Confronting Religious Denial of Science Catherine M. Wallace, 2016-07-05 Confronting Religious Denial of Science Christian Humanism and the Moral Imagination traces the cultural backstory of contemporary conflicts between biblical literalists who oppose evolution and New Atheists who insist that religion is so pernicious it should be outlawed if not exterminated That s a clash of fundamentalisms It s a zero sum game derived from high Victorian misunderstanding of both

religion and science The God whom science supposedly replaces is the Engineer Almighty sitting at his keyboard controlling every event on earth But that s not a viable concept of God Far better Wallace argues to understand Christianity in Clifford Geertz s terms as a system of symbols that both constitutes a worldview and according to David Sloan Wilson encourages prosocial behavior That reframing makes it possible to reclaim what biblical scholars have said for decades the miracles of Jesus were confrontational symbolic actions They contradicted the political status quo in colonial Palestine not the laws of biology Prayer she explains is not magical thinking It s a creative highly disciplined introspective process most familiar to many people in forms like mindfulness meditation Wallace offers an intriguing exploration of issues that believers seldom discuss in ways that make sense to the religiously unaffiliated

The Activated Disciple Jeff Cavins,2018-11-05 Are you ready to take your faith to the next level If you yearn for a life that moves beyond believing and practicing your faith if you want to radically live your faith if you want a more profound relationship with Jesus Christ then it is time for you to become an activated disciple The Foundation of discipleship is imitation True discipleship requires such a close relationship with God that every area of your life is transformed It is about opening yourself to God and inviting him to dwell within you becoming holy as he is holy loving as he is loving disciples of Christ become the instruments God employs to transform the world Move beyond simply believing and practicing your faith and begin radically living it Overcome obstacles that keep you from being the disciple you are made to be Be a positive influence and an instrument of transformation in the Church The True Latter-Day-Saints' Herald ,1875
