Prayer From Alexander To Constantine Critical Anthology:

Prayer from Alexander to Constantine Mark Christopher Kiley, 1997 *Prayer From Alexander To Constantine* presents a diverse selection of prayer chosen by over 40 different historians all specialists in their respective areas of Graeco Roman literature This collaboration gives the book a range and depth that no individual author could hope to rival Each selection includes an introductory essay followed by a new English translation of the prayer accompanied by critical notes and biography In this way the reader is able to gain an insight into the variety of subjects and styles involved in people s communications with their gods in antiquity The volume will be a key text for students engaged in courses which explore the period s history and theologies There is no comparable anthology available in English The volume will also be of value to the general reader interested in the history of this period and anyone interested in the forms of prayer The Encyclopedia of Christian Literature George Thomas Kurian, James D. Smith III, 2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles Prayers of Jewish Women Markus H. McDowell, 2006 Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women s religious and social roles in the ancient world The texts are analyzed and categorized within five areas social location content form occasion and gender perspective The prayers are also compared and contrasted with men s prayers in the same sources The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear By examining all prayers in these texts uttered by women not just prayers of named or prominent women and then comparing them with all the prayers of men in those same texts certain patterns appear This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period While there are fewer prayers by women than men in this literature the prayers of women are not portrayed as significantly different from those of men in terms of social location content form or occasion At the same time the prayers of women

exhibit other patterns of language and in a minor way form and occasion that differ from the prayers of men *A History of the Jews and Judaism in the Second Temple Period, Volume 2* Lester L. Grabbe, 2011-10-27 This is the second volume of the projected four volume history of the Second Temple period It is axiomatic that there are large gaps in the history of the Persian period but the early Greek period is possibly even less known This volume brings together all we know about the Jews during the period from Alexander's conquest to the eve of the Maccabean revolt including the Jews in Egypt as well as the situation in Judah Based directly on the primary sources which are surveyed the study addresses questions such as administration society religion economy jurisprudence Hellenism and Jewish identity These are discussed in the context of the wider Hellenistic world and its history A strength of the study is its extensive up to date secondary bibliography approximately one thousand items *Discovering the Traditions of Prose Prayers in Early Jewish Literature* Michael D. Matlock, 2012-03-29 In this volume Michael D Matlock analyses five lengthy biblical prose prayers from the exilic and post exilic period Solomon's prayer 1 Kings 8 14 61 Ezra's prayer Ezra 9 5 15 Nehemiah's prayer Nehemiah 1 4 11 the Levites prayer Nehemiah 9 4 37 and the prayer of Daniel Daniel 9 3 19 He also examines prayers from Second Temple literature including texts from the Apocrypha and Pseudepigrapha the writings of Philo and Josephus and texts from Qumran and discusses the Septuagintal versions of the five biblical prayers and Targum Jonathan's treatment of Solomon's prayer He offers a new English translation of each prayer examines the prayers rhetorical characteristics and demonstrates how each prayer draws upon and reinterprets traditional images and materials Matlock describes how each prayer relates to its larger narrative context and examines its functions within that context Finally he appraises the various similarities and differences in these prayers in terms of their different contexts in the Second Commonwealth period noting particular theologies and ideologies *Knowledge and the Coming Kingdom* Jonathan Schwiebert, 2008-10-01 Schwiebert expertly examines the relationship between the Didache's meal ritual and the well known tradition of Jesus' final meal *Petitioners, Penitents, and Poets* Timothy J. Sandoval, Ariel Feldman, 2020-10-26 This volume contributes to the growing interest in understanding the phenomenon of prayer and praying in the Hebrew Bible Early Judaism and nascent Christianity Papers by the leading scholars in these fields revisit long standing questions and chart new paths of inquiry into the nature form and practice of addressing the divine in the ancient world The essays in this volume deal with particular texts of and about prayer practices of prayer as well as figures and locations historical and literary that are associated with prayer and praying These studies apply a range of methods and theoretical approaches to prayer and the language of prayer in literatures of Early Judaism and Christianity Some studies apply the classical methods of biblical studies to Second Temple texts of prayer including form critical and text critical approaches others engage in literary and narrative analysis of ancient works that recount discourse directed to the divine Still other studies draw on anthropological and sociological analyses of prayer or marshal particular theories of discourse ethics and moral agency to offer fresh interpretations of address to God in the literature of Second

