Harald H. Roth,Günter Merz,2013-06-29 The general interest and attention paid to the use of the renewable natural resources of the world have increased greatly during the last decades This is due to the environmental dilemma into which mankind has got itself by the total disregard of ecological facts and laws the underpricing of natural resources and the overemphasis on economic develop ment coupled with unimpeded rapid population growth and the preponderance of material istic consumption oriented attitudes The management and use of natural resources such as forests grasslands rivers and lakes were formerly considered purely in a financial context whereas latterly a consciousness of their social function and the indirect economic benefits which can be derived from them has developed Thus as regards these traditional resources multi use concepts comprising eco nomically oriented utilisation as well as recreational educational and social use have be come widely accepted Conservation of natural resources for sustainable consumptive as well as non consumptive uses has been recognised as a key element for maintaining eco nomic development all over the world Fortunately the industrialised countries have started to apply this principle themselves and in their technical and financial aid to the developing Third World countries This is manifest from policy documents such as the World Bank Policy on Development of Wild Lands issued in 1987

Posthumanist Perspectives on Literary and Cultural Animals Krishanu Maiti,2021-09-11 This book offers Posthumanist readings of animal centric literary and cultural texts The contributors put the precepts and premises of humanism into question by seriously considering the animal presence in texts The essays collected here focus primarily on literary and cultural texts from varied theoretically informed interdisciplinary perspectives advanced by critical approaches such as Critical Animal Studies and Posthumanism Contributors select texts that cut across geographical and period boundaries and demonstrate how practices of close reading give rise to new ways of thinking about animals By implicating the animal turn in the field of literary and cultural studies this book urges us to problematize the separation of

the human from other animals and rethink the hierarchical order of beings through close readings of select texts It offers fresh perspectives on Posthumanist theory inviting readers to revisit those criteria that created species difference from the early ages of human civilization This book constitutes a rich and thorough scholarly resource on the politics of representation of animals in literature and culture The essays in this book are empirically and theoretically informed and explore a range of dynamic captivating and highly relevant topics Comprising over 15 chapters by a team of international contributors this book is divided into four parts Contestation over Species Hierarchy and Categorization Animal Re constructions Interspecies Relationalities Intersectionality Animal and Gender This book will be essential reading for students and researchers of Critical Animal Studies and Environmental Studies

Increasing Legal Rights for Zoo Animals Jesse Donahue, 2017-04-12 We are on the precipice of momentous legal changes for animals that may soon give some of them rights of personhood and citizenship Companion animals in particular are gaining rights to public representation in government access to housing inheritance and increased protection through the criminal justice system Nonhuman primates used as research subjects are also gaining limited rights of personhood in some countries This book examines how zoo animals could benefit from that revolution as well Reviewing zoo law and politics in the United States New Zealand and Southeast Asia scholars and zoo directors grapple with how the current law in those regions of the world impacts zoo animals and how it could be changed to serve them better They discuss the ways in which zoo animals could benefit from some re worked companion animal law in the United States the challenges of reintroductions and their legal barriers how we can extend ideas of human research subject rights to zoo animal research the stark problems of too few animal welfare laws in South East Asia the need for a central governing body focused solely on exotic captive animals in New Zealand and the need for stricter laws preventing the exotic pet problem that is increasingly affecting both zoos and sanctuaries The book starts a dialogue that moves the scholarship about zoos beyond a general discussion of ethics to a concrete dialogue and set of suggestions about how to extend legal rights to this group of animals
