## **Preaching Christ Today:**

**Preaching Jesus Christ Today** Annette Brownlee, 2018-05-15 This book approaches preaching as a theological practice and a spiritual discipline in a way that is engaging straightforward and highly usable for busy preachers Bringing to bear almost three decades of practical experience in the pulpit and the classroom Annette Brownlee explores six questions to help preachers listen to Scripture move from text to interpretation for weekly sermon preparation and understand the theological significance of the sermon Each chapter explains one of the Six Questions of Sermon Preparation provides numerous examples and illustrations and contains theological reflections The final chapter includes sample sermons which put the Six Question method into practice *Preaching Christ Today* Thomas Forsyth Torrance, 1994 Biblical scholar former professor and author Thomas Torrance suggests that great preaching today not only includes a faithful presentation of the Christian gospel but that such presentation be expressed in ways that can be appreciated within the modern scientific understanding of the created universe upon which God has impressed his Word *Preaching Christ in All of Scripture* Edmund P. Clowney, 2003-06-06 Voicing one theme for the entire Bible and structuring all sermons around that idea may seem to be an impossible challenge For veteran pastor and preaching professor Edmund Clowney it will not do to preach a text from either the Old or New Testaments without fully preaching its ultimate and primary focus the person and work of Jesus Christ He writes To see the text in relation to Christ is to see it in its larger context the context of God s purpose in revelation Clowney s rationale for emphasizing Christ s presence in the Old Testament rests on the purpose of the Hebrew Scripture The Old Testament follows God s one great plan for human history and redemption and the plan is not only from him but centers on him his presence in his incarnate Son The witness of the Scriptures to Christ is the reason they were written so it is appropriate to emphasize this element in the Old Testament as well as in the New Testament By offering numerous full length examples of his own sermons that emphasize Christ as the principle theme of Scripture Clowney illustrates for those who will never have the privilege of being his students how they can craft sermons which present Christ as the primary consideration of the text He also offers specific instructions on preparing such a sermon He discusses the personal habits of prayer and Bible study that prepare pastors to seek out Christ s presence Clowney emphasizes the importance of including a specific application in every sermon so that Christ is presented both in what he says and does to reveal himself in the biblical text and in what he says and does to direct Christians lives today Students preparing for the pastorate pastors desiring to increase their emphasis on Christ in their sermons and those seeking Christ s presence in all of Scripture will find a help in Clowney s writings *Preaching Christ from Daniel* Sydney Greidanus, 2012-12-19 In *Preaching Christ from Daniel* Sydney Greidanus shows preachers and teachers how to prepare expository messages from the six narratives and four visions in the book of Daniel Using the most up to date biblical scholarship Greidanus addresses foundational issues such as the date of composition the author s and original audience of the book its overall message and goal and various ways of preaching Christ

from Daniel Throughout his book Greidanus puts front and center God's sovereignty providence and coming kingdom Each chapter contains building blocks for constructing expository sermons and lessons including useful information on the context themes and goals of each literary unit links between Daniel and the New Testament how to formulate the sermon theme and goal contemporary application and much more **Preaching Jesus Christ** David G. Buttrick, 2002-09-18 This book focuses on the life message death and resurrection of Christ as well as the problems of preaching Christology to the mind of our age the homiletic shape of Christology and the presence of Christ Buttrick urges that preachers declare the present tense reality of God's New Order The Kingdom

**Preaching Jesus** Eunjoo Mary Kim, 2024-05-29 How can postcolonial approaches make a difference in preaching Jesus The many postcolonial approaches used in this book will help preachers reinterpret the stories metaphors and characters in the Bible and create new images of Jesus rooted in his historical identity as a colonized person Preaching Jesus with new images that are totally different from the traditional colonial ones not only challenges listeners to reconsider their individual and communal identities as followers of Jesus but also provides them with theological and ethical guidance for living out those identities in daily life Ultimately preaching Jesus through postcolonial approaches is a prophetic ministry that awakens listeners and their communities to seek reconciliation between colonized and colonizers and suggests a common ground of faith and hope for the life enhancing future of all people living in the twenty first century The five chapters of this book employ diverse postcolonial hermeneutical and homiletical methods across a broad disciplinary spectrum This range includes intersectional and interdisciplinary studies with historical literary and cultural approaches in dialogue with phenomenological philosophy a postcolonial practical theological method postcolonial feminist interpretation postcolonial biblical hermeneutics and postcolonial intertextuality All these approaches invite the colonized and their descendants to be conversation partners and reflect their lived experiences in the reimagining the identity of Jesus Moreover the theological and homiletical insights gained through such postcolonial approaches will help preachers invite their listeners into a partnership with the triune God in order to participate in God's reconciling work The postcolonial approaches used in this book contest the dominance of traditional assumptions and practices of preaching Jesus and propose a new homiletical paradigm that makes it possible for Christian preaching to contribute to the transformation of our present world into a life lived together in justice and peace with the new images of Jesus as postcolonial self postcolonial song postcolonial child postcolonial body and postcolonial friend

