Noegel, Joel Thomas Walker, Brannon M. Wheeler, 2003 Explores how people living in the ancient and late antique world sought to gain access to or in some cases to escape from the divine powers of heaven and earth **Hebrew between Iews** and Christians Daniel Stein Kokin, 2022-12-19 Though typically associated more with Judaism than Christianity the status and sacrality of Hebrew has nonetheless been engaged by both religious cultures in often strikingly similar ways The language has furthermore played an important if vexed role in relations between the two Hebrew between Jews and Christians closely examines this frequently overlooked aspect of Judaism and Christianity's common heritage and mutual The Iranian Talmud Shai Secunda / Yitz Landes, 2013-10-09 Although the Babylonian Talmud or Bavli has competition been a text central and vital to the Jewish canon since the Middle Ages the context in which it was produced has been poorly understood Delving deep into Sasanian material culture and literary remains Shai Secunda pieces together the dynamic world of late antique Iran providing an unprecedented and accessible overview of the world that shaped the Bavli Secunda unites the fields of Talmudic scholarship with Old Iranian studies to enable a fresh look at the heterogeneous religious and

ethnic communities of pre Islamic Iran He analyzes the intercultural dynamics between the Jews and their Persian Zoroastrian neighbors exploring the complex processes and modes of discourse through which these groups came into contact and considering the ways in which rabbis and Zoroastrian priests perceived one another Placing the Bayli and examples of Middle Persian literature side by side the Zoroastrian traces in the former and the discursive and Talmudic qualities of the latter become evident The Iranian Talmud introduces a substantial and essential shift in the field setting the Approaching Social Hierarchies in Byzantium Anna C. Kelley, Flavia stage for further Irano Talmudic research Vanni, 2025-01-20 Utilising new methodological approaches to understanding not only the poor as a social and economic group but also of the internal means of stratification which informed social organisation within local communities this book looks at the place of the poor within the multi layered hierarchies of Byzantine society using evidence from archaeology art architecture as well as narrative theological and legal texts Rather than treating the different levels of society independently it looks at the social interactions which replicated and reinforced hierarchies but were also subject to negotiation within local communities Fifteen leading Byzantine scholars discuss and analyse the topic of social hierarchies in the Byzantine Empire covering topics such as working lives the material world the stratification of space and philanthropy and social obligation The book will appeal to scholars and students alike interested in identity formation and expression in the Byzantine provinces as well as those researching the social history of the poor in Byzantium and the mechanisms of hierarchies social Spiritual Taxonomies and Ritual Authority Heidi Marx-Wolf, 2016-02-02 Spiritual marginalisation and oppression Taxonomies and Ritual Authority recounts how philosophers of the late third century C E organized the spirit world into hierarchies positioning themselves as high priests in the process By establishing themselves as experts on sacred matters they fortified their authority prestige and reputation Magic in Apuleius' >Apologia < Leonardo Costantini,2019-01-14 Despite the growing interest in Apuleius Apologia or Pro se de magia a speech he delivered in AD 158 159 to defend himself against the charge of being a magus the only comprehensive study on this speech and magic to date is that by Adam Abt 1908 The aim of this volume is to shed new light on the extent to which Apuleius speech reveals his own knowledge of magic and on the implications of the dangerous allegations brought against Apuleius By analysing the Apologia sequentially the author does not only reassess Abt s analysis but proposes a new reconstruction of the prosecution s case arguing that it is heavily distorted by Apuleius Since ancient magic is the main topic of this speech an extensive discussion of the topic is provided offering a new semantic taxonomy of magus and its cognates Finally this volume also explores Apuleius forensic techniques and the Platonic ideology underpinning his speech It is proposed that a Platonising reasoning distinguishing between higher and lower concepts lies at the core of Apuleius rhetorical strategy and that Apuleius aims to charm the judge the audience and ultimately his readers with the irresistible power of his arguments TRAC 2015 Matthew J. Mandich, Sergio Gonzalez Sanchez, Giacommo Savani, Eleonora Zampieri, Thomas J. Derrick, 2016-05-16 The 2015 TRAC

proceedings feature a selection of 14 papers summing up some of the key sessions presented at the conference held at the University of Leicester in March 2015 which drew over 180 delegates of 17 nationalities from a variety of universities museums and research institutions in the UK Europe and North America As this conference marked the 25th anniversary of TRAC the volume opens with a preface commemorating the last 25 years with an eye toward the future direction of both conference and community The proceedings begin with Dr Andrew Gardner's keynote paper on the topic of Debating Roman Imperialism Critique Construct Repeat This is followed by an array of papers with topics ranging in geographic scope and period from small finds in early Roman Britain to bathing practices Late Antique North Africa and from the investigation of deviant burials to the application of urban scaling theory in Roman contexts Because of this diversity the volume is not broken into specific sections however papers with similar themes are grouped accordingly allowing the text to flow and be read as a whole The range of contributing authors is also of note as papers were submitted by PhD students post doctoral researchers and university faculty all helping to make the 25th anniversary of this series one that continues to emphasis and reflect the aims of TRAC both as a conference and as a conduit for exploring more theory driven approaches to the Roman The Book of Sacred Names Jacobus G. Heineman, 2017-09-22 Examining the final years of Delphic consultation this monograph argues that the sanctuary operated on two connected yet distinct levels the oracle which was in decline and the remaining religious political and social elements at the site which continued to thrive In contrast to Delphi other oracular counterparts in Asia Minor such as Claros and Didyma rose in prestige as they engaged with new theological issues Issues such as these were not presented to Apollo at Delphi and this lack of expertise could help to explain why Delphi began to decline in importance The second and third centuries AD witnessed the development of new ways of access to divine wisdom Particularly widespread were the practices of astrology and the Neoplatonic divinatory system theurgy This monograph examines the correlation between the rise of such practices and the decline of oracular consultation at Delphi analyzing several examples from the Chaldean Oracles to demonstrate the new interest in a personal soteriological religion These cases reveal the transfer of Delphi s sacred space

