

Gnostics

- Unlike Marcion, many different contributors to gnosticism (knowledge); what follows is a composite
- For Irenaeus, primary gnostic was Valentinus;
- Valentinus had a competing Christian school in Rome
 - Large following in Rome and Asia Minor;
 - Other prominent gnostics are associated with Alexandria
- Rejected the OT, because of philosophical (Platonic) considerations
 - OT gives a false picture of God;
 - Material world is inferior, or even evil
 - Two gods, one good, one evil creator
- Accept fanciful 'gospels' that contain secret truths available only to the initiates (common with mystery religions);
- Knowledge comes from divine illumination of the gnostic believer into special, hidden mysteries
- Much recent knowledge of gnosticism comes from discoveries at Nag Hammadi, Egypt in 1945

Prechristian Gnostics

Edwin M. Yamauchi

Prechristian Gnostics:

Pre-Christian Gnosticism Edwin M. Yamauchi, 2003-10-14 One of the most important issues facing New Testament scholarship today is the issue of Gnosticism So wrote the author in 1973 in the first edition With the publication since then of the entire Nag Hammadi library this observation has become even more incisive Was there a pre Christian Gnosticism Did Gnosticism directly or indirectly influence nascent Christianity Many modern scholars argue that Gnosticism preceded the emergence of New Testament Christianity and constituted the raw material from which the apostles formed their message about Jesus The author here analyzes the evidence used to support this thesis He notes a series of methodological fallacies in the use of this evidence and concludes that clearly Gnostic materials are late and pre Christian materials are not clearly Gnostic A new chapter in this paperback edition brings the discussion up to date **What is Gnosticism?** Karen L.

King, 2003 A study of gnosticism examines the various ways early Christians strove to define themselves in a pluralistic Roman society while questioning the traditional ideas of heresy and orthodoxy that have previously influenced historians

The Gnostics David Brakke, 2012-09-03 Who were the Gnostics And how did the Gnostic movement influence the development of Christianity in antiquity Is it true that the Church rejected Gnosticism This book offers an illuminating discussion of recent scholarly debates over the concept of Gnosticism and the nature of early Christian diversity Acknowledging that the category Gnosticism is flawed and must be reformed David Brakke argues for a more careful approach to gathering evidence for the ancient Christian movement known as the Gnostic school of thought He shows how Gnostic myth and ritual addressed basic human concerns about alienation and meaning offered a message of salvation in Jesus and provided a way for people to regain knowledge of God the ultimate source of their being Rather than depicting the Gnostics as heretics or as the losers in the fight to define Christianity Brakke argues that the Gnostics participated in an ongoing reinvention of Christianity in which other Christians not only rejected their ideas but also adapted and transformed them This book will challenge scholars to think in new ways but it also provides an accessible introduction to the Gnostics and their fellow early Christians **Pre-Christian Gnostics** Francis Legge, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for

protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work **Nag Hammadi, Gnosticism, and Early Christianity** Charles W. Hedrick, Robert Hodgson, 2005-10-17 This book acquaints the beginner with the topic of gnosticism and early Christianity and presents to the specialist some of the new frontiers their colleagues are exploring For the beginner there is a concise introduction to gnosticism It covers the issues of origin literature leading ideas and possible links with early Christianity Each contributor has prepared a preface to his or her paper that points to its salient features and explains how the essay fits into the overall subject of the book from the

Preface *Pre-Christian Gnosticism in the Nag Hammadi Texts?* Edwin M. Yamauchi, 1979 **A Separate God** Simone Pétrement, 1990 *A Theology of the New Testament* George Eldon Ladd, 1993-09-02 Ladd's magisterial work on New Testament theology has well served scores of seminary students since 1974. Now this comprehensive standard evangelical text has been carefully revised by Hagner to include an update of Ladd's survey of the history of the field of New Testament theology, an augmented bibliography, and an entirely new subject index. *Backgrounds of Early Christianity* Everett Ferguson, 2003. New to this expanded updated edition are revisions of Ferguson's original material, updated bibliographies, a fresh discussion of first century social life, the Dead Sea Scrolls, much else. *The Early Christian World* Philip Francis Esler, 2004. The Early Christian World presents an exhaustive, erudite, and illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre-eminent religion of the ancient world. **No Longer Jews** Carl B. Smith, 2004. Reviews the theories about Gnosticism and its sources and details Smith's hypothesis offering an excellent introductory text on Gnosticism. **A Dictionary of Gnosticism** Andrew Phillip Smith, 2014-03-17. A Dictionary of Gnosticism is a scholarly yet accessible guide that covers the people, mythology, movements, scripture, and technical terms related to this pre-Christian Western religion. It contains nearly 1700 entries from Achiaram, an angel in the Secret Book of John, to Zostrianos, a third-century Gnostic text, and is a reliable reference for the Nag Hammadi library and other Gnostic texts. An introduction explains who the Gnostics were and provides a whirlwind tour through the history of this captivating movement. **Introduction to the New Testament** Helmut Koester, 1995. This work has established itself as a classical text in the field of New Testament studies. Written in a readable, non-technical style, it has become an indispensable textbook and reference for teachers, students, clergy, and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco-Roman world. **Orthodoxy and Heresy in Early Christian Contexts** Paul A. Hartog, 2015-01-30. Eighty years ago, Walter Bauer promulgated a bold and provocative thesis about early Christianity. He argued that many forms of Christianity started the race, but one competitor pushed aside the others until this powerful orthodox version won the day. The victors re-wrote history, marginalizing all other perspectives and silencing their voices, even though the alternatives possessed equal right to the title of normative Christianity. Bauer's influence still casts a long shadow on early Christian scholarship. Were heretical movements the original forms of Christianity? Did the heretics outnumber the orthodox? Did orthodox heresiologists accurately portray their opponents? And more fundamentally, how can one make any objective distinction between heresy and orthodoxy? Is such labeling merely the product of socially situated power? Did numerous valid forms of Christianity exist without any validating norms of Christianity? This collection of essays, each written by a relevant authority, tackles such questions with scholarly acumen and careful attention to historical, cultural, geographical, and socio-rhetorical detail. Although recognizing the importance of Bauer's critical insights, innovative methodologies, and fruitful suggestions, the contributors expose numerous claims of the Bauer thesis in both original and

recent manifestations that fall short of the historical evidence With contributions from Rodney Decker Carl Smith William Varner Rex Butler Bryan Litfin Brian Shelton David Alexander Edward Smither Glen Thompson **Gnostic Truth and Christian Heresy** A.
