actress who had done occasional workshops at the correctional facility Peterson was ill prepared for a full time stint teaching in the GED program for the incarcerated youths For the first time faced with full days teaching the rambunctious hyper and fragile adolescent inmates Ms P comes to understand the essence of her predominantly Black and Latino students as she attempts not only to educate them but to instill them with a sense of self worth long stripped from their lives I have quite a spirited group of drama kings court jesters flyboy gangsters tricksters and wannabe pimps all in my charge all up in my face to educate Peterson discovers Corralling this motley crew of bad news bears to do any lesson is like running boot camp for hyperactive gremlins I have to be consistent alert firm witty fearless and demanding and most important I have to have strong command of the subject I m teaching Discipline is always a challenge with the students spouting street infused backtalk and often bouncing off the walls with pent up testosterone Peterson learns quickly that she must keep the upper hand set the rules and enforce them with rigor even when her sympathetic heart starts to waver Despite their relentless bravura and antics and in part because of it Peterson becomes a fierce advocate for her students She works to instill the young men mostly black with a sense of pride about their history and culture from their African roots to Langston Hughes and Malcolm X She encourages them to explore and express their true feelings by writing their own poems and essays When the boys push her buttons on an almost daily basis she pushes back demanding that they meet not only her expectations or the standards of the curriculum but set expectations for themselves something most of them have never before been asked to do She witnesses some amazing successes as some of the boys come into their own under her tutelage Peterson vividly captures the prison milieu and the exuberance of the kids who have been handed a raw deal by society and have become lost within the system Her time in the classroom teaches her something too that these boys want to be rescued They want normalcy and love and opportunity
