Wisenberg,2006-12-01 Personal observations by an American Jewish woman writer about contemporary and historical events **One Woman'S Cry Is Another Woman'S Answer** Rosemary C Green,2017-05-22 Deep Calls Too Deep Over the years Ive always felt I had a great relationship with the Lord I was told I was a gifted child I would hear things or see people that werent there My grandmother Letha Mae would tell me that it was a gift from God that he would one day use me to HELP healing everything life presents people Yes what a life to live For that reason I stayed close to God as I could I lived in much fear and silence in an upside down world that never stopped turning The tears I shed and the rejection I witnessed became my personal testimony I felt I needed to keep this a secret In order to do so I talked less I would dream and the next day I would be walking into my dream They sometimes dictated my day As a child Ive always wanted to just grow up live my life get married and have children with God being the center Im living in a world they say is normal which seems to take me on a different path in life The comfort I find in God is that he loves me and he cares for me and Im always on his mind His favor follows me and I cant do anything about it So I choose to love him back Knowing that he knew me before I was in my mothers womb is amazing to me The safety of his love takes my fears away as I crawl upon his lap and let him be my God What I want you to see in my writings is that no matter what youve gone through or where youve been he cant help but love you We are to serve and walk in love Its notes all the time but it gets easier with the Lords help It is a learned behavior to choose and do it I remembered hearing people call out for help Yet when I looked around everyone would appear to be very happy I believe then God was guiding me in a path of faith Deliverance and healing Im experiencing now in ministry The biggest challenge is to hear someone calling for HELP and not finding the voice that carries such pain I fasted and prayed to God for an answer for what to do with what Im hearing The answer I got was to challenge it by praying and looking for a person I did and when I located who that person might have been she tried to deny it until I sincerely with oozing love asked her again How are you really doing Then at that point she burst into uncontrollable tears that I knew as a human being I couldnt handle within myself God led me every step of what to do and from then on I cant help myself Ladies in this book alone we choose to share our stories What is your story Remember one womans cry is another womans cry You must choose to be loved Forgive them that wounded you Win by losing And he said to them all If any man will come after me let him deny himself and take up his cross daily and follow me For whosoever will save his life shall lose it but whosoever lose his life shall

Miracles and Wonders in the Middle Ages and Early Modern

Period Albrecht Classen,2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women s miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people s mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today **Prayer Passport to**
