A Wee Guide to Prehistoric Scotland Ann MacSween, 1999 Scotland has many magnificent prehistoric sites to rival anywhere in Europe the splendid towering broch of Mousa the enigmatic standing stones at Callanish and Brodgar the eerie chambered tomb of Maeshowe and the sophisticated sand blown Neolithi

Prehistoric Scotland Robert Munro, 2015-06-05 Excerpt from Prehistoric Scotland And Its Place in European Civilization Being a General Introduction to the County Histories of Scotland The primary object of this book is to lay before the public a short account of the methods and means by which arch ologists are endeavouring to elucidate that obscure period in the history of Scotland vaguely defined as the prehistoric From the very beginning I foresaw that this would be a labour of some difficulty owing to the varied and comprehensive materials which had to be dealt with A preliminary coup d il of the subject disclosed a population occupying a small but well defined geographical area amidst diversified surroundings As soon however as the superficial crust was broken it became apparent that both people and environments were subject to progressive changes not always emanating from causes inherent to the restricted locality under review I had thus to look beyond the Scottish area and to trace these exotic elements to their proper sources About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

British and Irish Archaeology, 1994 *A Guide to the Stone Circles of Britain, Ireland and Brittany* Aubrey Burl, 2005-01-01 This practical and knowledgeable guidebook deals comprehensively with the stone circles of Britain and Ireland and with the cromlechs and megalithic horseshoes of Brittany This new edition includes a section on Druidical circles romantic creations of the late eighteenth and early nineteenth centuries This book is not only an elegant and practical guide it is also the best single volume study of this extraordinary phenomenon embracing 500 monuments from Shetland to Brittany Confident erudite pleasurable this volume can be recommended as travel guide archaeology literature and sheer good company Ian Sheperd British Archaeology This is a wonderful book and is a must for anyone remotely interested in things megalithic Paul Walsh Archaeology Ireland
