## **Prc Pharmaceutical Industry Database 1996 Edition:**

**Daily Report, China** United States. Foreign Broadcast Information Service,1996 *China and the Global Business Revolution* P. Nolan,2001-07-26 China has used industrial policies to try to build large corporations that can challenge those based in more advanced countries By the late 1990s the operational mechanism of China s large firms had seen large advances Simultaneously a revolution has taken place in global business systems and China s large firms are even further behind the global leaders than when they began their reforms The WTO will require China to operate rapidly on the global playing field in competition with the world s leading corporations and this increased gap presents a deep challenge for China s business and political leaders Peter Nolan presents here the first in depth case studies of China s large corporations under economic reform combined with systematic benchmarking of these firms against the world s leading corporations The book is an unrivalled resource of information on Chinese businesses and also leads the reader to consider the impact of China s response to its current challenges not only on China itself but on the wider global economy *Monthly Catalog of United States Government Publications* ,2000 *F&S Index United States* ,1997 *Signal* ,1995 **The Human Element of Big Data** Geetam S. Tomar,Narendra S. Chaudhari,Robin Singh Bhadoria,Ganesh Chandra Deka,2016-10-26 The proposed book talks about the participation of human in Big Data How human as a component of system can help in making the decision process easier and vibrant It studies the basic build structure for big data and also includes advanced research topics In the field of Biological sciences it comprises genomic and proteomic data also The book swaps traditional data management techniques with more robust and vibrant methodologies that focus on current requirement and demand through human computer interfacing in order to cope up with present business demand Overall the book is divided in to five parts where each part contains 4 5 chapters on versatile domain with human side of Big Data **China's Entrepreneurial Army** Tai Ming Cheung,2001 China s Entrepreneurial Army offers a fascinating insight into the complex interwoven relationship between state power military burden and economic prosperity in today s China From the early 1980s to the end of the 1990s the People s Liberation Army went into business to make up for falling defence spending It established the world s largest military business complex comprising thousands of army owned enterprises stretching into virtually every corner of the Chinese economy and overseas This participation in business gave the military substantial economic strength and allowed it to adapt to the changing locus of power and authority in China in the reform era which was increasingly measured through economic might But the rapid ascent of the military commercial juggernaut also sowed the seeds of its ignominious demise Corruption smuggling and profiteering became so rampant that the political reliability of the military and the health of the Chinese economy began to be undermined In 1998 the armed forces were ordered to get out of business Tai Ming Cheung traces the origins examines the participation and details the demise of the Chinese military business complex This path breaking study is a uniquely comprehensive and in depth account of this Byzantine and opaque institution and provides a

vivid portrait of the corporations military units personalities and other entities that were at the heart of this commercial powerhouse Based upon extensive research of primary source Chinese publications and field work China's Entrepreneurial Army looks at the role of the military business complex from a number of different perspectives its success as a commercial venue the impact on civil military relations and the broader benefits and drawbacks of this commercialism on military professionalism and economic modernization in China and elsewhere

**China's Drug Practices and Policies** Hong Lu, Terance D. Miethe, Bin Liang, 2016-05-23 In the context of global efforts to control the production distribution and use of narcotic drugs China's treatment of the problem provides an important means of understanding the social political and economic limits of national and international policies to regulate drug practices In the nineteenth and early twentieth centuries China was known for its national addiction to opium but its drug eradication campaigns from the 1950s to the 1970s achieved unprecedented success that ultimately transformed China into a drug free society However since the economic reforms and open door policy of the late twentieth century China is now facing a re emergence of the production use and trafficking of narcotic drugs Employing case studies and a comparative historical approach and drawing on a variety of data sources including historical records official crime data only recently made available and news reports this book is the first English language publication to provide such a comprehensive documentation and analysis of the nature of China's legal regulation of controlled substances The authors also offer theoretical approaches for studying drug regulation aspects of drug consumption cultures the socio political treatment of drugs during various historical periods and ongoing efforts to legislate drug trade criminalize drug use and manage the drug addict population within national and international contexts
