Prayer The Spirituality Of The Christian East Vol2:

The Spirituality of the Christian East Tomás Spidlík,1986 The Oxford Handbook of Christian Monasticism Bernice M. Kaczynski,2020-09-29 The Handbook takes as its subject the complex phenomenon of Christian monasticism It addresses for the first time in one volume the multiple strands of Christian monastic practice Forty four essays consider historical and thematic aspects of the Catholic Eastern Orthodox Oriental Orthodox Protestant and Anglican traditions as well as contemporary new monasticism The essays in the book span a period of nearly two thousand years from late ancient times through the medieval and early modern eras on to the present day Taken together they offer not a narrative survey but rather a map of the vast terrain The intention of the Handbook is to provide a balance of some essential historical coverage with a representative sample of current thinking on monasticism It presents the work of both academic and monastic authors and the essays are best understood as a series of loosely linked episodes forming a long chain of enquiry and allowing for various points of view The authors are a diverse and international group who bring a wide range of critical perspectives to bear on pertinent themes and issues They indicate developing trends in their areas of specialisation The individual contributions and the volume as a whole set out an agenda for the future direction of monastic studies In today s world where there is increasing interest in all world monasticisms where scholars are adopting more capacious global approaches to their investigations and where monks and nuns are casting a fresh eye on their ancient traditions this publication is especially timely

T&T Clark Handbook of Christian Prayer ,2021-12-16 The essays collected in this volume provide a resource for thinking theologically about the practice of Christian prayer In the first of four parts the volume begins by reaching back to the biblical foundations of prayer Then each of the chapters in the second part investigates a classical Christian doctrine including God creation Christology pneumatology providence and eschatology from the perspective of prayer The chapters in the third part explore the writings of some of the great theorizers of prayer in the history of the Christian tradition The final part gathers a set of creative and critical conversations on prayer responding to a variety of contemporary issues Overall the T T Clark Handbook of Christian Prayer articulates a theologically expansive account of prayer one that is deeply biblical energetically doctrinal historically rooted and relevant to a whole host of critical questions and concerns facing the world today

The God Who is Here Peter Traben Haas,2011 A Spiritual Discovery of the Christians in the Middle East Gabriel Quicke,2020-06-22 This book presents the various Churches and ecclesial communities in the Middle East focusing on the Assyrian Church of the East the Oriental Orthodox and the Oriental Catholic Churches the spiritual heritage of the Coptic Syriac and Armenian traditions The Christians in the Middle East can be called a Church of martyrs Listening to witnesses of faith in the first centuries as well as to the martyrs of our time this book reveals the cruel reality of the forgotten genocides at the beginning of the twentieth century The author discusses the role of Christians in the Middle East as bridge builders and emphasizes the importance of a historical perspective in order to understand better the crisis in the Middle East

the search for the underlying cause of terrorist attacks a plea for a spirituality of encounter a growth in openness and a deepening of Christian identity Finally he reflects on the responsibility of the West and expresses the firm hope and expectation that there is still a future for the Christians in the Middle East a new dawn

Psychology, Religion, and Spirituality James M. Nelson, 2009-02-17 Over a century ago psychologists who were fascinated with religion began to study and write about it Theologians and religious practitioners have responded to this literature producing a fascinating dialogue that deals with our fundamental understandings about the human person and our place in the world This book provides an introduction to the important conversations that have developed out of these interchanges The dialogue between psychology and religion is difficult to study for a number of reasons First it requires knowledge of both psychology and religion People with a background in psychology often lack a solid understanding of the religious traditions they wish to study and theologians may not be up to date on the latest developments in psychology Second it requires conceptual tools to organize the material and understand the basic problems involved in any attempt to connect the science of psychology with religion These concepts can be found in many places for instance in the writings of philosophers of science but they are complex and often hard to follow for those without a proper theological and philosophical background Finally authors who write on the topic come to the study of psychology and religion from a variety of academic and personal backgrounds This makes for wonderful diversity in conversations but it makes understanding and mastery of the material quite difficult

Worshiping with the Church Fathers Christopher A. Hall, 2010-03-18 Christopher Hall invites us to accompany the church fathers as they enter the sanctuary for worship and the chapel for prayer He also takes us to the wilderness where we learn from the early monastics as they draw close to God in their solitary discipline Readers will enjoy a rich and rare schooling in developing their spiritual life in this unique survey of the life of worship from the perspective of the early Church

