Eighteenth-Century Naval Officers Evan Wilson, Anna Sara Hammar, Jakob Seerup, 2019-11-06 This book surveys the lives and careers of naval officers across Europe at the height of the age of sail It traces the professionalization of naval officers by exploring their preparation for life at sea and the challenges they faced while in command It also demonstrates the uniqueness of the maritime experience as long voyages and isolation at sea cemented their bond with naval officers across Europe while separating them from landlubbers It depicts in a way no previous study has the parameters of their shared experiences both the similarities that crossed national boundaries and connected officers and the differences that can only be seen from an international perspective

Fighting at Sea in the Eighteenth Century Sam Willis, 2008 Our understanding of warfare at sea in the eighteenth century has always been divorced from the practical realities of fighting at sea under sail our knowledge of tactics is largely based upon the ideas of contemporary theorists rather than practitioners who knew little of the realities of sailing warfare and our knowledge of command is similarly flawed In this book the author presents new evidence from contemporary sources that overturns many old assumptions and introduces a host of new ideas In a series of thematic chapters following the rough chronology of a sea fight from initial contact to damage repair the author offers a dramatic interpretation of fighting at sea in the eighteenth century and explains in greater depth than ever before how and why sea battles including Trafalgar were won and lost in the great Age of Sail He explains in detail how two ships or fleets identified each other to be enemies how and why they manoeuvred for battle how a commander communicated his ideas and how and why his subordinates acted in the way that they did SAM WILLIS has lectured at Bristol University and at the National Maritime Museum in Greenwich He is also the author of *Fighting Ships 1750-1850* Quercus

The British Admirals of the Fleet, 1734-1995 T. A.
