Catching the Wave Tim MacBride, 2016-09-15 How can preachers make sermons not only say but also do In the case of New Testament epistles this question can be answered by using the tools of rhetorical criticism that is understanding how the epistles function as written down speeches that follow the rules of the ancient rhetorical handbooks Tim MacBride shows beginning and seasoned preachers alike how to harness the rhetorical power inherent in the New Testament text so that they might catch the wave rather than swim against the current MacBride explains the concepts and introduces rhetorical jargon in a less formal and more practical way making the subject more accessible for non specialists He includes extensive examples summary tables and sample full text sermons as well as short exercises at the end of each chapter to enable readers to practise these new skills This lively volume will be of value and interest not only to preachers but also to all who wish to read and apply the New Testament today

Preaching the New Testament as Rhetoric Tim MacBride, 2014-11-05 Since the rise of the New Homiletic a generation ago it has been recognized that sermons not only say something to listeners they also do something A truly expository sermon will seek not merely to say what the biblical text said but also to do what the biblical text did in the lives of its original audience In *Preaching the New Testament as Rhetoric* MacBride looks how at the discipline of rhetorical criticism can help preachers discern the function of a New Testament text in its original setting as a means of crafting a sermon that can function similarly in contemporary contexts Focusing on the letters of Paul he shows how understanding them in light of Greco Roman speech conventions can suggest ways by which preachers can communicate not just the content of the letters but also their function In this way the power of the text itself can be harnessed leading to sermons that inform and most importantly transform

What Angels Long to Read Mark Meynell, 2017-06-14 Even angels long to look into these things Peter wrote to encourage and embolden isolated and vulnerable believers His timeless words have consoled and challenged ever since and show how the eternal gospel is true even in the toughest circumstances The last sentence in 1 Peter 1 12 profoundly illustrates that the experience we have each time we open up the Scriptures is nothing less than a heavenly privilege a privilege that angels do not have but would love to Mark Meynell skilfully brings the New Testament to life Guiding the reader through preaching the Gospels and Acts the Parables the Letters and Revelation as well as using a host of worked examples sample sermons and personal exercises this book offers ideas and approaches to stretch even the most seasoned preachers This preaching resource will make an excellent companion to Christopher Wright's *Sweeter than Honey Preaching the Old Testament*

New Testament Exposition Walter L. Liefeld, 1989-06-13 Expository preaching is an elusive ideal Many preachers aspire to it few are acknowledged masters For most a gap exists between the sermon that addresses the needs of the hearers and one that methodically plumbs the depths of Scripture *New Testament Exposition* is written to bridge this gap and bring together the disciplines of preaching and exegesis In this book Liefeld addresses the three main

concerns of expository preaching What is the text saying How can its message be communicated in ways that are appropriate to the passage the seeing and the goals of the sermon How can the message meet the real needs of the congregation in a way that is consistent with the purpose and function of the text This book demonstrates how these concerns can be brought together in a sermon and it is this thoughtful practical approach that makes the book so valuable to preachers and seminarians The book is divided into three parts Part I explores the characteristics of expository preaching Part II deals with preparing the text and addresses such areas as practical exegesis exegetical outlines narratives and compositional patterns semantic patterns and underlying assumptions of the text Part III discusses application of the text by asking What is the function of the text What are the needs of the congregation How can one preach to inner heart needs as well as to the external circumstances facing the congregation New Testament Exposition is not vague theory nor is it esoteric study beyond the grasp and time of the busy pastor Throughout the book Dr Liefeld reflects his experience in the classroom and pulpit and his concerns as scholar and pastor are clearly seen in the final chapters of this volume Chapter 9 examines preaching from difficult texts How might one handle parables miracle stories obscure passages culturally related texts The final chapter provides a demonstration of all that is discussed throughout the book by walking the road through the actual preparation for a sermon

Narrative Reading, Narrative Preaching Joel B. Green, Michael Pasquarello, III, 2003-12-01 There is often an unfortunate division between the technical work of biblical scholars and the practical work of preachers who construct sermons each week These two fields of study which ought to be mutually informed and supportive are more often practically divided by divergent methods interests and goals Narrative Reading Narrative Preaching aims to bridge that divide Using narrative as an organizing theme the contributors work through the New Testament offering examples of how interpretation can rightly inform proclamation Three pairs of chapters feature an exemplary reading by a New Testament scholar followed by a sermon informed by that reading Introductory and concluding chapters provide guidance for application of the model Pastors and seminarians will find here a uniquely practical work that will help them with both the reading and preaching of Scripture

The Essential Nature of New Testament Preaching Robert H. Mounce, 2005-12-01 This book makes plain that the man in the pulpit occupies a position of unrivaled significance in the life and destiny of his fellow man It concerns the kerygma or as Professor A M Hunter of King's College Aberdeen states in the Foreword the preached Gospel which the first heralds of Christ proclaimed to the great pagan world of their day that Gospel which after nineteen centuries remains the Word from the Beyond for our human predicament It tells what the Proclamation really was and how it runs like a golden thread through the whole New Testament Dr Mounce introduces his study with a survey of related terms as they appear in classical Greek proceeds to show the role of the herald in the life and culture of the Old Testament world through a careful investigation of the Septuagint and more importantly gives a detailed analysis of the nature of preaching as it occurs in the New Testament itself The closing chapter forcibly demonstrates that true Christian preaching has ever been and always