Temple Judaism and earliest Christianity **Hellenistic Jews and Consolatory Rhetoric** Christine R. Trotter, 2023-12-08 Christine R Trotter elucidates how Hellenistic Jewish writers attempted to comfort those living in the midst of and in the wake of persecution and violence While past scholarship has explored this question primarily in terms of the development of Jewish apocalypticism and afterlife beliefs Christine R Trotter takes a comprehensive approach by investigating how Hellenistic Jewish authors engaged with ancient consolatory rhetoric that is the means of persuasion intended to move a suffering person out of grief and into joy Through studies on 2 Maccabees the Wisdom of Solomon 1 Thessalonians and Hebrews the author explicates how Hellenistic Jewish authors navigated the diverse traditions of consolation within their biblical heritage and Greco Roman culture Her work has important implications for the genre of 1 Thessalonians and the dates of composition of the Wisdom of Solomon and Hebrews **Daily, Sabbath, and Festival Prayers in the Dead Sea Scrolls** Daniel K. Falk, 2018-11-26 All the evidence for daily sabbath and festival prayers in the Qumran scrolls is analysed in detail document by document On the basis of formal features and social liturgical setting these prayers are compared with each other to uncover divergent prayer traditions Comparative material beyond the scrolls is used to reassess their place in the development of Jewish prayer Evidence for prayers of different origin found at Qumran is important for reconsidering the nature of the scrolls the community s which used them and the history of Jewish liturgy For several texts significant new reconstructions are offered **Ancient Jewish Prayers and Emotions** Stefan C. Reif, Renate Egger-Wenzel, 2015-11-13 Given the recent interest in the emotions presupposed in early religious literature it has been thought useful to examine in this volume how the Jews and early Christians expressed their feelings within the prayers recorded in some of their literature Specialists in their fields from academic institutions around the world have analysed important texts relating to this overall theme and to what is revealed with regard to such diverse topics as relations with God exegesis education prophecy linguistic expression feminism happiness grief cult suicide non Jews Hellenism Qumran and Jerusalem The texts discussed are in Greek Hebrew and Aramaic and are important for a scientific understanding of how Rabbinic Judaism and Early Christianity developed their approaches to worship to the construction of their theology and to the feelings that lay behind their religious ideas and practices The articles contribute significantly to an historical understanding of how Jews maintained their earlier traditions but also came to terms with the ideology of the dominant Hellenistic culture that surrounded them *The Cambridge History of Judaism* William Horbury, 1984 This third volume of *The Cambridge History of Judaism* focuses on the early Roman period **Judaic Religion in the Second Temple Period** Lester L. Grabbe, 2002-11 The developments in Judaism during the Second Temple period remain important to contemporary Jewish religion This volume provides a much needed encyclopedic study of the period Includes bibliographies cross references and summaries *Remembering the Story of Israel* Aubrey E. Buster, 2022-05-19 In this book Aubrey Buster demonstrates how methods adapted from cultural and social memory studies and the new formalism can illuminate the communal function of biblical and extra biblical historical