Prayer: A Guide for the Perplexed Ashley Cocksworth, 2018-07-12 Central to the Christian life is the practice of prayer But what theologically speaking is going on when we pray What does prayer have to do with religious belief and action Does prayer make a difference Prayer A Guide for the Perplexed addresses these and other key questions regarding the Christian theology of prayer Beginning with Evagrius of Ponticus's On Prayer Ashley Cocksworth finds in this early document a profound expression of the integrity of the experience of prayer and theological thought Seeking throughout to integrate systematic theology and the spirituality of prayer individual chapters explore the meaning of some of the core doctrines of lived Christian faith the Trinity creation providence and the Christian life as they relate to the practice of prayer Complete with an annotated bibliography of sources on prayer to promote further reading this volume appeals to academics and general readers alike

At War in Prayer Fr. Anthony St. Shenouda, 2020-01-20 The practice of continuous prayer has been known in the Christian church as early as the second century CE well before the beginning of Christian monasticism One of the ways early Christians practiced continuous prayer was through the repetition of short bible verses throughout the day While this

mode of prayer did not have any specific name until the twentieth century its practice has always been characterized by the imagery of warfare and more specifically the use of arrows It was probably this that gave rise to its name the Arrow Prayer on account of its brevity and its use to attack evil thoughts However most research on continuous prayer only focuses on the Jesus Prayer In this book Fr Anthony St Shenouda scrutinizes this conclusion by examining the sources that attest to any practice of continuous prayer and the cultural backdrop that gave rise to these practices Ultimately he argues that the tradition of the Arrow Prayer is much older than the Jesus Prayer and that it is the parent tradition out of which the Jesus Prayer arose

Mystics William Harmless, 2008 In *Mystics* William Harmless S J introduces readers to the scholarly study of mysticism He explores both mystics extraordinary lives and their no less extraordinary writings using a unique case study method centered on detailed examinations of six major Christian mystics Thomas Merton Bernard of Clairvaux Hildegard of Bingen Bonaventure Meister Eckhart and Evagrius Ponticus Rather than presenting mysticism as a subtle web of psychological or theological abstractions Harless s case study approach brings things down to earth restoring mystics to their historical context

Christian Solar Symbolism and Jesus the Sun of Justice Kevin Duffy, 2022-02-24 This pioneering study of Christian sun symbolism describes how biblical light motifs were taken up with energy in the early Church Kevin Duffy argues that living in a world of 24/7 illumination we need to reconnect with the sun and its light to appreciate the meaning of light in the Bible and Christian tradition With such a retrieval we can appreciate Pope Francis s insistence that like the moon the Church does not shine with its own light and assess the claim that the Eucharist is to be celebrated *Ad Orientem* that is towards the rising sun in the East Liturgy architecture poetry and the writings of saints and theologians such as Augustine Hildegard of Bingen Francis of Assisi and Thomas Traherne offer abundant resources for a much needed ressourcement While Christ was preached as the True Sun among sun worshipping Aztecs and the consecrated host was placed in a solar monstrance on Baroque altars in the modern era solar themes have been neglected In this accessible work the author suggests that we rebalance a spiritual symbolism that has over emphasised darkness and cloud at the expense of light and sun He proposes a creative retrieval of the traditional title of Christ as the Sun of Justice This title blends the personal the social and the cosmic ecological and speaks powerfully to a secularising era that contemporaries Friedrich Nietzsche and Th r se of Lisieux both described as one where the sun does not shine

Healing Fractures in Contemporary Theology Peter John McGregor, Tracey Rowland, 2022-01-20 Since Vatican II the key question that has developed in Catholic theology often unstated or unrecognized is what is theology The thesis presented here is that contemporary theologizing is fractured in many places and to varying degrees These fractures can vary in seriousness between theologians and a particular theologian may suffer from some fractures but not others The fractures addressed here are between theology and spirituality theology and philosophy theology and liturgy the literal and spiritual senses of sacred scripture theology preaching and apologetics theology and ethics theology and social theory dogmatic and pastoral theology theology and the
