## **Prelude To Ascension:**

**Prelude to Ascension** Brent Clay, 2018-07-12 John Riley is a physicist who achieves his lifelong dream of unraveling the mysteries of anti gravity but along the way also unwittingly discovers the secret of interstellar communication When he and a small group of coworkers attempt to respond to an unexpected message believing it to have originated from somewhere on earth they find more than they anticipate The message is from deep space Once contact is made the Remotes as they are called will not be dissuaded Humanity becomes an unwilling newcomer to a staggeringly ancient galactic collective which regards the earth as an emerging world that is subject to its oversight As humanity slips further into the grip of the enigmatic consortium the mysteries become deeper there is more to earth s history than meets the eye and even the galaxy itself is not what it seems     Manual for Planetary Leadership Joshua David Stone, 1998-08-28 Book IX of the multivolume series The Easy To Read Encyclopedia of the Spiritual Path Here at last is an indispensable book that has been urgently needed in these uncertain times The book lays out in an orderly and clear fashion the guidelines for leadership in the world and in ones own life All the areas of our society and personal life that need discipline and leadership are pointed out A firm foundation and guidance from a psychological and spiritual perspective are offered for change The ascended masters are called upon for their wisdom and sometimes opinions on the matters ranging from the political arena to science and religion This book serves as a reference manual for moral and spiritual living and also offers a vision of a world where strong love and the highest aspirations of humanity triumph     Path of the Mystic Ai Gvhdí Waya, 1997-05-01 Our best teachers are inside ourselves Ai Gvhdí Waya shares her own journey through Native American stories of her discovery and how you can access themany teachers too Learn how to trust your own knowing and follow your heart Walk the path of the mystic and understand how you can do that on a daily basis Being a mystic gives us the opportunity to transform from chrysalis into butterfly This gift is available to all of us     **Shining the Light VI** Robert Shapiro, 2000-04-01 THE END OF WHAT WAS The most significant events in Earth s history are happening NOW This is the final book in the Shining the Light series that exposes the malevolent controlling and manipulating actions of the Sinister Secret Government as they attempt to keep humans from accessing our soul and spiritual functions and ascending into the fourth dimension and beyond In future books mentors of humanity will continue to expose the SSG s nefarious dealings but they will give us step by step instructions in the ancient and lost arts of benevolent magic spiritual wizardry enabling us as creators in training to blend our hearts minds and souls to become creators of our own destiny and thwart the SSG s goals     **The Ancient Secret of the Flower of Life, Volume 2** Drunvalo Melchizedek, 2000 The sacred Flower of Life pattern the primary geometric generator of all physical form is explored in even more depth in this volume the second half of the famed Flower of Life workshop The proportions of the human body the nuances of human consciousness the sizes and distances of the stars planets and moons even the creations of humankind are all shown to reflect their origins in this beautiful and divine image Through an intricate and detailed

geometrical mapping Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third dimensional existence From the pyramids and mysteries of Egypt to the new race of Indigo children Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world We are led through a divinely inspired labyrinth of science and stories logic and coincidence on a path of remembering where we come from and the wonder and magic of who we are Finally for the first time in print Drunvalo shares the instructions for the Mer Ka Ba meditation step by step techniques for the re creation of the energy field of the evolved human which is the key to ascension and the next dimensional world if done from love this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension from protective powers to the healing of oneself of others and even of the planet Embrace the expanded vision and understanding that Drunvalo offers to the world Coincidences abound miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life

**Raising the Spiritual Light Quotient** David K. Miller,2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology the IQ test However the spiritual light quotient is not the same as intelligence Rather the SLQ reflects one s ability to understand spiritual concepts to meditate and to connect with other dimensions It also is a measurement of one s ability to understand the relationship between Earth and the environment of the Earth and Earth s relationship to the galaxy Finally it is a measurement of one s ability to understand the existence of other dimensions as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution Thus it appears necessary to look at the SLQ of a person the SLQ of an area and the SLQ of a planet All of the channeling I bring forth is based on the concept of the Sacred Triangle which is a new paradigm for spirituality This paradigm states that in order to heal Earth and bring everything into balance one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples including Native Americans
