*The Promise* Bill Gallaher, 2008 It was 1862 and the Cariboo Gold Rush was in full swing Sophia Cameron the Beauty of Barkerville lay dying of typhoid when her husband John Cariboo Cameron made one last promise to his fading young wife *The Promise* is a compelling story of a great love and an epic struggle to honour a dying wife s final request to take her body home to eastern Canada Told in the voice of Robert Stevenson Cameron s friend and mining partner the story travels with

the two men as they leave the frozen goldfields of BC and carry Sophia's body by sled ship and rail to a tree shaded cemetery near Cornwall Ontario. However she was buried amid mistrust and dark suspicions because Cameron refused to open the coffin did it truly contain his lovely young wife. In this his first novel Bill Gallaher provides unique insight into a famous legend of the gold rush. Intrigued by the level of commitment and loyalty in the Cariboo Cameron saga Bill Gallaher first wrote a song about the Camerons and as a result of further extensive research wrote *The Promise*. He is now an author of several well received books *The Journey*, *The Overlanders Quest for Gold*, *A Man Called Moses*, *The Curious Life of Wellington Delaney*, *Moses Deadly Innocent* and *The Frog Lake Massacre*. Bill lives with his family in the Cariboo region of British Columbia.

**Immigrant California** David Scott FitzGerald, John D. Skrentny, 2021-01-26 If California were its own country it would have the world's fifth largest immigrant population. The way these newcomers are integrated into the state will shape California's schools, workforce, businesses, public health, politics and culture. In *Immigrant California* leading experts in U.S. migration provide cutting edge research on the incorporation of immigrants and their descendants in this bellwether state. California unique for its diverse population, powerful economy and progressive politics provides important lessons for what to expect as demographic change comes to most states across the country. Contributors to this volume cover topics ranging from education systems to healthcare initiatives and unravel the sometimes contradictory details of California's immigration history. By examining the past and present of immigration policy in California the volume shows how a state that was once the national leader in anti immigrant policies quickly became a standard bearer of greater accommodation. California's successes and its failures provide an essential road map for the future prosperity of immigrants and natives alike.

**Slippery Characters** Laura Browder, 2003-06-20 In the 1920s black janitor Sylvester Long reinvented himself as Chief Buffalo Child Long Lance and Elizabeth Stern the native born daughter of a German Lutheran and a Welsh Baptist authored the immigrant's narrative *I Am a Woman and a Jew*. In the 1990s Asa Carter George Wallace's former speechwriter produced the fake Cherokee autobiography *The Education of Little Tree*. While striking these examples of what Laura Browder calls ethnic impersonator autobiographies are by no means singular. Over the past 150 years a number of American authors have left behind unwanted identities by writing themselves into new ethnicities. Significantly notes Browder these ersatz autobiographies have tended to appear at flashpoints in American history in the decades before the Civil War when immigration laws and laws regarding Native Americans were changing in the 1920s and during the civil rights era for example. Examining the creation and reception of such works from the 1830s through the 1990s against a background ranging from the abolition movement and Wild West shows to more recent controversies surrounding blackface performance and jazz music Browder uncovers their surprising influence in shaping American notions of identity.

**Gambler's Wife** Malinda Jenkins, 1998-04-01 Malinda Jenkins was born in 1848 the daughter of a Kentucky farmer. Spunky and rebellious she liked men and married three. With her third husband a professional gambler Malinda bounced across the West gaining

financial independence from various enterprises When writer Jesse Lilienthal met Malinda in 1930 she was a widow in her eighties and spent every afternoon at the racetrack Her lively story is also the story of the American West Indians and Emigrants Michael L. Tate,2014-08-04 In the first book to focus on relations between Indians and emigrants on the overland trails Michael L Tate shows that such encounters were far more often characterized by cooperation than by conflict Having combed hundreds of unpublished sources and Indian oral traditions Tate finds Indians and Anglo Americans continuously trading goods and news with each other and Indians providing various forms of assistance to overlanders Tate admits that both sides normally followed their own best interests and ethical standards which sometimes created distrust But many acts of kindness by emigrants and by Indians can be attributed to simple human compassion Not until the mid 1850s did Plains tribes begin to see their independence and cultural traditions threatened by the flood of white travelers As buffalo herds dwindled and more Indians died from diseases brought by emigrants violent clashes between wagon trains and Indians became more frequent and the first Anglo Indian wars erupted on the plains Yet even in the 1860s Tate finds friendly encounters were still the rule Despite thousands of mutually beneficial exchanges between whites and Indians between 1840 and 1870 the image of Plains Indians as the overland pioneers worst enemies prevailed in American popular culture In explaining the persistence of that stereotype Tate seeks to dispel one of the West s oldest cultural misunderstandings **Go If You Think it Your Duty** James Madison Bowler,Elizabeth Caleff Bowler,Andrea R. Foroughi,2008 A fascinating firsthand account of life during the U S Civil War as told by a husband and wife through the letters they shared with one another

much of the story of what happened in the following year is told not in history books but in the letters diaries journals and other written recollections of those whom the California gold rush drew west In this second installment in the projected four part collection The Great Medicine Road Narratives of the Oregon California and Mormon Trails the hardy souls who made the arduous trip tell their stories in their own words Seven individuals tales bring to life a long ago year that enriched some impoverished others and forever changed the face of North America Responding to often misleading promotional literature adventurers made their way west via different routes Following the Carson River through the Sierra Nevada or taking the Lassen Route to the Sacramento Valley they passed through the Mormon Zion of Great Salt Lake City and traded with and often displaced Native Americans long familiar with the trails Their accounts detail these encounters as well as the gritty realities of everyday life on the overland trails They narrate events describe the vast and diverse landscapes they pass through and document a journey as strange and new to them as it is to many readers today Through these travelers diaries and memoirs readers can relive a critical moment in the remaking of the West and appreciate what a difference one year can make in the life of a nation
