Words from an Open Heart Jessica Cronk, 2013-07-23 Hi my name is Jessica Cronk I'm 27 years old I have a disability known as spastic quadriplegic cerebral palsy with stable hydrocephalus Because of this I'm wheelchair dependent and weaker on the right side of my body I'm easily startled and my head is a bit bigger than most because of extra fluid around my brain Despite my disability and the daily issues that come along with it I've always enjoyed writing I began writing short stories in elementary school My very first stories were titled Cheetahs The Magic Unicorn and The Flying Turtle I loved Elementary school The teachers and my friends always encouraged me to keep writing and to make the most of my creative abilities As time passed I began exploring other forms of writing particularly poetry From middle school on I was complimented on the creativity expressed in my writing Not only did I enjoy writing it was the one avenue that allowed me to truly express myself whether I was writing down my thoughts feelings or just losing myself in a world of my own creation In my writing I learned I had no limitations At least that's what I

thought at the time A year after I graduated high school I enrolled in an English course at Macomb Community College I did all right but it was very difficult to face the fact that I didnt fully grasp all areas of writing as well as thought I had after all this time I struggled with grammer and sentence structure There were many times I became discouraged because I had such a difficult time with basic writing principles It was tough but it was a good learning experience My professor really worked with me In fact he approached me after class and asked if Id consider writing a biography I was flattered that he thought so highly of my writing I was also very grateful for the opportunity he was offering me but that just wasnt something I wanted to do at the time and I respectfully declined I decided then to take a break from academics The long days on campus took a toll on me mentally and physically During this time I became acquainted with a woman named Linda Oleszko who ran a small animal rescue known as Tiny Paws Rescue I was curious to know what it was all about so I began inquiring Near the end of our conversation she said if youd like you could come volunteer for a day That way youd be able to check things out yourself I was hesitant at first but I took her up on the offer Not long after I became a regular among the rest of the volunteers It was unbelievable I had always wanted to work with animals since I was a little child Now this childhood dream had become a reality You see I was often told that the chronic pain weakness my mom took me to the doctor They performed several tests but didnt find any evidence of an illness We visited many other doctors in an attempt to get some answers Unfortunately they werent able to find any evidence of an illness either After some time I was finally diagnosed with a bacterial infection called pseudomon

The Retro-Futurism of Cuteness Jen Boyle, Wan-Chuan Kao, 2017-11-03 Is it possible to conceive of a Hello Kitty Middle Ages or a Tickle Me Elmo Renaissance? The Oxford English Dictionary dates the first reference to 'cute' in the sense of 'attractive, pretty, charming' to 1834. More recently, Sianne Ngai has offered a critical overview of the cuteness of the twentieth-century avant-garde within the context

of consumer culture But if cuteness can get under the skin what kinds of surfaces does it best infiltrate particularly in the framework of historical forms events and objects that traditionally have been read as emergences around big aesthetics of formal symmetries high affects and resemblances The Retrofuturism of Cuteness seeks to undo the temporal strictures surrounding aesthetic and affective categories to displace a strict focus on commodification and cuteness and to interrogate how cuteness as a minor aesthetics can refocus our perceptions and readings of both premodern and modern media literature and culture Taking seriously the retro and the futuristic temporalities of cuteness this volume puts in conversation projects that have unearthed remnants of a cult of cute positioned historically and critically in between transitions into secularization capitalist frameworks of commodification and the enchantment of objects and those that have investigated the uncanny haunting of earlier aesthetics in future oriented modes of cuteness The Latin *acutus* the etymological root of cute embraces the sharpened the pointed the nimble the discriminating and the piercing But as Michael O'Rourke notes cuteness evokes a proximity that is at once potentially invasive and contaminating and yet softening and transfiguring Deploying cuteness as a mode of inquiry across time this volume opens up unexpected lines of inquiry and unusual critical and creative aporias from Christian asceticism medieval cycle drama and Shakespeare to manga Bollywood and Second Life The projects collected here point to a spectrum of aesthetic affective assemblages related to racial ethnic gender sexual and class dimensions that exceed or trouble our contemporary perceptions of such registers within object subject and subject object entanglements
