Killing the Indian Maiden M. Marubbio, 2006-12-15 Killing the Indian Maiden examines the fascinating and often disturbing portrayal of Native American women in film M Elise Marubbio examines the sacrificial role in which a young Native woman allies herself with a white male hero and dies as a result of that choice In studying thirty four Hollywood films from the silent period to the present she draws upon theories of colonization gender race and film studies to ground her analysis in broader historical and sociopolitical context and to help answer the question What does it mean to be an American The book reveals a cultural iconography embedded in the American psyche As such the Native American woman is a

racialized and sexualized other A conquerable body she represents both the seductions and the dangers of the American frontier and the Manifest Destiny of the American nation to master it *Towards a Global Femicide Index* Sandra Walklate, Kate Fitz-Gibbon, Jude McCulloch, Jane Maree Maher, 2019-12-16 Increasingly there is global attention on the prevalence of women's deaths resulting from intimate partner violence Campaigns such as Counting Dead Women in Australia the Femicide Census in England the Canadian Femicide Observatory and the emergence of family violence death review teams globally build on the work of agencies such as the United Nations and the World Health Organisation highlighting the fatal consequences of intimate partner violence for women around the world This book considers the need for and the steps to be taken towards creating a meaningful framework for a global index of women's deaths from intimate partner violence While there are global indices for deaths that relate to public violence such as terrorism there is to date no systematic global count of killings of women by their intimate partners It considers the possibilities and challenges that arise in counting intimate femicide It argues that such an exercise needs to avoid narrow empiricism and instead be part of a broader feminist political project aimed at ending violence against women This work will be of great interest to students and scholars of criminology sociology law policing and politics **Death Row at Truro** Geoff Plunkett, 2022-08-03 Innocent young women a sadistic serial killing duo and the true story as revealed by the lead detective Australia's most prolific serial sexual killers met in prison They were a complete contrast Christopher Worrell the charismatic psychopathic youngster and James Miller the older and socially awkward loner For Miller it was love at first sight They developed an ominous sexual bond proving that opposites can attract and then kill Once free the inseparable tag team slayed as many people as notorious Australian serial killer Ivan Milat Whereas Milat took a year to murder seven victims the duo achieved the same in seven short weeks the last four killed in only six days The frenzied carnage only stopped when Worrell died in a car accident So ended the life of Australia's own BTK Like America's Dennis Radar Worrell bound tortured and killed because he could Revealed for the first time is the full account of the victims the serial killers and the lead detective a relentless investigator who broke the silence of the surviving murderer the only person who knew the full truth But was Miller's truth the whole truth and nothing but the truth **To Kill a Text** Ilinca Sarifopol-Johnston, 1995 Ilinca Zarifopol Johnston's book traces the covert manifestations of Hugo's romantic notion of the novel through later French and English realism arguing that the anachronistic traces of past literary periods are always at work defining the aims of the present no matter how radical a new departure it seems or tries to be Preface. Against Napoleon Tim Clayton, 2019-03-05 Between two assassination attempts in 1800 and 1804 on Napoleon Bonaparte the British government launched a propaganda campaign of unprecedented scope and intensity to persuade George III's reluctant subjects to fight the Napoleonic War a war to the death against one man the Corsican usurper and tyrant The Secret War Against Napoleon tells the story of the British government's determination to destroy the French Emperor by any means possible We have been taught to think of Napoleon as the aggressor a man with an unquenchable thirst for war and glory but what if this story masked the real truth that the British refusal to make peace either with revolutionary France or with the man who claimed to personify the revolution was the reason this epic conflict continued for more than twenty years At this pivotal moment when it wanted to consolidate its place as the premier world power Britain was uncompromising This dynamic historical narrative plunges the reader into the hidden underworld of Georgian politics where faced with the terrifying prospect of revolution the British government used bribery and coercion in an effort to kill the French leader

The Killing of Chief Crazy Horse Robert A. Clark, 2018-08 The Killing of Chief Crazy Horse is a story of envy greed and treachery In the year after the Battle of the Little Big Horn the great Oglala Sioux chief Crazy Horse and his half starved followers finally surrendered to the U S Army near Camp Robinson Nebraska Chiefs who had already surrendered resented the favors he received in doing so When the army asked for his help rounding up the the Nez Perc s Crazy Horse s reply was

allegedly mistranslated by Frank Grouard a scout for General George Crook By August rumors had spread that Crazy Horse was planning another uprising Tension continued to mount and Crazy Horse was arrested at Fort Robinson on September 5 During a scuffle Crazy Horse was fatally wounded by a bayonet in front of several witnesses Here the killing of Crazy Horse is viewed from three widely differing perspectives that of Chief He Dog the victim's friend and lifelong companion that of William Garnett the guide and interpreter for Lieutenant William P Clark on special assignment to General Crook and that of Valentine McGillycuddy the medical officer who attended Crazy Horse in his last hours Their eyewitness accounts edited and introduced by Robert A Clark combine to give *The Killing of Chief Crazy Horse* all the starkness and horror of classical tragedy *Beyond the Killing Fields* Usha Welaratna, 1994-10-01 In 1975 after years of civil war Cambodians welcomed the Khmer Rouge Once in power the regime closed Cambodia to the outside world Four years later when the Vietnamese invaded Cambodia and defeated the Khmer Rouge the world learned how the Khmer Rouge had turned the country into killing fields After the Vietnamese takeover thousands of Cambodians fled their homeland This book presents the Cambodian refugee experience through nine first person narratives of men women and children who survived the holocaust and have begun new lives in America *Homicide* Martin Daly, Margo Wilson, 2017-07-12 The human race spends a disproportionate amount of attention money and expertise in solving trying and reporting homicides as compared to other social problems The public avidly consumes accounts of real life homicide cases and murder fiction is more popular still Nevertheless we have only the most rudimentary scientific understanding of who is likely to kill whom and why Martin Daly and Margo Wilson apply contemporary evolutionary theory to analysis of human motives and perceptions of self interest considering where and why individual interests conflict using well documented murder cases This book attempts to understand normal social motives in murder as products of the process of evolution by natural selection They note that the implications for psychology are many and profound touching on such matters as parental affection and rejection sibling rivalry sex differences in interests and inclinations social comparison and achievement motives our sense of justice lifespan developmental changes in attitudes and the phenomenology of the self This is the first volume of its kind to analyze homicides in the light of a theory of interpersonal conflict Before this study no one had compared an observed distribution of victim killer relationships to expected distribution nor asked about the patterns of killer victim age disparities in familial killings This evolutionary psychological approach affords a deeper view and understanding of homicidal violence
