Reciprocal Ethnography and the Power of Women's Narratives Elaine J. Lawless,2019-08-09 Folklorist Elaine J Lawless has devoted her career to ethnographic research with underserved groups in the American Midwest including charismatic Pentecostals clergywomen victims of domestic violence and displaced African Americans She has consistently focused her research on women s speech in these contexts and has developed a new approach to ethnographic research which she calls reciprocal ethnography while growing a detailed corpus of work on women s narrative style and expressive speech

Reciprocal ethnography is a feminist and collaborative ethnographic approach that Lawless developed as a challenge to the reflexive turn in anthropological fieldwork and research in the 1970s which was often male centric ignoring the contributions by and study of women's culture Collected here for the first time are Lawless's key articles on the topics of reciprocal ethnography and women s narrative which influenced not only folklore but also the allied fields of anthropology sociology performance studies and women s and gender studies Lawless s methods and research continue to be critically relevant in today s global struggle for gender equality Preacher Woman Katie Lauve-Moon, 2021-03-18 When organizations are committed to gender equality what gets in the way of their achieving it How and why do well intentioned people end up reinforcing sexism Katie Lauve Moon examines these questions by focusing on religious congregations that separated from their mainline denomination in order to support women s equal leadership In Preacher Woman Lauve Moon concentrates on congregations affiliated with the Cooperative Baptist Fellowship CBF Women are enrolling in Baptist seminaries at almost equal rates as men and CBF identifies the equal leadership of women as a core component of its collective identity yet only five percent of CBF congregations employ women as solo senior pastors Preacher Woman explores how congregations can be committed to ideas of gender parity while still falling short in practice Lauve Moon investigates how institutional sexism is upheld through both unconscious and conscious biases In doing so she demonstrates that addressing issues of sexism and gender inequality within organizations must extend beyond good intentions and inclusive policies African American P3040, L Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories Portraying the many approaches that are empowering preaching in African American churches today Bond shows how different theological perspectives produce different methods of sermon preparation and delivery different strategies for selecting illustrative material and even different ways of beginning and ending sermons Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression Encyclopedia of Women and Religion in North America: Women and religion: methods of study and reflection Rosemary Skinner Keller, Rosemary Radford Ruether, Marie Cantlon, 2006 A fundamental and well illustrated reference collection for anyone interested in the role of women in North They Call Her Pastor Ruth A. Wallace, 1992-01-01 Ruth Wallace explains in her new book why American religious life women are now being appointed to positions of lay administration in the Catholic Church which were previously occupied solely by men She describes the effects of the priest shortage changing church law and the contemporary women s movement all of which have contributed to the trend toward Catholic parishes headed by women The book presents an in depth look at the institutional and interpersonal constraints and opportunities of this new and growing phenomenon of women pastors It provides a detailed sociological study of twenty priestless parishes throughout the United States some headed by married lay women others by nuns A portrait of these pastors focuses on the new collaborative leadership

practices by women the restructuring of the parishes the unique qualities of the pastoral heart the support systems and constraints of this new role and the issue of gender inequality in the Church Gender and Work Edward C. Lehman, 1993-01-01 In this book Lehman compares the ministry styles of women and men focussing on clergy of Protestant Congregations ministers clerics preachers and parsons He offers strong statistical support for the trend toward increasing numbers of women in clerical roles His book is the first to make direct comparisons between men and women on several dimensions of ministry style using a national sample interpersonal style theology career goals thought forms power and Eve, Where Are You? Ruth Travis, 1991 The African American Church in Birmingham, Alabama, 1815-1963 Wilson Fallin, 1997 This book offers a comprehensive history of the African American church in a community which played a crucial role in the civil rights movement While the church in Birmingham was indeed a spiritual community it was also the central institution in the African American community at large providing leadership as well as economic political and social functions in a segregated racist society This historical analysis begins in the period of slavery with the development of a particularly African American version of Christianity from the merging of African and white evangelical religions As African Americans moved to Birmingham from the black belt of Alabama they formed churches which were spiritual communities where African Americans sought hope security moral discipline and self esteem in the face of racism and segregation In addition the study illustrates how churches established institutions that met educational benevolent and economic needs The study concludes with a look at the leadershipprovided by churchmen in the civil rights movement who brought Martin Luther King Jr to the city for massive civil rights demonstrations Ph D dissertation University of Alabama 1995 revised with new

preface foreword introduction afterword Protestant Hispanic Churches of Oregon Deborah L. Berhó, 2012-03-02 The number of Hispanics living in Oregon has burgeoned over the past several decades The number of Spanish speaking churches in the state has also grown exponentially However most non Hispanic Oregonians know very little about the Hispanic population This lack of knowledge about Latinos and about Hispanic ministries specifically is found among academics and Anglo Protestants alike This book is the result of my desire to provide information that will serve as a bridge between Spanish speaking and English speaking churches and facilitate understanding between groups in the broader population and provide a well documented study for the academy Weaving the Sermon Christine M. Smith, 1989-01-01 Using images connected with the art and craft of weaving Christine Smith discusses the special vision that women bring to the task of preaching She looks at the significance of feminist theology psychology and philosophy in terms of their impact on the preaching of all men and women Among other topics she considers the authority of the preacher God language and global feminism **Ebony**, 1981-11 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Routledge Library Editions: 19th Century Religion** Various Authors, 2021-07-09 Reissuing works originally published between 1973 and 1997 Routledge Library Editions 19th Century Religion 18 volumes offers a selection of scholarship covering historical developments in religious thinking Topics include the origin of Catholicism in America sexual liberation and religion in Europe and the emergence of Atheism in Victorian England This set also includes collections of sermons and essays from some of the most influential preachers of the nineteenth century Preaching the Manifold Grace of God, Volume 1 Ronald J. change in many churches and complacency within denominations The contributors to this book are the thought leaders who are shaping and being shaped by the emerging directions of feminist Christianity They speak from across the denominational spectrum and from the many diverse groups that make up the Christian community as it finds its place in a religiously pluralistic world Taken together their voices offer a starting point for building new models of religious life and worship Topics covered include feminist Theological Visions Scriptural Insights Ethical Agendas Liturgical and Artistic Frontiers Ministerial Challenges She Preached the Word Benjamin R. Knoll, Cammie Jo Bolin, 2018-06-01 She Preached the Word is a landmark study of women's ordination in contemporary American congregations In this groundbreaking work Benjamin R Knoll and Cammie Jo Bolin draw upon a novel collection of survey data and personal narrative interviews to answer several important questions including Who supports women s ordination in their congregations What are the most common reasons for and against women s ordination What effect do female clergy have on young women and girls particularly in terms of their psychological economic and religious empowerment later in life How do women clergy affect levels of congregational attendance and engagement among members What explains the persistent gender gap in America's clergy Knoll and Bolin find that female clergy do indeed matter but not always in the ways that might be expected. They show for example that while female clergy have important effects on women in the pews they have stronger effects on theological and political liberals Throughout this book Knoll and Bolin discuss how the persistent gender gap in the wider economic social and political spheres will likely continue so long as women are underrepresented in America's pulpits Accessible to scholars and general readers alike She Preached the Word is a timely and important contribution to our understanding of the intersection of gender religion and politics in contemporary American society
