example hyperinflation and mass unemployment created an environment ripe for extremist ideologies The book employs a comparative analysis of case studies from Europe Asia and South America demonstrating both the shared characteristics and unique adaptations of fascism across different cultures It progresses from the pre conditions that fostered fascism to the core tenets of its ideology Furthermore it dissects the political strategies used by fascist leaders to seize power and delves into specific regimes like those in Italy Germany and Japan providing a comprehensive understanding of this complex historical phenomenon

A Level Psychology Through Diagrams Grahame Hill, 2001 DT These highly successful revision guides have been brought right up to date for the new A Level specifications introduced in September 2000 DT Oxford Revision Guides are highly effective for both individual revision and classroom summary work The unique visual format makes the key concepts and processes and the links between them easier to memorize DT Students will save valuable revision time by using these notes instead of condensing their own DT In fact many students are choosing to buy their own copies so that they can colour code or highlight them as they might do with their own revision notes

Be an Ally, not a Bystander Frances Akinde, 2024-08-30 What is an Ally What is Allyship Why should we teach it in primary schools Allyship is many things It is empathy community action positivity inclusion anti racism aspiration and more Allyship is learning about diversity and difference and making a conscious choice to support those who are marginalised This learning has always mattered in primary schools In this book educator Frances Akinde outlines what allyship is and why it matters more than ever in primary schools today Through practical guidance and support Frances empowers teachers to take positive action right now Her practical support includes lesson ideas learning activities and key resources Through allyship children can learn to be agents of positive change in their schools and communities This book enables teachers to bring this learning to the classroom

*Eliminating Racism* Phyllis A. Katz, Dalmas A. Taylor, 2013-06-29 The chapters presented here provide the reader with an awareness of the divergent views of what constitutes racism and frameworks for reducing it This book points out that the dialogue and research on this subject since the mid 1970s have yielded increased controversy over the theories foundation and continued existence of racism Ironically what we viewed in the 1954 Brown decision and the Civil Rights Act of 1964 as the beginning of the end of racism turned out to be the beginning of confusion over the course of action to ensure societal acceptance of political mandates Hence the title of this book captures the essence of the emotional core of any forum for examining racism past and present One of the most controversial forums has been that of education beginning with the US Supreme Court's 1954 ruling in Brown v Board of Education Behind every event that has spawned controversy is a profile in courage It was not a simple decision for the players in the scenario of the Brown v Board of Education case to step forward and present themselves as evidence of discrimination Black parents supported by black organizations viewed this legal action as a chance for equal opportunity Yet the 1950s were a time when black communities were pained by the thought that bigotry and institutional racism would forever stand in the way of their achieving equality
