualization and adept use of theory reveal both the individual writer's story and the story beneath the text that is a cultural production with the potential to reveal why we and our society are as we are Each essay develops ways of using history in relation to literature takes up large historical events

and issues and interprets in fine detail what individuals do with them Beginning with the fictions of the late seventeenth century and ending with Maria Edgeworth and Jane Austen the essays in *Revising Women* are characterized by informed historicizing detailed textual explication sophisticated feminist theory and dedicated attention to the interrelationships between life and literary works and between everyday existence and political processes *The Critics and Hemingway, 1924-2014* Laurence W. Mazzeno, 2015 Traces Hemingway's critical fortunes over the ninety years of his prominence telling us something about what we value in literature and why scholarly reputations rise and fall Hemingway burst on the literary scene in the 1920s with spare penetrating short stories and brilliant novels Soon he was held as a standard for modern writers Meanwhile he used his celebrity to create a persona like the stoic macho heroes of his fiction After a decline during the 1930s and 1940s he came roaring back with *The Old Man and the Sea* in 1952 Two years later he received the Nobel Prize While his popularity waxed and waned during his lifetime Hemingway's reputation among scholars remained strong as long as traditional scholarship dominated New approaches beginning in the 1960s brought a sea change however finding grave fault with his work and making him a figure ripe for vilification Yet during this time scholarship on him continued to appear His works still sell well and several are staples on high school and college syllabi A new scholarly edition of his letters is drawing prominent attention and there is a resurgence in scholarly attention to and approbation for his work *Tracing Hemingway's critical fortunes* tells us something about what we value in literature and why reputations rise and fall as scholars find new ways to examine and interpret creative work Laurence W. Mazzeno is President Emeritus of Alvernia University Among other books he has written volumes on Austen Dickens Tennyson Updike and Matthew Arnold for Camden House's *Literary Criticism in Perspective* series

Ideology and Form in Eighteenth-century Literature David H. Richter, 1999 A dozen renowned scholars discuss each other's work and attempt to come to terms with the central theoretical issues about which the discipline disagrees Focusing primarily on Henry Fielding the essays employ and defend positions within feminism Marxism Bourdieuan analysis queer theory and cultural studies along with a more theoretically savvy version of formalist criticism

BOOK JACKET Experimentation and Versatility Casey Clabough, 2005 *Experimentation and Versatility* considers Chappell's first four novels and his short fiction the novels chronologically and the short stories thematically in order to demonstrate the unique range and importance of his fictional prose Rather than inserting Chappell's fictional variables into a single theoretical formula Clabough traces and celebrates their various and multifaceted excursions into genres as disparate as Appalachian pastoralism and experimental science fiction Containing both an interview with Chappell and a previously unpublished short story *Experimentation and Versatility* also offers new primary sources on Chappell's work even as it contextualizes him as one of our most exciting and multi-talented contemporary writers Investigating the complexities of Chappell's work Clabough's study offers new ways of considering Chappell who has been characterized variously as a Appalachian Southern and fantasy writer However as Clabough demonstrates he is in fact all

and none of these things a writer of immense gifts constantly reinventing himself through his experiments in seemingly disparate genres

A Companion to Jane Austen Studies Robert Thomas Lambdin, Laura Lambdin, 2000-09-30 Jane Austen significantly shaped the development of the English novel and her works continue to be read widely today Though she is best known for her novels *Sense and Sensibility* *Pride and Prejudice* *Mansfield Park* *Emma* *Northanger Abbey* and *Persuasion* she also wrote poems letters prayers and various pieces of juvenalia These writings have been attracting the attention of scholars her major works have already generated a large body of scholarly and critical studies This reference is a guide to her works and the response to them Austen's works are fraught with ambiguity Because she was adept at displaying numerous aspects of an issue her writings invite multiple interpretations In light of the ambiguity of her texts each of her major works is approached from a reader response perspective in which an expert contributor illuminates the reader's relationship to her writing And because so many readers have had such varied responses to her novels the volume also includes chapters summarizing the critical response to each of her major works In addition the book includes separate chapters on her poems letters and prayers

Transformations of the Supernatural Petra Schoenenberger, 2017-02-15 Daniel Defoe's work displays a keen interest in stories of supernatural encounters Once considering how one might prove supernatural occurrences and whether one can trust eyewitness accounts Defoe demonstrates that more is at stake Like his contemporaries Defoe wonders about the range of scientific insight and about the moral and epistemological ramifications of unchallenged trust and faith His transformations of the supernatural probe the boundaries of knowledge and evidence and play with the limits of cognition emphasizing the inseparability of mind and emotion

