no time since the days of S Thomas was the saints scientific method more lacking Everywhere there is need for a mystic doctrine which in itself is neither hypnotism nor hysteria and in its expression is neither superlative nor apostrophic lest the hungered minds of men die of surfeit following on starvation The message and method of S Thomas are part of that strange rigidity of the thirteenth century which is one of the startling paradoxes of the ages of faith About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
