Higher Way Jennifer Ploegman, 2008-09-20 One car accident Two paramedics Dozens of cities Her life forever changed As a recent college graduate full fledged paramedic and brand new fiance Kelly Warner feels like all her dreams are coming true Even as she basks in the warmth of God s blessings however an elaborate highly coordinated terrorist plot is in the works When Kelly and her partner respond to what appears to be a routine motor vehicle accident the two paramedics have no idea how drastically their world is about to change Reunited with the FBI under unthinkable circumstances Kelly joins the agents on the front lines of a battle for justice which rapidly turns into a fight for survival A chain of tragedy leaves the young paramedic stripped of everything familiar She is reminded that God s ways are higher than her ways but as she finds herself drowning in a sea of uncertainty and devastation she wonders if she ll ever find the faith to break the surface again @

Tony Oursler Tony Oursler,2001 The intelligent irony that resonates through the video and projection installations of American artist Tony Oursler results from a subtle combination of sound language and pop culture images These elements are thoroughly explored in this monograph the most extensive publication on Oursler and his work His videos often employ a projected human face to create bizarre contemporary icons and fragmented narratives that speak to the dislocation caused by contemporary issues of sex violence and power Tony Oursler includes 180 illustrations from his video sculpture and mixed media works on paper as well as an extensive selection of the artist s own writings There are also two long conversations between Oursler and the artists Mike Kelley and Dan Graham which testify to the long lasting mutual appreciation and collaboration between them This is a major new publication on the career of one of the most important American artists of the last two decades

A CONFEDERATE GIRL'S DIARY (Expanded, Annotated) Sarah Morgan Dawson,2019-01-01 Beautiful brilliant opinionated and very witty 21 year old Sarah Morgan began a diary in 1862 to chronicle the effects of war upon her family and friends Throughout the diary you see a young self aware woman both fascinated and appalled by what she saw during four years of the American Civil War in the south Devoted to family she worried about her brothers in the Confederate cause her mother s health and the home they had to abandon Yet she was also full of fun running out with friends to watch the Union bombardment of Baton Rouge and describing it immediately in her diary She saw battles between gunboats on the Mississippi and Union troops marching through her beloved home city All the while her lovely writing will delight and enthrall you She had an ear for language and an eye for detail Since its first publication in 1913 it has been considered one of the best Confederate memoirs available

The Rebel Scout (Expanded, Annotated) Captain Thomas Nelson Conrad,1904-01-01 thank God the Rebel Scout has lived long enough to outgrow many of the prejudices engendered by the war Though able to write those words in 1905 at the outbreak of the American Civil War Dickinson College educated Maryland native Thomas Conrad was a passionate fighter for the Rebel cause Working as a scout in the command of J E B Stuart he fought alongside his Phi Kappa Sigma buddy and life long friend Daniel Mountjoy Cloud Along the way he met and ate with Jefferson Davis and was part of a plan separate from the Booth conspirators to kidnap Abraham Lincoln According to Conrad Neither President Davis nor his secretary of war had any knowledge of my contemplated attempt to capture Mr Lincoln and bring him to Richmond I consulted only the military secretary of General Bragg and General Bragg at that time had command of Richmond and its defenses This military secretary enjoined me above all things not to hurt a hair upon Lincoln s head or treat him with the slightest indignity By chance one of Conrad s men met

up with John Wilkes Booth during his escape and furnished him with one of Conrad's horses on which Booth rode to the site of his death. After the war, Conrad was president of what is today Virginia Tech. For the first time, this long out of print volume is available as an affordable, well-formatted book for e-readers and smartphones. Woman like man should be freely permitted to do whatever she can do well. So said Frances E. Willard, who lived her life in the firm belief of this principle and who was instrumental in the passage of two amendments to the U.S. Constitution. A passionate advocate for women's rights, prohibition, and underprivileged people, she was devoted to making federal aid to education, free school lunches, unions, the eight-hour workday, work relief for the poor, municipal sanitation, and boards of health national. Transportation, anti-rape laws, and protections against child abuse are a reality. This long forgotten and out of print book is available for the first time for e-readers. In Willard's own words, she describes her life as an educator, temperance reformer, and suffragist. She was an educator and later president of the Women's Christian Temperance Union. She traveled extensively and even climbed the Great Pyramid in Egypt. Her sexual orientation is still debated today, but she states in this volume, "The loves of women for each other grow more numerous each day, and I have pondered much why these things were. That so little should be said about them surprises me for they are everywhere. In these days when any capable and careful woman can honorably earn her own support, there is no village that has not its examples of two hearts in counsel, both of which are feminine." She had many passionate attachments to other women, and she discusses this in her book. Willard was the first woman whose statue was included in the Statuary Hall of the United States Capitol building. One of the most prominent nurses to serve in the American Civil War, Ada Smith was at the center of action. She met Abraham Lincoln, Ulysses S. Grant, Dorothea Dix, Clara Barton, and many of the other military men and civilians in the conflict. This lively and engaging memoir is like many of those by nurses of the Civil War. They saw the horrible cost of the war in terms of shattered bodies and shattered minds. They held the hand of many a dying man, and Ada's story is very much the story of the human side of war. But they also heard the guns and had rifle balls whistling through their hospital tents. After the war, Ada continued her work to help veterans as well as engaging in the fight for women's suffrage. Every memoir of the American Civil War provides us with another view of the catastrophe that changed the country forever. Like Florence Nightingale, Clara Barton was so much more than the Angel of the Battlefield. It was not until the American Civil War that she found her calling. As a young woman, she struggled with the deep emotions that would be a lifelong trait. 1852 I have found it extremely hard to restrain the tears today and

would have given almost anything to have been alone and undisturbed I have seldom felt more friendless and I believe I ever feel enough so I see less and less in the world to live for and in spite of all my resolution and reason and moral courage and everything else I grow weary and impatient I know it is wicked and perhaps foolish but I cannot help it There is not a living thing but would be just as well off without me I contribute to the happiness of not a single object and often to the unhappiness of many and always of my own for I am never happy True I laugh and joke but could weep that very moment and be the happier for it She received an appointment as clerk in the Patent Office at a salary of 1400 a year She was one of the first and believed herself to have been the very first of women appointed to a regular position in one of the departments with work and wages equal to that of a man Then came the catastrophe of the Civil War Early on she decided that marriage would not be the direction of her life She didn't just throw herself into her battlefield work she reinvented how it should be done She operated independently from Dorothea Dix and the corps of army nursing She went where the shells were flying After the war she worked tirelessly to find out the fate of missing soldiers From the beginning of the year 1865 to the end of 1868 she sent out 63 182 letters of inquiry But her crowning achievement was not the fame she gained and the company of the powerful She fought tooth and nail against an isolationist United States to gain acceptance of the Treaty of Geneva which helped her found the American Red Cross Nearly to the end of her long life she worked in the field often at the cost of her own health But she was no shrinking violet She knew how to fight quietly and plied her inflexible will upon the causes that mattered most to her the Red Cross abolition of slavery women's rights and relief of suffering There has probably not been a better biography of Barton than this two volume set by William Barton published in 1922 For the first time both volumes are together in a well formatted ebook version Every memoir of the American Civil War provides us with another view of the catastrophe that changed the country forever Be sure to LOOK INSIDE by clicking the cover above or download a sample
