A Theology of Pastoral Care Eduard Thurneysen, 2010-07-01 From a thoroughly biblical viewpoint Eduard Thurneysen probes deeply into the nature and practice of pastoral care His rich understanding of men his experience in counseling and his grasp of theological thought infuse his approach with vitality and truth As he considers the basis of pastoral care Thurneysen puts forward the thesis that the

purpose of counseling is to communicate the Word of God to individuals Pastoral care is a ministry along with those of sermon and sacrament its aim is to lead the counselee back to sermon and sacrament in the worship of the church Although he does little more than hint at rules and techniques for pastoral care Thurneysen is greatly concerned with its practical aspects It is his belief that the care of souls occurs through conversation confident open minded conversation which is founded on the Word of God informed by prayer and manifested in active listening to and acceptance of the counselee Thurneysen demonstrates the importance of a knowledge of psychology and the principles of psychotherapy Depth psychology and psychotherapy deeply enrich our understanding of human nature and serve to communicate the message of forgiveness all the more powerfully This book provides a critical theological study of the whole field of pastoral care As a work in practical theology it will be stimulating and useful to professors of counseling as well as to students in the field Counselors and pastors will find it helpful because it throws light on the fundamental issues involved in problems which they face in their ministries

Pastoral Care in the Church C. W. Brister,1964

The Meaning of Pastoral Care Carroll A. Wise,1966 The author contends that the focus of pastoral care should be on helping people become themselves what God intended them to become through a deep and personal relationship between pastor and person rather than by doling out theological or ethical formulas for particular problems Pastoral care should denote the relationship of the pastor to his people in all activities not merely in dealing with persons in crises

The Care of Souls Harold L. Senkbeil,2019-06-26 Drawing on a lifetime of pastoral experience The Care of Souls is a beautifully written treasury of proven wisdom which pastors will find themselves turning to again and again Harold Senkbeil helps remind pastors of the essential calling of the ministry preaching and living out the Word of God while orienting others in the same direction And he offers practical and fruitful advice born out of his five decades as a pastor that will benefit both new pastors and those with years in the pulpit In

a time when many churches have lost sight of the real purpose of the church The Care of Souls invites a new generation of pastors to form the godly habits and practical wisdom needed to minister to the hearts and souls of those committed to their care

Preaching Prophetic Care Phillis Isabella Sheppard, Dawn Ottoni-Wilhelm, Ronald J. Allen, 2018-06-25 Preachers often think of prophetic preaching in the caricature of the prophet as the lonely outsider confronting the congregation often angrily with the congregation's complicity in social injustice and with a bracing call for repentance The twenty seven essays and sermons in this book offer a different perspective by viewing prophetic preaching specifically and ministry practical theology and theological education more broadly as pastoral care for the community in prophetic perspective Such preaching does indeed bring a critical theological analysis of justice concerns to the center of the sermon but in such a way as to invite the congregation to consider how the move toward justice is a pastoral move that is a move that seeks to build up community Rather than contributing to the polarization so rampant in today's social world the preacher seeks to help the congregation build bridges along which concern for justice can travel The contributions honor the work of the late Dale Andrews a scholar of preaching and practical theology at the Divinity School Vanderbilt University whose seminal work inspires the notions of prophetic care and building bridges to justice

A History of Pastoral Care G. R. Evans, 2000-05-01 A history of pastoral care is a history of the Christian church in action But if any sense is to be made of the centuries of Christian work and effort not only the practicalities of making the message of the Gospel a reality on earth but also the ideas which have shaped the attempt century by century must be examined This is the history of 2000 years of thought and practice in Christian pastoral ministry Until comparatively late in that story the bulk of the formative thinking took place in the Middle East and in Europe and this forms the background for recent developments in understanding human nature and the ways in which that understanding has influenced our thinking in pastoral care Subjects covered range from the Biblical foundations to the sects and new religious movements from the Fathers the monks the Friars the Templars to the changes at the end of the twentieth century

Worship as Pastoral Care Bishop William H. Willimon, 1982-06-01 Demonstrates how worship and pastoral care can be blended to sustain and enrich each other Using insights gained from pastoral care and pastoral psychology William H Willimon explores what happens to people when they become involved in Christian worship True pastoral care he shows cannot take place apart from an active worshiping community of faith Worship as Pastoral Care sensitizes pastors to the many ways Christian worship and pastoral care methods can be blended to enrich and support one another It encourages pastors to broaden their understanding of corporate worship and to become aware of the importance of their role as priests To illustrate his concepts Dr Willimon examines four familiar acts of worship the funeral the wedding baptism and the Lord's Supper The psychological dimensions are discussed and suggestions are given on ways pastors can nurture and sustain their congregations through these services

A Companion to Pastoral Care in the Late Middle Ages (1200-1500) Ronald Stansbury, 2010-05-31 The study of pastoral care in the middle ages has seen a resurgence in recent years Scholars are now

approaching this subject less from their respective ecclesiastical or parochial biases and more out of an effort to understand the significant role pastors secular and religious had in the shaping of medieval society at large This book explores some of the new ways scholars are approaching this topic Using a variety of sources and disciplinary angles theology preaching catechesis confessional literature visitation records monastic cartularies and the like these studies show the many and varied ways in which pastoral care came to play such an important role in the day to day lives of medieval people Contributors include C Colt Anderson Michelle Armstrong Partida Beth Allison Barr Sabrina Corbellini Alexandra da Costa Laura Michele Diener William Dohar James Ginther Joe Goering Ann M Hutchison Greg Peters C Matthew Phillips Andrew Reeves Ronald J Stansbury Susan M B Steuer Mathilde van Dijk and Anne T Thayer *Preaching Prophetic Care* Phillis Isabella Sheppard,Dawn Ottoni-Wilhelm,Ronald J.
