Rooted in Place William W. On Our Way Rejoicing Norm Kohn,2008-01-23 To celebrate its sesquicentennial Central 1858 2008 has gathered a collection of histories memories and musings from its members as well as former staff and their families The result is a colorful patchwork quilt of both research and recollection that captures this venerable Atlanta congregation's rich array of ministries programs and activities through the years Members and visitors alike receive a warm welcome at Central

Presbyterian Church in Atlanta a church well known for its inclusive hospitality Within this historic place at the heart of the old city all receive strength from the ministries of worship education and congregational nurture and leave equipped to respond to the ever changing needs of the community and the world Central as it appeared in 1937 provides a backdrop for the Palm Sunday march on Capitol Hill Before Brown Glenn Feldman,2004-09-13 Details the ferment in civil rights that took place across the South before the momentous Brown vs Board of Education decision in 1954 This collection refutes the notion that the movement began with the Supreme Court decision and suggests rather that the movement originated in the 1930s and earlier spurred by the Great Depression and later World War II events that would radically shape the course of politics in the South and the nation into the next century This work explores the growth of the movement through its various manifestations the activities of politicians civil rights leaders religious figures labor unionists and grass roots activists throughout the 1940s and 1950s It discusses the critical leadership roles played by women and offers a new perspective on the relationship between the NAACP and the Communist Party Before Brown shows clearly that as the drive toward racial equality advanced and national political attitudes shifted the validity of white supremacy came increasingly into question Institutionalized racism in the South had always offered white citizens material advantages by preserving their economic superiority and making them feel part of a privileged class When these rewards were threatened by the civil rights movement a white backlash occurred