summaries in Second Temple Judaism Refining models drawn from memory studies she applies them to ancient texts and demonstrates the development of Judah's speech about their past across the Second Temple period Buster's wide ranging study demonstrates how and where the historical summary functions in the book of Psalms Nehemiah 1 and 2 Chronicles as well as the Qumran Psalms Scrolls Words of the Luminaries Paraphrase of Genesis and Exodus and Pseudo Daniel She shows how the historical summary proves to be a generative replicable and ultimately productive form of memory Crossing the boundaries of genre categories and time periods liturgical performances and literary works historical summaries crafted a highly selective but broadly useful mode of commemoration of key events from Israel's past *Ben Sira's God: Proceedings of the International Ben Sira Conference, Durham, Upshaw College 2001 (Beihefte zur Zeitschrift für die Alttestamentliche Wissenschaft)* Renate Egger-Wenzel, 2002 The series *Beihefte zur Zeitschrift für die alttestamentliche Wissenschaft BZAW* covers all areas of research into the Old Testament focusing on the Hebrew Bible its early and later forms in Ancient Judaism as well as its branching into many neighboring cultures of the Ancient Near East and the Greco Roman world **Sermon on the Mount** Scot McKnight, 2013-10-29 Emphasizing the historical distance between the New Testament and our contemporary culture The Sermon on the Mount offers helpful contextual insights for those seeking to discern how to live out the Bible in today's world This sermon is the moral portrait of Jesus' own people yet the contrast between his vision and our lives is so stark that many theologians have tried to soften the demands it makes on us until it's been skewed beyond recognition in the minds of many Christians The goal of this special volume of The Story of God Bible Commentary series is to investigate the Sermon on the Mount in light of the way Jesus meant it to be heard requiring us to ask difficult questions about ethics discipleship and salvation The first commentary series to do so SGBC offers a clear and compelling exposition of biblical texts guiding everyday readers in how to creatively and faithfully live out the Bible in their own contexts Its story centric approach is ideal for pastors students Sunday school teachers and laypeople alike Each volume employs three main easy to use sections designed to help readers live out God's story LISTEN to the Story Includes complete NIV text with references to other texts at work in each passage encouraging the reader to hear it within the Bible's grand story EXPLAIN the Story Explores and illuminates each text as embedded in its canonical and historical setting LIVE the Story Reflects on how each text can be lived today and includes contemporary stories and illustrations to aid preachers teachers and students Edited by Scot McKnight and Tremper Longman III and written by a number of top notch theologians The Story of God Bible Commentary series will bring relevant balanced and clear minded theological insight to any biblical education or ministry

Functions of Psalms and Prayers in the Late Second Temple Period Mika S. Pajunen, Jeremy Penner, 2017-07-24

When thinking about psalms and prayers in the Second Temple period the Masoretic Psalter and its reception is often given priority because of modern academic or theological interests This emphasis tends to skew our understanding of the corpus we call psalms and prayers and often dampens or mutes the lived context within which these texts were composed and used

This volume is comprised of a collection of articles that explore the diverse settings in which psalms and prayers were used and circulated in the late Second Temple period. The book includes essays by experts in the Hebrew Bible, the Dead Sea Scrolls, Apocrypha and Pseudepigrapha and the New Testament in which a wide variety of topics, approaches and methods both old and new are utilized to explore the many functions of psalms and prayers in the late Second Temple period. Included in this volume are essays examining how psalms were read as prophecy, as history, as liturgy and as literature. A variety of methodologies are employed and include the use of cognitive sciences and poetics, linguistic theory, psychology, redaction criticism and literary theory. The Oxford Handbook of Early Christian Ritual Rikard Roitto, 2018-11-08. Scholars of religion have long assumed that ritual and belief constitute the fundamental building blocks of religious traditions and that these two components of religion are interrelated and interdependent in significant ways. Generations of New Testament and Early Christian scholars have produced detailed analyses of the belief systems of nascent Christian communities including their ideological and political dimensions but have by and large ignored ritual as an important element of early Christian religion and as a factor contributing to the rise and the organization of the movement. In recent years, however, scholars of early Christianity have begun to use ritual as an analytical tool for describing and explaining Christian origins and the early history of the movement. Such a development has created a momentum toward producing a more comprehensive volume on the ritual world of Early Christianity, employing advances made in the field of ritual studies. The Oxford Handbook of Early Christian Ritual gives a manifold account of the ritual world of early Christianity from the beginning of the movement up to the fifth century. The volume introduces relevant theories and approaches, central topics of ritual life in the cultural world of early Christianity and important Christian ritual themes and practices in emerging Christian groups and factions.
