B. Bosworth,2014-03-04 In 1945 disguised in German greatcoat and helmet Mussolini attempted to escape from the advancing Allied armies Unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by Fascist propaganda gave him away Within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people He was one of the tyrant killers who so scarred interwar Europe but we cannot properly understand him or his regime by any simple equation with Hitler or Stalin Like them his life began modestly in the provinces

unlike them he maintained a traditional male family life including both wife and mistresses and sought in his way to be an intellectual. He was cruel though not the cruellest; his racism existed but never without the consistency and vigor that would have made him a good recruit for the SS. He sought an empire but in the most part his was of the old-fashioned costly nineteenth-century variety, not a racial or ideological imperium. And self-evidently Italian society was not German or Russian; the particular patterns of that society shaped his dictatorship. Bosworth's *Mussolini* allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated. With extraordinary skill and vividness drawing on a huge range of sources, this biography paints a picture of brutality and failure yet one tempered with an understanding of Mussolini as a human being not so different from many of his contemporaries. The definitive study of the Italian dictator. *Library Journal* *Governments of the Major Foreign Powers* Military Academy, West Point, 1945 Keith Hancock D.A. Low, 2016-06-03 Sir Keith Hancock KBE 1898-1984 was the most distinguished scholar in the humanities and social sciences to have been born and to have worked in Australia. He was a graduate of the University of Melbourne, a Rhodes Scholar and the first Australian Fellow of All Souls College Oxford. He successively held History chairs at the universities of Adelaide, Birmingham, Oxford and London and at the Australian National University. Aged 32 he published his *Australia* (London 1930), still the single most striking commentary on this country, many of whose aphorisms have percolated through into numerous other writings. Aged 74 he published his last major work *Discovering Monaro: A Study of Man's Impact on the Environment* (Cambridge 1972), which was arguably the primary fillip to the study of Australian environmental history to this day. The main chapters of this book discuss largely in sequence the major books that he wrote in the fields with which he dealt and the directions these have taken since he did so. They revisit an extraordinary series of creative achievements while providing an introduction to the work of an exceptional Australian scholar. The book will be important for anyone interested in the Humanities in Australia and particularly for those concerned with Australian historiography. There are indications that imaginative teachers of History Honours students are already going back to Hancock's writing and finding students responding positively to it. **Diplomacy Between the Wars** George W. Liebmann, 2008-07-30 *Diplomacy Between the Wars* is a detailed inside story of diplomacy seen through the careers of five remarkable career diplomatists. Here is a unique and authentic picture of practical diplomacy and its effect during periods of international crisis which shaped the twentieth century. These were not the statesmen and politicians who dominated the international stage but practical diplomats with long experience, linguistic competence, deep knowledge of the local conditions, history, culture and of the people of the countries where they served. George Liebmann also brings acute political awareness to the subject. The achievements of these diplomats, often unsung during their careers and gleaned largely from history books, were considerable and a monument to practical professional diplomacy. Lewis Einstein was influential in demonstrating the central role and its control of finance and credit in modern wars and urging massive US economic

assistance to Europe and after World War II providing the intellectual underpinnings of the Marshall Plan Sir Horace Rumbold's work was vital in avoiding war between Great Britain and Turkey and in warnings of the dangers of Hitler Johann von Bernstorff opposed Germany's naval militarism supported a negotiated end to the First World War and peaceful revision of the Treaty of Versailles Count Carlo Sforza urged restraint on Italy's territorial ambitions and tolerance for former Fascists and Communists and Ismet Inonu kept Turkey out of war preserved her national interest at the Treaty of Lausanne and maintained friendship with the great powers He worked for religious toleration and the limitation of dictatorship in Ataturk's secular Turkish Republic

Big Swords, Jesuits, and Bondelswarts John S. Lowry, 2015-11-16 In *Big Swords Jesuits and Bondelswarts* John S Lowry demonstrates that anti imperialist resistance movements overseas significantly shaped the course of Wilhelmine domestic politics between 1897 and 1906 In 1898 and 1900 for example the consequences of Chinese Cuban and Samoan resistance permitted Berlin to steer two large naval laws through the Reichstag by enabling the government to garner critical votes from the Catholic Center Party through pro Catholic gestures overseas rather than via repeal of the Anti Jesuit Law at home By contrast after 1903 costly uprisings throughout German occupied Africa generated acute fiscal concerns among Center Party delegates and African civilian protests against colonial misrule aroused missionary and Centrist ire Lowry emphasizes that the ensuing Reichstag dissolution of 1906 arose much more directly from African factors than previous scholarship has recognized

Pinocchio Goes Postmodern Richard Wunderlich, Thomas J. Morrissey, 2014-04-04 In the first full length study in English of Carlo Collodi's *The Adventures of Pinocchio* the authors show how the checkered history of the puppet illuminates social change from the pre World War One era to the present The authors argue that most Americans know a trivialized diluted version of the tale one such source is Disney's perennial classic The authors also discover that when adults are introduced to the real story they often deem it as unsuitable for children Placing the puppet in a variety of contexts the authors chart the progression of this childhood tale that has frequently undergone dramatic revisions to suit America's idea of children's literature

The Dublin Magazine, 1940 *The Rise and Fall of the Italian Economy* Carlo Bastasin, Gianni Toniolo, 2023-09-07 Carlo Bastasin and Gianni Toniolo provide a much needed up to date economic history of Italy from unification in 1861 to the present day They show how thirty years after unification Italy began a long phase of convergence with more advanced economies so that by the late twentieth century Italy's per capita income reached the levels of Germany France and the UK From the mid 1990s however the Italian economy declined first in relative and then absolute terms The authors describe the intertwined financial and institutional crises that eroded trust in the political system and in the economy at the exact juncture when new technologies and markets transformed the global economy Longstanding problems of uneven levels of education and obsolete bureaucratic and judicial practices deepened the division between economically vibrant regions and the rest causing polarization political instability and rising public debt Italy's contemporary malaise makes the country a test case for understanding the implications of

protracted declines in productivity and the flattening of GDP growth for the stability of western democracies resulting in populism mistrust and political instability The Dublin Magazine Seumas O'Sullivan,1967 *The English Catalogue of Books Published from January, 1835, to January, 1863* ,1864 **The Politics of Southern Europe** José Magone,2003-02-28