*Trinitarian Doxology* Kevin J. Navarro, 2020-10-29 Most approaches to liturgical theology are anthropocentric the study of liturgy is primarily focused on what we the worshipers do Thomas F Torrance and James B Torrance offer a trinitarian and christocentric approach This informs not only the why of worship and not simply the what or how of worship but centers on the One whom we worship Most significantly it fully recognizes the key role of the humanity of Christ as the ascended High Priest who alone offers the perfect worship and through whom alone we are enabled by the Spirit to worship God

**The Gospel for Today** R. A. Torrey, 2013-03-25 From 1902 1907 R A Torrey went

on a series of startlingly successful speaking tours to nearly every part of the English speaking world His preaching sparked revivals and drew crowds on multiple continents Throughout these tours and for the rest of his ministry Torrey delighted in pointing out that the message he preached was changeless The Gospel for Today is a collection of those sermons as poignant and effective today as when he first preached them It is sure to be a treasured part of any Christian book collection

*Preaching Christ from Ecclesiastes* Sidney Greidanus,2010-05-03 As Sidney Greidanus points out the biblical book of Ecclesiastes is especially relevant for our contemporary culture because it confronts such secular enticements as materialism hedonism cut throat competition and self sufficiency But how can preachers best convey the ancient Teacher s message to congregations today A respected expert in both hermeneutics and homiletics Greidanus does preachers a great service here by providing the foundations for a series of expository sermons on Ecclesiastes He walks students and preachers through the steps from text to sermon for all of the book s fifteen major literary units explores various ways to move from Ecclesiastes to Jesus Christ in the New Testament and offers insightful expositions that help the preacher in sermon production but omit the theoretical and often impractical discussions in many commentaries **Preaching Christ from Genesis** Sidney Greidanus,2007-06-25 Sidney Greidanus s previous two preaching books *The Modern Preacher and the Ancient Text* and *Preaching Christ from the Old Testament* have received wide acclaim *Preaching Christ from Genesis* offers more of Greidanus s solid practical homiletical fare Packed with unique features *Preaching Christ from Genesis* uses the latest scholarly research to analyze twenty three Genesis narratives presents the rhetorical structures and other literary features of each narrative discloses the message for Israel theme as well as the authors likely purpose goal explores various ways of preaching Christ from each narrative offers sermon exposition and commentary in oral style suggests relevant sermon forms introductions and applications Including helpful appendixes Ten Steps from Text to Sermon An Expository Sermon Model and three of the author s own Genesis sermons this volume will be an invaluable resource for preachers and Bible teachers Publisher [Biblical Preaching for Today's World](#) Lloyd Perry,1990-03-08 Biblical preaching has not outgrown its usefulness The methods may vary but the message remains the same God s challenge and call to the preacher still come through loud and clear Preach the Word Lloyd M Perry s *Biblical Preaching for Today s World* has been helping pastors and speakers preach the Word since 1973 Although the principles Perry originally established are timeless the needs and concerns of audiences are always changing To help pastors preach more effectively to today s congregations Perry has updated his original manuscript He offers pastors help in understanding and adjusting to the effects television has had on an audience s listening skills Historical references throughout each chapter will also help preachers learn from yesterday s teachers and styles *Biblical Preaching for Today s World* continues to offer sound time tested principles for preaching regardless of the preacher s style Filled with helpful suggestions annotated outlines and solid documentation it is invaluable reading for all who aspire to preach the Word **We Preach Christ Crucified** Michael E. Connors,2014 In June of 2012 an astounding

360 people gathered at the University of Notre Dame for a major conference on Catholic preaching. With contributions by a wide variety of theologians and practitioners, *We Preach Christ Crucified* gathers the fruits of those days spent reflecting on the importance of the preaching ministry. Its release is timely given the US bishops promulgation of a new document on preaching, *Preaching the Mystery of Faith*, The Sunday Homily, January 2013, and the renewed emphasis on preaching by both Pope Benedict XVI and Pope Francis. The challenges facing Christian preachers in our time are many and formidable ones. The authors in this collection take a fresh look at the task, the resources at hand, the contemporary context, and the preacher. The result is a refreshing and stunningly hopeful reconsideration of an ancient ministry. *We Preach Christ Crucified* includes essays by Robert Barron, Archbishop Robert J. Carlson, John C. Cavadini, Archbishop Gustavo Garcia Siller, MSpS, Mary Catherine Hilkert, OP, Jan Michael Joncas, Barbara E. Reid, OP, Michael E. Connors, CSC, ThD, a pastoral theologian and teacher of homiletics on the faculty of the Theology Department at the University of Notre Dame, where he also directs the John S. Marten Program in Homiletics and Liturgics. He is the author of *Incultured Pastoral Planning: The U.S. Hispanic Experience*, Gregorian University Press, 2001. **How to Preach the Prophets for All Their Worth**, Andrew G. M.

