living experience of connecting with heavens power The Bibles true statement Faith without works is dead is also true when turned backward an absence of prayer in our life demonstrates the absence of faith in our heart faith in the actual effectiveness of prayer as the Bible describes it If we pray God will act if we dont pray he wont The sole aim of Power to Pray is to increase this faith in all of us so that our Father who eagerly waits for us to pray can act on earth as in heaven The rest is up to you and the Holy Spirit My prayer is that the immense purposes of God will be accomplished through your simple prayers

**Judith** Deborah Levine Gera, 2013-11-27 The Book of Judith has aroused a great deal of scholarly interest in the last few decades This volume the first full length commentary on Judith to appear in over 25 years includes a new translation and a detailed verse by verse commentary which touches upon philological literary and historical questions The extensive introduction discusses the work s date and historical background and looks closely at the controversial question of the book s original language Biblical influences on the book s setting characters plot and language are investigated and the heroine Judith is viewed against the background of biblical women and men The influence of classical Greek writers such as Herodotus and Ctesias on the work is noted as are the interesting differences between the Septuagint and Vulgate versions of Judith Prayers of Jewish Women Markus H. McDowell, 2006 Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of

some fresh insights for the study of women's religious and social roles in the ancient world. The texts are analyzed and categorized within five areas: social location, content, form, occasion, and gender perspective. The prayers are also compared and contrasted with men's prayers in the same sources. The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear. By examining all prayers in these texts uttered by women, not just prayers of named or prominent women, and then comparing them with all the prayers of men in those same texts, certain patterns appear. This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period. While there are fewer prayers by women than men in this literature, the prayers of women are not portrayed as significantly different from those of men in terms of social location, content, form, or occasion. At the same time, the prayers of women exhibit other patterns of language and, in a minor way, form and occasion that differ from the prayers of men. Effie's prayer; or, 'Thy will be done' 2nd ed.