Jane Austen: Northanger Abbey/Persuasion Enit Karafili Steiner, 2016-03-03 *Northanger Abbey* was one of Jane Austen's earliest manuscripts *Persuasion* was her last Published together in a single volume after her death the two books differ widely *Northanger Abbey* is a spirited Gothic parody while *Persuasion* has increasingly been seen as a new direction for the Austen canon The two texts have been widely analysed and debated since publication and continue to be so today In this Readers Guide Enit Karafili Steiner Delineates a clear trajectory through the books many interpretations over two centuries mapping these out thematically and chronologically Contextualises and brings into dialogue influential approaches such as psychoanalytical criticism structuralism deconstruction Marxism New Historicism and feminism Discusses film adaptations of the novels and their relation to literary criticism

The English Novel, 1700-1740 Robert Letellier, 2003-02-28 The English novel written between 1700 and 1740 remains a comparatively neglected area In addition to Daniel Defoe whose *Robinson Crusoe* and *Moll Flanders* are landmarks in the history of English fiction many other authors were at work These included such women as Penelope Aubin Jane Barker Mary Davys and Eliza Haywood who made a considerable contribution to widening the range of emotional responses in fiction These authors and many others continued writing in the genres inherited from the previous century such as criminal

biographies the Utopian novel the science fictional voyage and the epistolary novel This annotated bibliography includes entries for these works and for critical materials pertinent to them The volume first seeks to establish the existing studies of the era along with anthologies It then provides entries for a wide ranging selection of works which cover fictional theoretical historical political and cultural topics to provide a comprehensive background to the unfolding and understanding of prose fiction in the early 18th century This is followed by an alphabetical listing of novels their editions and any critical material available on each The next section provides a chronological record of significant and enduring works of fiction composed or translated in this period The volume concludes with extensive indexes

Jane Austen Laurence W. Mazzeno, 2011 A comprehensive look at the academic criticism of Jane Austen from her time down to the present Among the most important English novelists Jane Austen is unusual because she is esteemed not only by academics but by the reading public Her novels continue to sell well and films adapted from her works enjoy strong box office success The trajectory of Austen criticism is intriguing especially when one compares it to that of other nineteenth century English writers At least partly because she was a woman in the early nineteenth century she was long neglected by critics hardly considered a major figure in English literature until well into the twentieth century a hundred years after her death Yet consequently she did not suffer from the reaction against Victorianism that did so much to hurt the reputation of Dickens Tennyson Arnold and others How she rose to prominence among academic critics and has retained her position through the constant shifting of academic and critical trends is a story worth telling as it suggests not only something about Austen's artistry but also about how changes in critical perspective can radically alter a writer's reputation Laurence W. Mazzeno is President Emeritus of Alvernia University Reading Pennsylvania

The Fortunate Mistress (Roxana) Daniel Defoe, 2024-10-06 I lived indeed like a Queen or if you will have me confess that my Condition had still the Reproach of a Whore I may say I was sure the Queen of Whores Left destitute by her husband the heroine of Defoe's final novel has to choose between her virtue and her life Choosing survival she makes her way as a kept woman and courtesan The Fortunate Mistress 1724 also known under the title Roxana tells the story of how she climbs society's ladder by dint of her own enterprise shedding and gaining multiple identities as she moves through the worlds of business and finance and across the trade capitals of Europe Amassing a fortune her taste for men and luxuries veers increasingly to the aristocratic and exotic culminating when she dances before the King at a masquerade dressed in the garb of a Turkish Sultana at which point she is granted the name by which she is known to history Roxana Despite her rise Roxana's past never recedes from view and her choices eventually begin to weigh on her prompting an excruciating self reckoning that is only compounded as the children she has abandoned return threatening to expose this past to public view Defoe resists easy solutions in a sprawling and complex novel which shows an unprecedented degree of psychological realism readers experience the interplay of

circumstance need desire religion and social convention that can allow the development of a moral sense or conspire to suppress it

Narrative, 1999 **Bibliographic Index**, 1994 **Narrative Research in Health and Illness** Brian Hurwitz, Trisha Greenhalgh, Vieda Skultans, 2008-04-15 This comprehensive book celebrates the coming of age of narrative in health care It uses narrative to go beyond the patient's story and address social cultural ethical psychological organizational and linguistic issues This book has been written to help health professionals and social scientists to use narrative more effectively in their everyday work and writing The book is split into three comprehensive sections Narratives Counter narratives and Meta narratives **English Novel Explication**, 1976

Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11

Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James's *The Ambassadors* to McCarthy's *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification **Critical Essays on Daniel Defoe** Roger D. Lund, 1997 Critical essays about the works of Daniel Defoe