Hamilton, 2022-05-24. The Old Testament prophetic books play a key role in revealing God's plan of salvation. They occupy a significant portion of the biblical canon, similar in size to the entire New Testament. Yet most believers stay clear of this part of Scripture. They avoid traveling through this forest of oracles and visions. Many preachers also struggle to navigate this unfamiliar territory. Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books. The church, however, needs to hear and respond to the beauty, depth, and relevance of the prophetic message. This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers, small group leaders, youth workers, etc. to communicate the message of the prophets with hermeneutical precision, theological depth, genre sensitivity, and pastoral pulse. This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God's people enjoy the scenery of this part of God's word. **T&T Clark Handbook of Thomas F. Torrance**, Paul D. Molnar, Myk Habets, 2020-02-20. This handbook explores Thomas F. Torrance's importance in modern theology, with each contribution bringing Torrance's deep and nuanced insights to a broad range of contemporary theological concerns. The contributors to this volume present cutting-edge Torrance scholarship for a new generation, which will enable readers to see the timely significance of Torrance for today. Comprising both contexts and dogmatics, these essays not only introduce key themes in Torrance's extensive published writings, including his work on the Trinity, ecumenism, incarnation, atonement, and eschatology, but also provide fresh interpretations fully conversant with theological problems facing the church in the world today. Designed as both a guide for students and a reference point for scholars, this handbook thoroughly explores the frameworks of key debates related to Torrance's theology while also suggesting fresh interpretative strategies concerning his

thought     Reconsidering Arminius Keith D. Stanglin, Mark G. Bilby, Mark H. Mann, 2014-12-16 The theology of Dutch theologian Jacob Arminius has been misinterpreted and caricatured in both Reformed and Wesleyan circles By revisiting Arminius's theology the book hopes to be a constructive voice in the discourse between so called Calvinists and Arminians Traditionally Arminius has been treated as a divisive figure in evangelical theology Indeed one might be able to describe classic evangelical theology up into the twentieth century in relation to his work one was either an Arminian and accepted his theology or one was a Calvinist and rejected his theology Although various other movements within evangelicalism have provided additional contour to the movement fundamentalism Pentecostalism etc the Calvinist Arminian divide remains a significant one What this book seeks to correct is the misinterpretation of Arminius as one whose theology provides a stark contrast to the Reformed tradition as a whole Indeed this book will demonstrate instead that Arminius is far more in line with Reformed orthodoxy than popularly believed and show that what emerges as Arminianism in the theology of the Remonstrants and Wesleyan movements was in fact not the theology of Arminius but a development of and sometimes departure from it This book also brings Arminius into conversation with modern theology To this end it includes essays on the relationship between Arminius's theology and open theism and Neo Reformed theology In this way this book fulfills the promise of the title by showing ways in which Arminius's theology once properly understood can serve as a resource of evangelical Wesleyans and Calvinists doing theology together today Editors Keith D Stanglin Mark G Bilby and Mark H Mann Contributors Jeremy Dupertuis Bangs Mark G Bilby Oliver D Crisp W Stephen Gunter John Mark Hicks Mark H Mann Thomas H McCall Richard A Muller Keith D Stanglin E Jerome Van Kuiken     Christ's Humanity in Current and Ancient Controversy: Fallen or Not? experience of life and the definition and practice of the church In this set Brother Lee has kept three basic principles that should rule and govern every believer in their interpretation development and expounding of the truths contained in the Scriptures The first principle is that of the Triune God dispensing Himself into His chosen and redeemed people the second principle is that we should interpret develop and expound the truths contained in the Bible with Christ for the church and the third governing principle is Christ the Spirit life and the church No other study or exposition of the New Testament conveys the life nourishment or ushers the reader into the divine revelation of God s holy Word according to His New Testament economy as this one does *A.C.T.S. *Preaching Jesus* Charles L. Campbell,2006-09-01 The post liberal cultural linguistic theology of the Yale School has been one of the most important theological developments in the United States during the latter twentieth century In this unique book which combines theological analysis and homiletical reflection Charles Campbell examines post liberal theology as it is embodied in the work of Hans Frei and develops the implications of this theological position for the theory and practice of preaching Arguing that the trouble with homiletics today is fundamentally theological Campbell offers Frei s theological position as a means for enriching the Christian pulpit and renewing the church **The Gospel According to Micah** Dr. Micah L. Caswell,2022-11-08 Most people do not understand elements of the gospel that are emphasized in the minor prophets For example without the minor prophets we are at risk of not cherishing or fearing the day of the Lord Joel 2 Likewise we d fail to understand and appreciate themes like the wrath of God Micah 2 3 and social justice Micah 6 8 in light of the Christ event Micah is often overlooked but this commentary presents a compelling case for why he matters The author argues that while Micah is often lumped in with minor prophets he deserves to be taught on his own He also suggests that while many have read and preached Micah they have missed the gospel For instance a minor prophetic book like Micah is sometimes used by advocates for social justice to advance a progressive social gospel agenda which runs the risk of applying the text in a way that urges people toward progressive political positions disconnected from Jesus Take Micah back and marvel at the glory of the Lord with the insights and commentary in *The Gospel According to Micah*