which further impacted the status of the oracle Delphi's interaction with Christianity in the final years of oracular operation is also discussed Oracular utterances with Christian overtones are examined along with archaeological remains which demonstrate a shift in the use of space at Delphi from a pagan Panhellenic center to one in which Christianity is accepted and **Aramaic Incantation Bowls in Museum Collections** James Nathan Ford, Matthew Morgenstern, 2019-11-04 The Frau Professor Hilprecht Collection of Babylonian Antiquities at Friedrich Schiller Universit t Jena houses one of the major European collections of incantation bowls Forty bowls bear texts written in the Jewish Manichaean Syriac or Mandaic scripts and most of the rest some twenty five objects in the Pahlavi script or in various pseudoscripts The present volume comprises new editions of the Aramaic and Hebrew bowl texts based on high resolution photographs taken by the authors together with brief descriptions and photographs of the remaining material New readings are often supported with close up photographs The volume is intended to serve as a basis for further study of magic in late Antiquity and of the Late Eastern Aramaic dialects in which the texts were composed Greco-Egyptian Interactions Ian Rutherford, 2016-02-19 Contact and interaction between Greek and Egyptian culture can be traced in different forms over more than a millennium from the sixth century BC when Greeks visited Egypt for the sake of tourism or trade through to the Hellenistic period when Egypt was ruled by the Macedonian Greek Ptolemaic dynasty who encouraged a mixed Greek and Egyptian culture and even more intensely in the Roman Empire when Egypt came to be increasingly seen as a place of wonder and a source of magic and mystery This volume addresses the historical interaction between the ancient Greek and Egyptian civilizations in these periods focusing in particular on literature and textual culture Comprising fourteen chapters written by experts in the field each contribution examines such cultural interaction in some form whether influence between the two cultures or the emergence of bicultural and mixed phenomena within Egypt A number of the chapters draw on newly discovered Egyptian texts such as the Book of Thoth and the Book of the Temple and among the wide range of topics covered are religion such as prophecy hymns and magic philosophy historiography romance and translation Sasanian Archaeology: Settlements, Environment and Material Culture St John Simpson, 2022-12-22 This collection of essays offers an examination of the Sasanian empire based almost entirely on archaeological and scientific research much presented here for the first time The book is divided into three parts examining Sasanian sites settlements and landscapes their complex agricultural resources The Book of Immediate Magic - Part 2 Jacobus G. Swart, 2018-08 The Shadow Tree and their crafts and industries Series comprises a unique collection of Western Esoteric studies and practices which Jacobus G Swart spiritual successor to William G Gray and co founder of the Sangreal Sodality has actuated and taught over a period of forty years In The Book of Immediate Magic Part 1 Jacobus G Swart perpetuates the fundamental tenets of Self Creation in which it is maintained that the Centre establishes the Circumference and that personal reality is emanated in harmony with personal Will Hence this tome comprises an enhancement and expansion of the magical doctrines and techniques of Practical Kabbalah addressed in

The Book of Self Creation The Book of Sacred Names and The Book of Seals Amulets Jacobus Swart claims that working Immediate Magic is neither impossible nor difficult when we fully understand that consciousness is just one vast ocean and that thoughts are the waves we make in it It is all a matter of coordinating consciousness Paradise Now April D. De Paul and Asklepios Christopher D. Stanley, 2022-08-25 What role did offers of physical healing or the hope of receiving it play in the missionary program of the apostle Paul What did he do to treat the many illnesses and injuries that he endured while pursuing his mission What did he advise his followers to do regarding their health problems Such questions have been broadly neglected in studies of Paul and his churches but Christopher D Stanley shows how vital they truly become once we recognize how thoroughly pagan religion was implicated in all aspects of Greco Roman health care What did Paul approve and what did he reject Given Paul s silence on these subjects Stanley relies on a cross cultural and interdisciplinary approach to develop informed judgments about what Paul might have thought said and done with regard to his own and his followers health care He begins by exploring the nature and extent of sickness in the Roman world and the four overlapping health care systems that were available to Paul and his followers home remedies magical treatments religious healing and medical care He then examines how Judeans and Christians in the centuries before and after Paul viewed and engaged with these systems Finally he speculates on what kinds of treatments Paul might have approved or rejected and whether he might have used promises of healing to attract people to his movement. The result is a thorough and nuanced analysis of a vital dimension of Greco Roman social life and Paul s place within it The Transformation of **Greek Amulets in Roman Imperial Times** Christopher A.