should be the medium through which God contemporizes His historic self disclosure in Christ and offers man the opportunity to respond in faith As a study of the heart of the joyful message that the first heralds of Christianity proclaimed this book breaks fresh ground for a new understanding of the vital significance of preaching **Preaching the New Testament** Ian Paul, David Wenham, 2013 *Preaching the New Testament* Archibald Macbride Hunter, 2012-06-01 This book contains thirty four sermons preached Professor Hunter tells us at the General Assembly of the Church of Scotland and to the Royal Family at Crathie Church besides others preached in Oxford Perth Aberdeen and in the United States at Princeton and Atlanta The themes are many and various from Christian Faith and the Riddle of the World to The Holy City there are studies of Christ s greatest parables and his teaching on prayer plus addresses suitable for Good Friday Easter Day and Whitsunday as well as sermons on the church and sacraments the Christian ethic and eternal life Convinced that one prime cause for the church s decline today is the lack of truly evangelical preaching based firmly on the Good News of the apostles Professor Hunter offers these sermons arising from a lifetime s occupation with the New Testament to help not only ministers but also lay preachers return to the great themes of the New Testament and proclaim them to their congregations in words and idioms which will come home to their hearers **Preaching the Old Testament** Ronald James Allen, Clark M. Williamson, 2007-01-01 In this third and concluding volume of their lectionary commentary collection *Preaching the Gospels without Blaming the Jews* and *Preaching the Letters without Dismissing the Law* Ronald Allen and Clark Williamson encourage the church and its preachers to rediscover the Old Testament as a vibrant wellspring of Christian faith and life Preachers often neglect the Old Testament misrepresent it or regard its theological content as superseded by Jesus and the New Testament Allen and Williamson claim The authors help preachers avoid these traps by explaining how a text was understood before the Common Era without any reference to Jesus or Christian doctrine mentioning representative New Testament passages or themes that are informed by the older material and commenting briefly on the relationship between the lections in those cases when readings from the Old Testament are paired with readings from the New Testament **Preaching the Word** R. Kent Hughes, 2015-11-30 Written to help Bible teachers better interpret and apply the message of Scripture this 18 volume collection of commentaries on the entirety of the New Testament is a well rounded and multipurpose resource for anyone who loves to read and study God s Word A collection of *Preaching the Word* commentaries **Preaching the Four Gospels with Confidence** Steven D. Mathewson, 2013-08-21 The gospels hold the key to why pastors get up every Sunday to preach They are the good news the pinnacle of the Christian faith But in order to preach from them with truth clarity and confidence you ll need the right tools *Preaching the Four Gospels with Confidence* is a book written for pastors who love Jesus and want to preach the Gospel well With a compelling voice Steven D Mathewson offers sound scriptural advice provides bibliographic tips for further study and quotes from well known and respected biblical scholars including G K Beale Craig S Keener D A Carson Additionally Mathewson will teach you how to negotiate the common challenges that arise while

preaching from the gospels Problems such as How to interpret the gospels in relation to the rest of the New Testament How to rightly handle the Jewish and Greco Roman context of the gospels How to affirm the authority of the four gospels over the lost gospels This not a how to preach book it is a how to preach well handbook that you ll want to reference again and again as you prepare sermons from the gospels *Preaching Christ from the Old Testament* Sidney Greidanus,1999-07-13 Arguing for the need both to preach Christ in every sermon and to preach regularly from the Old Testament Sidney Greidanus develops a christocentric method that will help preachers do both simultaneously Greidanus challenges Old Testament scholars to broaden their focus and to understand the Old Testament not only in its own historical context but also in the context of the New Testament Suggesting specific steps and providing concrete examples this volume provides a practical guide for preaching Christ from the Old Testament *Preaching* Jason C. Meyer,2013-10-31 The sermon is under attack Many churches are increasingly forsaking formal preaching in favor of substitutes like dialogue discussion and sharing In response to this recent trend Jason Meyer has written a robust biblical and practical theology of preaching where he explores how the concept of preaching develops throughout the Bible and how it impacts one s understanding of other key doctrines In addition to offering readers a comprehensive overview of the Bible s teaching the book sets forth clear accessible answers to commonly raised questions about preaching what is it how is it done and why is it so important Combining in depth study of God s word with practical reflection on the place of preaching in the ministry of the church Meyer challenges readers to reexamine the importance of preaching for the Christian life *'We Proclaim the Word of Life'* Ian Paul,2013 Whatever we know about the New Testament and however much we have studied it it only has real value as its truths are proclaimed so that our lives are transformed as God himself speaks and acts The New Testament writers were very interested in conveying their message persuasively and this volume addresses the question of how we should preach from the New Testament in a way that is faithful to the text The chapters cover the main texts and genres along with the infancy narratives parables miracles the Sermon on the Mount ethics future hope and judgment archaeology and history hermeneutics and the New Homiletic The aim is to offer insights into how to interpret communicate and apply the New Testament for today s preachers and Bible teachers who seek to proclaim the Word of life 1 John 1 1 The contributors are respected scholars who are also active in preaching Charles Anderson D A Carson the late R T France Justin Hardin Mariam Kamell I Howard Marshall Jason Maston John Nolland Peter Oakes William Olhausen Klyne Snodgrass Helge Stadelmann Christoph Stenschke Stephen Travis David Wenham Paul Weston and Stephen Wright **Inspired Preaching** C.
